Sai Satcharitra Chapter Baba s Return with Chand Patil s Marriage party Welcomed and Addressed as Sai Contact with Other Saints His Dress and Daily Routine The Story of the Padukas Wrestling Bout with Mohdin and Change in Life Turning Water into Oil The Pseudo Guru Javhar Ali Return

with Chand Patil's Marriage Party As hinted in the last Chapter I shall now describe first how Sai Baba returned to Shirdi after His disappearance There lived in the Aurangabad District Nizam State in a village called Dhoop a well to do Mahomedan gentleman by name Chand Patil While he was making a trip to Aurangabad he lost his mare For two long months he made a diligent search but could get no trace of the lost mare After being disappointed he returned from Aurangabad with the saddle on his back After travelling four Koss and a half he came on the way to a mango tree under the foot of which sat a RATNA queer fellow He had a cap on His head wore Kafni long robe and had a Satka short stick under His armpit and He was preparing to smoke a Chilim pipe On seeing Chand Patil pass by the way He called out to him and asked him to have a smoke and to rest a little The Fakir asked him about the saddle Chand Patil replied that it was of his mare which was lost The queer fellow or Fakir asked him to make a search in the Nala close by He went and the wonder of wonders He found out the mare He thought that this Fakir was not an ordinary man but an Avalia a great saint He returned to the Fakir with the mare The Chilim was ready for being smoked but two things were wanting fire to light the pipe and water to wet the chhapi piece of cloth through which smoke is drawn up The Fakir took His prong and thrust it forcibly into the ground and out came a live burning coal which He put on the pipe Then He dashed the Satka on the ground from whence water began to ooze The chhapi was wetted with that water was then wrung out and wrapped round the pipe Thus everything being complete the Fakir smoked the Chilim and then gave it also to Chand Patil On seeing all this Chand Patil was wonderstruck He requested the Fakir to come to his home and accept his hospitality Next day He went to the Patil's house and stayed there for some time The Patil was a village officer of Dhoop His wife's brother's son was to be married and the bride was from Shirdi So Patil made preparations to start for Shirdi for the marriage The Fakir also accompanied the marriage party The marriage went off without any hitch the party returned to Dhoop except the Fakir alone stayed in Shirdi and remained there forever How the Fakir Got the Name Sai When the marriage party came to Shirdi it alighted at the foot of a Banyan tree in Bhagat Mhalsapati's field near Khandoba's temple The carts were loosened in the open courtyard of

Khandoba's temple The carts were loosened in the open courtyard of Khandoba's temple and the members of the party descended one by one and the Fakir also got down Bhagat Mhalsapati saw the young Fakir getting down and accosted Him YA SAI Welcome Sai Others also addressed Him as Sai and thenceforth he became known as Sai Baba Contact with Other Saints Sai Baba began to stay in a deserted Masjid One Saint named Devidas was living in Shirdi many years before Baba came there Baba liked his company He stayed with him in the Maruti temple in the Chavadi and some time lived alone Then came another Saint by name Jankidas Baba spent most of His time in talking with him or Jankidas went to Baba's residence So also one Vaishya householder Saint from Puntambe by name Gangagir always frequented Shirdi When he first saw Sai Baba carrying pitchers of water in both hands for watering the garden he was amazed and said openly Blessed is Shirdi that it got this precious Jewel This man is carrying water today but He is not an ordinary fellow As this land Shirdi was lucky and meritorious it secured this Jewel So also one famous Saint by name Anandnath of Yewala Math a disciple of Akkalkot Maharaj came to Shirdi with some Shirdi people When he saw Sai Baba he said openly This is a precious Diamond in reality Though he looks like an ordinary man he is not a gar ordinary stone but a Diamond You will realize this in the near future Saying this he returned to Yewala This was said while Sai Baba was a youngster Baba's Dress and Daily Routine In his young days Sai Baba grew hair on His head never had His head shaved He dressed like an athlete When He went to Rahata miles from Shirdi He brought with Him small plants of Merry Gold Jai and Jui and after cleaning he planted and watered them A devotee by name Vaman Tatya supplied Him daily with two earthen pitchers With these Baba Himself used to water the plants He drew water from the well and carried the pitchers on His shoulders In the evening the pitchers were kept at the foot of the Neem tree As soon as they were placed there they were broken as they were made of raw earth and not baked Next day Tatya supplied two fresh pitchers This course went on for years and with Sai Baba's toil and labour there grew a flower garden On this site at present stands the big mansion Samadhi Mandir of Baba which is now frequented and used by so many devotees The Story of Padukas foot prints under the Neem Tree A

devotee of Akkalkot Maharaj by name Bhai Krishnaji Alibagkar worshipped the photo of Akkalkot Maharaj. He once thought of going to Akkalkot Sholapur District taking the darshana of the Padukas foot prints of the Maharaj and offering his sincere worship there but before he could go there he got a vision in his dream Akkalkot Maharaj appeared in the vision and said to him Now Shirdi is my resting place go there and offer your Worship. So Bhai changed his plan and came to Shirdi worshipped Baba stayed there for six months and was happy. As a reminiscence of this vision etc he prepared the Padukas and installed them on an auspicious day of Shravan Shaka A D under the Neem tree with due ceremonies and formalities conducted by Dada Kelkar and Upasani. One Dixit Brahmin was appointed for worship and the management was entrusted to devotee Sagun. Complete Version of this Story Mr B V Deo Retired Mamalatdar of Thana and a great devotee of Sai Baba made enquired about this matter with Sagun Meru Naik and Govind Kamlakar Dixit and has published a full version of the Padukas in Sai Leela Vol No page. It runs as follows In Shaka A D one Doctor Ramarao Kothare of Bombay came to Shirdi for Baba s darshana. His compounder and his friend Bhai Krishnaji Alibagkar accompanied him. The compounder and Bhai became intimate with Sagun Meru Naik and G K Dixit. While discussing things these persons thought that there must be some memorial of the fact of Sai Baba s first coming to Shirdi and sitting under the holy Neem tree. They thought of installing Baba s Padukas there and were going to make them of some rough stones. Then Bhai s friend the compounder suggested that if this matter be made known to his master Dr Ramarao Kothare who would prepare nice Padukas for this purpose. All liked the proposal and Dr Kothare was informed of it. He came to Shirdi and drew a plan of the Padukas. He went to Upasani Maharaj in Khandoba s temple and showed him his plan. The latter made many improvements drew lotuses flowers conch disc man etc and suggested that the following SHLOKA verse regarding Neem tree s great ness and Baba s Yogi powers be inscribed. The verse was as follows Sada Nimbarvrikshasya mooladhiwasat Sudhasravinam tiktamapi apriyam tam Tarum Kalpavrikshadhikam sadhayantam Namameeshwaram Sadgurum Sai Natham Upasani s suggestions were accepted and carried out. The Padukas were made in Bombay and sent to Shirdi.

with the compounder Baba said that they should be installed on the Pournima th of Shravan On that day at a m G K Dixit brought them on his head from Khandoba s temple to the Dwarkamai Masjid in procession Baba touched the Padukas saying that these are the feet of the Lord and asked the people to instal them under foot of the Neem tree A day before one Parsi devotee of Bombay named Pastha Shet sent Rs by money order Baba gave this sum for the installation of the Padhukas The total expense of installation came up to Rs out of which Rs were collected by subscriptions For the first years G K Dixit worshipped the Padukas daily and then Laxman Kacheshwar Jakhadi did this In the first five years Dr Kothare sent Rs per month for lighting and he also sent the railing round the Padukas The expense of bringing the railing from the station to Shirdi Rs presently Rs p and roofing was paid by Sagun Meru Naik Now Jakhadi Nana Pujari does the worship and Sagun Meru Naik offers the naivaidya and lights the evening lamps Bhai Krishnaji was orginally a devotee of Akkalkot Maharaj He had come to Shirdi at the installation of the Padukas in Shaka on his way to Akkalkot He wanted to go to Akkalkot after taking the darshana of Baba He asked Baba s permission for this Baba said Oh what is there in Akkalkot Why do you go there The incumbent Maharaj of that place is here Myself Hearing this Bhai did not go to Akkalkot He came to Shirdi off and on after the installation of the Padukas Mr B V Deo concluded that Hemadpant did not know these details Had be known them he would not have failed to depict them in his Sat charita Wrestling Bout with Mohdin Tamboli and Change in Life To return to other stories of Baba There was a wrestler in Shirdi by name Mohdin Tamboli Baba and he did not agree on some items and both had a fight In this Baba was defeated Thenceforth Baba changed His dress and mode of living He donned Kafni wore a Langot waist band and covered His head with a piece of cloth He took a piece of sackcloth for His seat sackcloth for His bed and was content with wearing torn and worn out rags He always said Poverty is better than Kingship far better than Lordship The Lord is always brother befriender of the poor Gangagir was also very fond of wrestling While he was once wrestling a similar feeling of dispassion came over him and at the proper time he heard the voice of an adept saying that he should wear out his body playing with God So he too gave up Samsara and turned

towards God realization He established a math on the banks of the river near Puntambe and lived there with disciples Sai Baba did not mix and speak with the people He only gave answers when he was questioned By day he always sat under the Neem tree sometimes under the shade of a branch of a Babul tree near the stream at the outskirts of the village In the afternoon He used to walk at random and go at times to Nimgaon There He frequented the house of Balasaheb Dengale Baba loved Mr Balasaheb His younger brother named Nanasaheb had no son though he married a second wife Balasaheb sent Nanasaheb for taking darshana of Sai Baba and after some time with His grace Nanasaheb got a son From that time onwards people began to come in numbers to see Sai Baba and His fame began to spread and reached Ahmednagar from thence Nanasaheb Chandorkar and Keshav Chidamber and many others began to come to Shirdi Baba was surrounded by His devotees during day and slept at night in an old and dilapidated Masjid Baba's paraphernalia at this time consisted of a Chilim tobacco a Tumrel tin pot long flowing Kafni a piece of cloth round His head and a Satka short stick which He always kept with Him The piece of white cloth on the head was twisted like matted hair and flowed down from the left ear on the back This was not washed for weeks He wore no shoes no sandals A piece of sack cloth was His seat for most of the day He wore a coupin waist cloth band and for warding off cold he always sat in front of a Dhuni sacred fire facing south with His left hand resting on the wooden railing In that Dhuni He offered as oblation egoism desires and all thoughts and always uttered Allah Malik God is the sole owner The Masjid in which He sat was only of two room dimensions where all devotees came and saw Him After A D there was a change The old Masjid was repaired and a pavement was constructed Before Baba came to live in this Masjid He lived for a long time in a place Takia where with GHUNGUR small bells on His legs Baba danced beautifully sang with tender love Turning Water into Oil Sai Baba was very fond of lights He used to borrow oil from shopkeepers and keep lamps burning the whole night in the Masjid and temple This went on for some time The Banias who supplied oil gratis once met together and decided not to give Him oil When as usual Baba went to ask for oil they all gave Him a distinct No Unperturbed Baba returned to the Masjid and kept the dry

wicks in the lamps The banias were watching Him with curiosity Baba took the Tumrel tin pot which contained very little a few drops of oil put water into it and drank it and forced it fall in the container After consecrating the tin pot in this way He again took water in the tin pot and filled all the lamps with it and lighted them To the surprise and dismay of the watching Banias the lamps began to burn and kept burning the whole night The Banias repented and apologized Baba forgave them and asked them to be more truthful in future The Pseudo Guru Javhar Ali Five years after the wrestling bout mentioned above one Fakir from Ahmednager by name Javhar Ali came to Rahata with his disciples and stayed in Bakhal spacious room near Virabhadra temple The Fakir was learned could repeat the whole Koran and had a sweet tongue Many religious and devout people of the village came to him and began to respect him With the help of the people he started to build an Idgah a wall before which Mahomedans pray on Idgah day near the Virabhadra temple There was some quarrel about this affair on account of which Javhar Ali had to leave Rahata Then he came to Shirdi and lived in the Masjid with Baba People were captured by his sweet talk and he began to call Baba his disciple Baba did not object and consented to be his Chela Then both Guru and Chela decided to return to Rahata and live there The Guru Teacher never knew his disciple s worth but the disciple knew the defects of the Guru still he never disrespected him observing carefully his duties He even served the Master in various ways They used to come to Shirdi off and on but their main stay was in Rahata The loving devotees of Baba in Shirdi did not like that Baba should stay away from them in Rahata So they went in a deputation to bring Baba back to Shirdi When they met Baba near the Idgah and told the purpose for which they came Baba said to them that the Fakir was an ill tempered fellow he would not leave him and that they should better return to Shirdi without him before the Fakir returned While they were thus talking the Fakir turned up and was very angry with them for trying to take away his disciple There was some discussion and altercation and it was finally decided that both the Guru and Chela should return to Shirdi And so they returned and lived in Shirdi But after a few days the Guru was tested by Devidas and he was found wanting Twelve years before Baba arrived in Shirdi with the marriage party this Devidas aged about or came to

Shirdi and lived in the Maruti temple Devidas had fine features and brilliant eyes and he was dispassion incarnate and a Jnani Many persons namely Tatya Kote Kashinath and others regarded him as their Guru They brought Javhar Ali in his presence and in the discussion that followed Javhar was worsted and fled from Shirdi He went and stayed in Bijapur and returned after many years to Shirdi and prostrated himself before Sai Baba The delusion that he was Guru and Sai Baba his Chela was cleared away and as he repented Sai Baba treated him with respect In this case Sai Baba showed by actual conduct how one should get rid of egoism and do the duties of a disciple to attain the highest end viz self realization This story is told here according to the version given by Mhalsapati a great devotee of Baba In the next Chapter will be described Rama Navami Festival the Masjid its former condition and later improvement etc Bow to Shri Sai Peace be to all

Sai Satcharitra Chapter In Quest of Guru and God Fasting Disapproved In this Chapter Hemadpant describes two things How Baba met His Guru in the woods and through him God and How Baba made one Mrs Ghokhale who had made up her mind to fast for three days eat Puran Polis Preliminary In the beginning Hemadpant describes the samsara visible world by the allegory of Ashvattha Banyan tree which has in the phraseology of the Geeta roots above and branches below Its branches are spread downwards and upwards and are nourished by the gunas qualities and its sprouts are the objects of the senses Its roots leading to actions are extended downwards to this world of men Its form cannot be known in this world nor its end its beginning nor its support Cutting this Ashvattha tree of strong roots with the sharp weapon of non attachment one should seek the path beyond treading which there is no return For traversing this path the help of a good guide Guru is absolutely necessary However learned a man may be or however deep his study of Vedas and Vedangas sacred literature may be he cannot go to his destination safely If the guide be there to help him and show him the right way he would avoid the pitfalls and the wild beasts on the journey and everything will be smooth sailing Baba s experience in this matter the story which He gave out Himself is really wonderful which when attended to will give you faith devotion and salvation The Quest Once four of us were studying religious scriptures and other books and being thus enlightened we began to discuss the nature of the Brahman One of us said that we should raise the self by the Self and not depend on others To this the second replied that he who controls his mind is blessed we should be free from thoughts and ideas and there is nothing in the world without us The third said that the world phenomenon is always changing the formless is eternal so we should discriminate between the Unreal and the Real And the fourth Baba Himself urged that bookish knowledge is worthless and added Let us do our prescribed duty and surrender our body mind and

five pranas life to the Guru's feet Guru is God all pervading To get this conviction strong unbounded faith is necessary Discussing in this wise we four learned men began to ramble through the woods in the quest of God The three wanted to make the quest with their free and unaided intellect On the way a Vanjari a man who trades in certain things such as grain etc by carrying them on bullock met us and asked us It is hot now where and how far are you going To search the woods we replied He enquired On what quest are you bound We gave him an ambiguous and evasive reply Seeing us rambling aimlessly he was moved and said Without knowing the woods fully you should not wander at random If you want to walk through forests and jungles you should take a guide with you Why do you exert yourselves unnecessarily at this sultry noon time You may not give out to me your secret quest still you can sit down eat bread drink water take rest and then go Be always patient at heart Though he spoke so tenderly we discarded his request and marched on We thought that we were self contained men and needed nobody's help The woods were vast and trackless the trees therein grew so close and tall that the sun's rays could not penetrate through them so we lost our way and wandered here and there for a long time Ultimately through sheer good luck we came back to the place from where we started The Vanjari met us again and said Relying on your own cleverness you missed your way a guide is always necessary to show us the right way in small or great matters and no quest can be successfully carried out on an empty stomach Unless God wills it no one meets us on the way Do not discard offers of food served dish should not be thrust away Offers of bread and food should be regarded as auspicious signs of success Saying this he again offered us food and asked us to be calm and patient Again we did not like this good hospitality and discarded his offer and went away Without doing any quest and without taking any food the three began to move out So obstinate were they I was hungry and thirsty and I was moved with the Vanjari's extraordinary love we thought ourselves very learned but were quite strangers to pity and kindness The Vanjari was a quite illiterate and unqualified fellow and belonged to a low caste Still he had love in his heart and asked us to eat the bread In this way he who loves others disinterestedly is really enlightened and I thought acceptance of his hospitality was the best beginning of getting knowledge So very

respectfully I accepted the loaf of bread offered ate it and drank water Then to The Guru at once came and stood before us What was the dispute about He asked and I told him everything that had happened Then he said Would you like to come with me I will show you what you want but he alone who believes in what I say will be successful The others did not agree to what he said and left him but I bowed to him reverently and accepted his dictum Then he took me to a well tied my feet with a rope and hung me head downwards and feet up from a tree near the well I was suspended three feet above the water which I could not reach with My hands nor which could go into my mouth Suspending me in this manner he went away no one knew where After or ghatakas or hours he returned and taking me out quickly asked me how I fared In Bliss supreme I was How can a fool like me describe the joy I experienced I replied On hearing my answer the Guru was much pleased with me drew me near him and stroking my body with his hand kept me with him He took care of me as tenderly as a mother bird does of her young ones He put me into his school how beautiful it was There I forgot my parents all my attachment was snapped and I was liberated easily I thought that I should embrace his neck and remain staring at him always If his image were not fixed in my pupils I would like better to be blind Such was the school No one who entered it once could return empty handed My Guru became my all in all my home and property mother and father everything All my senses left their places and concentrated themselves in my eyes and my sight was centred on him Thus was my Guru the sole object of my meditation and I was conscious of none else While meditating on him my mind and intellect were stunned and I had thus to keep quiet and bow to him in silence There are other schools where you see an altogether different spectacle The disciples go there to seek knowledge and spend their money time and labour but ultimately they have to repent The Guru there boasts of his secret knowledge and his straight forwardness He makes a show of his sacredness and holiness but he is not tender at heart He speaks a lot and sings his own glory but his own words do not touch the disciples hearts and they are not convinced So far as Self realization is concerned he has none How can such schools be of any use to the disciples and how can they be benefited The master Guru mentioned above was of different type By his grace realization flashed

upon me of itself without effort or study I had not to seek anything but everything became clear to me as broad day light The Guru alone knows how the topsy turvy Suspension with head down and feet up can give happiness Among the four one was a Karmatha Ritualistic who only knew how to observe and abstain from certain rites the second was a Jnani who was puffed up with pride of knowledge and the third was a Bhakta who surrendered himself completely to God believing that he was the sole Doer When they were discussing and arguing the question of God turned up and they depending on their unaided knowledge went in search of Him Sai who was Discrimination and Dispassion incarnate was one of the four Being Himself Brahman Incarnate some may ask Why did He mix with them and act foolishly He did this for attaining the good of the public and setting them an example to follow Though an incarnation Himself He respected a low Vanjari by accpeting his food with the firm belief that Food is Brahman and showed how those who rejected Vanjari s hospitable offer suffered and how it was impossible to get Jnana without a Guru The Shruti Taittiriya Upanishad exhorts us to honour and worship mother father and preceptor and to study learn and teach the sacred scriptures These are the means of purifying our minds and unless this purification is effected self realization is not possible Neither the senses nor the mind and intellect reach the Self Modes of proof such as Perception and Inference will not help us in the matter It is the grace of the Guru that counts The objects of our life such as Dharma Artha and Kama are attainable with our effort but the fourth object Moksha liberation can only be had with the help of the Guru In the Darbar of Shri Sai many personalities appear and play their part astrologers come and give out their predictions princes noblemen ordinary and poor men Sannyasis Yogis songsters and others come for darshan Even a mahar comes and making a Johar his salutation says this Sai is the Mai Baap True parents Who will do away with our rounds of births and deaths So many others such as Jugglers Gondhalis the blind and the lame Nath panthis dancers and other players come and are given suitable reception Biding his own time the Vanjari also appeared and played the part assigned to him Let us now revert to the other story Fasting and Mrs Gokhale Baba never fasted Himself nor did He allow others to do so The mind of the faster is never at ease then how could he attain his

Paramartha goal of life God is not attained on an empty stomach first the soul has to be appeased If there is no moisture of food in the stomach and nutrition with what eyes should we see God with what tongue should we describe His greatness and with what ears should we hear the same In short when all our organs get their proper nutrition and are sound we can practise devotion and other sadhanas to attain God Therefore neither fasting nor overeating is good Moderation in diet is really wholesome both to the body and mind One Mrs Gokhale came to Shirdi with an introductory letter from Mrs Kashibai Kanitkar a devotee of Baba to Dada Kelkar She came to Baba with a determination to sit at Baba s Feet observing a three days fast The day previous Baba said to Dada Kelkar that He would not allow his children to starve during the Shimga i e Holi holidays and that if they had to starve why was He there Next day when the woman went with Dada Kelkar and sat at Baba s Feet Baba at once said to her Where is the necessity of fasting Go to Dadabhat s house prepare the dish of Puran POLis wheat rotis with gram flour and jaggery feed his children and yourself too Shimga holidays were on Mrs Kelkar was then in her menses and there was nobody to cook in Dadabhat s house So Baba s advice was very timely Then Mrs Gokhale had to go to Dadabhat s house and prepare the dish as directed She cooked that day fed others and herself What a good story and how beautiful its import Baba s Sircar Baba gave a story of his boyhood as follows When I was a youngster I was in search of bread and went to Beedgaum There I got embroidery work I worked hard sparing no pains The employer was very much pleased with Me Three other boys worked before Me The first got Rs the second Rs and the third Rs And I was given twice the whole of this amount viz Rs After seeing my cleverness the employer loved me praised me and honoured me with a full dress a turban for the head and a shell a for the body etc I kept this dress intact without using it I thought that what a man might give does not last long and it is always imperfect But what My Sircar God gives lasts to the end of time No other gift from any man can be compared to His My Sircar says Take take but everybody comes to me and says Give give Nobody attends carefully to the meaning of what I say My Sircar s treasury spiritual wealth is full it is overflowing I say Dig out and take away this wealth in cartloads the blessed son of a true mother

should fill himself with this wealth The skill of my Fakir the Leela of my Bhagwan the aptitude of my Sircar is quite unique What about Me Body earth will mix with earth breath with air This time won't come again I go somewhere sit somewhere the hard Maya troubles Me much still I feel always anxiety for My men He who does anything spiritual endeavour will reap its fruit and he who remembers these words of Mine will get invaluable happiness Bow to Shri Sai Peace be to all

Montreal is the second largest city in Canada The pious th century French founders of this vibrant island metropolis might be a little surprised to have produced a place that revels so much in its reputation for joie de vivre but at least their edifices remain the spires of some of Canada s finest churches still rise above the skyline Montreal s location at the convergence of the St Lawrence and Ottawa rivers made it Canada s first great trading center It was founded in by a group of French Catholics as a Christian community and port Much of its economic power has now moved west to Toronto and what makes Montreal interesting today is a cultural rather than a geographical confluence About percent of its million residents are of French descent another percent have British origins and the rest represent nearly every major ethnic group Many speak three or more languages The communities form a kind of mosaic with the anglophones in the west the francophones in the east and other ethnic communities in pockets all over the island There is nothing rigid about these

divisions Anglophones eat and drink in the restaurants and bistros of the historic French district and francophones visit the traditionally English area The most interesting neighborhoods sprawl along the southern slopes of Mont Royal the m ft hill from which the city derives its name Vieux Montreal s network of narrow cobblestone streets huddles near the waterfront while the main shopping area is farther north along Rue Sainte Catherine It extends below the city s surface in the maze of tunnels that connect the Underground City the complex of homes stores and leisure venues that spreads out beneath the bustling city Other modern attractions include the Olympic Park stadium and the Musee d Art Contemporain built in the s to complement Montreal s fine historic museums

went to Shirdi as per his determination took Baba's darshan and prostrated himself before Him. Baba gave him such experiences that he became His devotee. He stayed there for four days and returned home with Baba's Udi and blessings. Within a fortnight he was transferred on promotion to Bijapur. His nephew's case gave him an opportunity for seeing Baba and this visit engendered in him a neverfailing love for the Saint's feet.

Dr Pillay

One Dr Pillay was an intimate Bhakta of Baba. He was much liked by Baba. Who always called him Bhau brother. Baba talked with him off and on and consulted him in all matters and wanted him always at His side. This Pillay suffered once very badly from guinea worms. He said to Kakasaheb Dixit: "The pain is most excruciating and unbearable. I prefer death to it. This pain I know is for repaying past Karma but go to Baba and tell Him to stop the pain and transfer the working of my past Karma to ten future births of mine." Mr Dixit went to Baba and told Him his request. Then Baba, being moved by his request, said to Dixit: "Tell him to be fearless. Why should he suffer for ten births? In ten days he can work out the sufferings and consequences of his past Karma. While I am here to give him temporal and spiritual welfare, why should he pray for death? Bring him here on somebody's back and let us work and finish his sufferings once for all." The doctor was brought in that condition and was seated on Baba's right side where Fakir Baba always sat. Baba gave him His bolster and said: "Lie calmly here and be at ease. The true remedy is that the result of past actions has to be suffered and got over. Our Karma is the cause of our happiness and sorrow; therefore put up with whatever comes to you. Allah/God is the sole Dispenser and Protector; always think of Him. He will take care of you. Surrender to His feet with body, mind, wealth and speech, i.e. completely and then see what He does." Dr Pillay said in return that Nanasaheb had put a bandage over the leg but he found no relief. Nana is a fool, replied Baba. "Take off that bandage or else you will die. Now a crow will come and peck you and then you will recover." While this conversation was going on, one Abdul who always cleaned the Masjid and trimmed the lamps, turned up. While he was attending to his work, his foot accidentally fell upon the stretched leg of Dr Pillay. The leg was already swollen and when Abdul's foot fell upon it and pressed it, all the seven guinea worms were squeezed out at once. The pain was unbearable and Dr Pillay bawled out loudly.

After some time he calmed down and began to sing and cry alternately Then Pillay enquired when the crow was coming and peeking Baba said Did you not see the crow He won t come again Abdul was the crow Now go and rest yourself in the Wada and you will be soon alright By application of the Udi and by taking it in the stomach with water and without taking any other treatment or medicine the disease was completely cured in ten days as predicted by Baba Sharma s Sister in law Shama s younger brother Bapaji was staying near Sawool well Once his wife was attacked with Bubonic plague She had high fever and two bubos in her groins Bapaji rushed to Shama at Shirdi and asked him to come and help Shama was frightened but according to his wont he went to Baba prostrated himself before Him invoked His aid and requested Him to cure the case He also asked His permission to go to his brother s house Then Baba said Don t go there at this late hour night send her Udi Why care for the fever and bubos God is our father and master she will be alright easily Do not go now but go there in the morning and return immediately Shama had full faith in Baba s Udi It was sent with Bapaji It was applied on the bubos and some of it was mixed with water and was given to the patient for drinking No sooner was it taken in than perspiration set in profusely the fever abated and the patient had a good sleep Next morning Bapaji was surprised to see his wife alright and refreshed with no fever and bubos When Shama went there next morning with Baba s permission he was also surprised to see her at the hearth and preparing tea On questioning his brother he learnt that Baba s Udi cured her completely in one night Then Shama realized the significance of Baba s words Go there in the morning and return immediately After taking tea Sharma returned and after saluting Baba said Deva what is this play of Yours You first raise a storm and make us restless and then calm it down and ease us Baba replied You see mysterious is the path of action Though I do nothing they hold Me responsible for the actions which take place on account of Adrista destiny I am only their witness The Lord is the sole Doer and Inspirer He is also most merciful Neither I am God nor Lord I am His obedient servant and remember Him often He who casts aside his egoism thanks Him and he who trusts Him entirely will have his shackles removed and will obtain liberation Irani s Daughter Now read the experience of an Irani gentleman

Sai Satcharitra Chapter E Wonderful Incarnation Behaviour of Sai Baba His Yoga Practices His All pervasiveness Leper Devotee s service Master Khaparde s Plague case Going to Pandharpur Wonderful Incarnation Sai Baba knew all Yogic Practices He was well versed in the six processes including Dhauti Stomach cleaning by a moistened piece of linen in breadth and in length Khandayoga i e separating His limbs and joining them again and Samadhi etc If you think that He was a Hindu He looked like a Yavan If you think Him to be a Yavan He looked like a pious Hindu No one definitely knew whether He was a Hindu or a Mahomedan He celebrated the Hindu festival of Rama Navami with all due formalities and at the same time permitted the Sandal procession of the Mahomedans He encouraged wrestling bouts in this festival and gave good prizes to winners When the Gokul Ashtami came He got the Gopal Kala ceremony duly performed and on Id festivals He

allowed Mahomedans to say their prayers Namaj in His Masjid Once in the Moharum festival some Mahomedans proposed to construct a Tajiya or Tabut in the Masjid keep it there for some days and afterwards take it in procession through the village Sai Baba allowed the keeping of the Tabut for four days and on the fifth day removed it out of the Masjid without the least compunction If we say that He was a Mahomedan His ears were pierced i e had holes according to Hindu fashion If you think that He was a Hindu He advocated the practice of circumcision though according to Mr Nanasaheb Chandorkar who observed Him closely He was not Himself circumcised Vide article in Sai Leela on Baba Hindu Ki Yavan by B V Deo page If you call Him Hindu He always lived in the Masjid if Mahomedan He had always the Dhuni sacred fire there and the following things which are contrary to Mahomedan religion i e grinding on the handmill blowing of the conch and bells oblation in the fire Bhajan giving of food and worship of Baba s Feet by means of ARGHYA water were always allowed there If you think that He was a Mahomedan the best of Brahmins and Agnihotris leaving aside their orthodox ways fell prostrate at His Feet Those who went to make enquiries about his nationality were dumb founded and were captured by his darshana So none could definitely decide whether Sai Baba was a Hindu or a Mahomedan see below this paragraph This is no wonder for he who completely surrenders himself to the Lord by getting rid of his egoism and body consciousness thus becomes one with Him and has nothing to do with any questions of caste or nationality Such a one as Sai Baba was saw no difference between caste and caste and even beings and beings He took meat and fish with Fakirs but did not grumble when dogs touched the dishes with their mouths Note Mhalsapati an intimate Shirdi devotee of Baba who always slept with Him in the Masjid and Chavadi said that Sai Baba told him that He was a Brahmin of Pathari and was handed over to a Fakir in his infancy and when He told this some men from Pathari had come and Baba was enquiring about some men from that place Vide sai Leela Page Mrs Kashibai Kanitkar the famous learned woman of Poona says in the experience No published on Page Sai Leela Vol On hearing of Baba s miracles we were discussing according to our theosophic convention and fashion whether Sai Baba belonged to Black or White Lodge When once I went to

Shirdi I was thinking seriously about this in my mind As soon as I approached the steps of the Masjid Baba came to the front and pointing to His chest and staring at me spoke rather vehemently This is a Brahmin pure Brahmin He has nothing to do with black things No Musalman can dare to step in here He dare not Again pointing to his chest This Brahmin can bring lacks of men on the white path and take them to their destination This is a Brahmin s Masjid and I won t allow any black Mahomedan to cast his shadow here Such a unique and wonderful incarnation was Sai Baba On account of the merits in my past birth I had the good fortune to sit at His Feet and enjoy His blessed company The joy and delight I derived therefrom was incomparable In fact Sai Baba was pure Anand and Consciousness I cannot sufficiently describe Him His greatness and uniqueness He who took delight at His Feet was established in His own self Many Sanyasis Sadhakas and all sorts of men aspiring for salvation came to Sai Baba He always walked talked and laughed with them and always uttered with His tongue Allah Malik God is the sole owner He never liked discussion or arguments He was always calm and controlled though irritable at times always preached full Vedanta and nobody knew till the last Who was Baba Princes and poor people were treated alike by Him He knew the inmost secrets of all and when He gave expression to them all were surprised He was the repository of all knowledge still He feigned ignorance He also disliked honour Such were the characteristics of Sai Baba Though He had a human body His deeds testified to HIS Godhood All people considered Him as the Lord God in Shirdi Behaviour of Sai Baba Fool that I am I cannot describe Baba s miracles He got almost all the temples in Shirdi repaired Through Tatya Patil the temples of Shani Ganapati Shankar Parvati Village Deity and Maruti were put in order His charity was also remarkable The money He used to collect as Dakshina was freely distributed Rs to some Rs or to others everyday The recipients thought that this was pure charity money and Baba wished that it should be usefully employed People were immensely benefited by having a darshana of Baba Some became hale and hearty wicked people were turned into good ones Kushtha Leprosy was cured in some cases many got their desires fulfilled without any drops or medicine being put in the eyes some blind men got back their sight and some lame ones got their legs Nobody could see the

end of His extraordinary greatness His fame spread far and wide and pilgrims from all sides flocked to Shirdi Baba sat always near the Dhuni and eased Himself there and always sat in meditation sometimes with and on other times without a bath He used to tie a white turban on his head and wear a clean Dhotar round his waist and a shirt on his body This was his dress in the beginning He started practicing medicine in the village examined patients and gave medicines He was always successful and He became famous as a Hakim Doctor A curious case may be narrated here One devotee got his eye balls quite red and swollen No Doctor was available in Shirdi The other devotees took him to Baba Other Doctors would use ointments Anjans cow s milk and camphorated drugs etc in such cases Baba s remedy was quite unique He pounded some BEEBA Some Carpus Ana Cardium i e marking nuts and made two balls of them thrust them on in each eye of the patient and wrapped a cloth bandage round them eyes Next day the bandage was removed and water was poured over them in a stream The inflammation subsided and the pupils became white and clear Though the eyes are very delicate the BEEBA caused no smarting but removed the disease of the eyes Many such cases were cured and this is only an instance in point Baba s Yoga Practices Baba knew all the processes and practices of Yoga Two of them will be described here DHAUTI or CLEANING PROCESS Baba went to the well near a Banyan tree at a considerable distance from the Masjid every third day and washed his mouth and had a bath On one occasion He was seen to vomit out his intestines clean them inside and outside and place them on a Jamb tree for drying There are persons in Shirdi who have actually seen this and who have testified to this fact Ordinary Dhauti is done by a moistened piece of linen inches broad ft long This piece is gulped down the throat and allowed to remain in the stomach for about half an hour for being reacted there and then taken out But Baba s Dhauti was quite unique and extraordinary KHANDA YOGA In this practice Baba extracted the various limbs from His body and left them separately at different places in the Masjid Once a gentleman went to the Masjid and saw the limbs of Baba lying separately at separate places He was much terrified and he first thought of running to the village officers and informing them of Baba being hacked to pieces and murdered He thought that he would be held responsible

as he was the first informant and knew something of the affair So he kept silent But next day when he went to the masjid he was very much surprised to see Baba hale and hearty and sound as before He thought that what he had seen the previous day was only a dream Baba practised Yoga since His infancy and nobody knew or guessed the proficiency He attained He charged no fees for His cures became renowned and famous by virtue of His merits gave health to many a poor and suffering person This famous Doctor of doctors cared not for His interests but always worked for the good and welfare of others Himself suffering unbearable and terrible pain many a time in the process One such instance I give below which will show the all pervasive and most merciful character of Sai Baba Baba s All pervasiveness and Mercy In the year A D Baba was sitting near the Dhuni on Divali holiday and warming Himself He was pushing fire wood into the Dhuni which was brightly burning A little later instead of pushing logs of woods Baba pushed His arm into the Dhuni the arm was scorched and burnt immediately This was noticed by the servant Madhava and also by Madhavrao Deshpande Shama They at once ran to Baba and Madhavarao clasped Baba by His waist from behind and dragged Him forcible back ward and asked Deva for what have You done this Then Baba came to His senses and replied The wife of a blacksmith at some distant place was working the bellows of a furnace her husband called her Forgetting that her child was on her waist she ran hastily and the child slipped into the furnace I immediately thrust My hand into the furnace and saved the child I do not mind My arm being burnt but I am glad that the life of the child is saved Leper Devotee s Service On hearing the news of Baba s hand being burnt from Shama Madhavrao Deshpande Mr Nanasaheb Chandorkar accompanied by the famous Doctor Parmanand of Bombay with his medical outfit consisting of ointments lint and bandage etc rushed to Shirdi and requested Baba to allow Dr Parmanand to examine the arm and dress the wound caused by the burn This was refused Ever since the burn the arm was dressed by the leper devotee Bhagoji Shinde His treatment consisted in massaging the burnt part with ghee and then placing a leaf over it and bandaging it tightly with Pattis bandages Mr Nanasaheb Chandorkar solicited Baba many a time to unfasten the Pattis and get the wound examined and dressed and treated by Dr Parmanand with the object that it

may be speedily healed Dr Parmanand himself made similar requests but Baba postponed saying that Allah was His Doctor and did not allow His arm to be examined Dr Paramanand's medicines were not exposed to the air of Shirdi as they remained intact but he had the good fortune of getting a darshana of Baba Bhagoji was allowed to treat the hand daily After some days the arm healed and all were happy Still we do not know whether any trace of pain was left or not Every morning Bhagoji went through his programme of loosening the Pattis massaging the arm with ghee and tightly bandaging it again This went on till Sai Baba's Samadhi death Sai Baba a perfect Siddha as He was did not really want this treatment but out of love to His devotee He allowed the Upasana service of Bhagoji to go on uninterrupted all along When Baba started for Lendi Bhagoji held an umbrella over Him and accompanied Him Every morning when Baba sat near the post close to the Dhuni Bhagoji was present and started his service Bhagoji was a sinner in his past birth He was suffering from leprosy his fingers had shrunk his body was full of pus and smelling badly Though outwardly he seemed so unfortunate he was really very lucky and happy for he was the premier servant of Baba and got the benefit of His company Master Khaparde's Plague Case I shall now relate another instance of Baba's wonderful Leela Mrs Khaparde the wife of Mr Dadasaheb Khaparde of Amraoti was staying at Shirdi with her young son for some days One day the son got high fever which further developed into Bubonic plague The mother was frightened and felt most uneasy She thought of leaving the place for Amraoti and went near Baba in the evening when He was coming near the Wada now Samadhi Mandir in His evening rounds for asking His permission She informed Him in a trembling tone that her dear young son was down with plague Baba spoke kindly and softly to her saying that the sky is beset with clouds but they will melt and pass off and everything will be smooth and clear So saying He lifted up His Kafni up to the waist and showed to all present four fully developed bubos as big as eggs and added See how I have to suffer for My devotees their difficulties are Mine Seeing this unique and extraordinary deed Leela the people were convinced as to how the Saints suffer pains for their devotees The mind of the saints is softer than wax it is soft in and out as butter They love their devotees without any idea of gain and regard them as their true

relatives Going to Pandharpur and Staying There I shall now close this Chapter after relating a story illustrating how Sai Baba loved His devotees and anticipated their wishes and movements Mr Nanasaheb Chandorkar who was a great devotee of Baba was Mamlatdar at Nandurbar in Khandesh He got an order of transfer to Pandharpur His devotion to Sai Baba bore fruit as he got an order to go and stay at Pandharpur which is regarded as the BHUVAIKUNTHA Heaven on earth Nanasaheb had to take immediate charge so he left immediately for the place without even writing or informing anybody at Shirdi He wanted to give a surprise visit to Shirdi his Pandharpur see and salute his Vithoba Baba and then proceed Nobody dreamt of Nanasaheb s departure for Shirdi but Sai Baba knew all about this as His eyes were everywhere omniscient As soon as Nanasaheb approached Neemgaon a few miles from Shirdi there was stir in the Masjid at Shirdi Baba was sitting and talking with Mhalsapati Appa Shinde and Kashiram when He at once said Let us all four do some Bhajan the doors of Pandhari are open let us merrily sing Then they began to sing in chorus the burden of the song being I have to go to Pandharpur and I have to stay on there for it is the house of my Lord Baba sang and the devotees followed Him In a short time Nanasaheb came there with his family prostrated before Baba and requested Him to accompany them to Pandharpur and stay with them there This solicitation was not necessary as the devotees told Nanasaheb that Baba was already in the mood of going to Pandharpur and staying there Hearing this Nanasaheb was moved and fell at Baba s Feet Then getting Baba s permission Udi sacred ashes and Blessings Nanasaheb left for Pandharpur There is no end to Baba s stories but let me now make a halt here reserving for the next Chapter other topics such as importance of human life Baba s living on alms Bayajabai s service and other stories Bow it Shri Sai Peace be to all

Exploring Poland Located between Russia and Germany Poland has always been a fiercely contested land Released from the eastern bloc in the country is now developing rapidly especially in the cities of Warsaw Cracow Gdansk and Wroclaw Monuments attest to a stormy history but Poland is famed for its virtues especially the generosity of its people and the excellence of its vodka Although situated on the plains of central Europe Poland has an extremely varied landscape Alpine scenery predominates in the Tatra Mountains to the south while the north is dominated by lakes Mountain lovers can make use of the well developed infrastructure of hostels and shelters such as those found in the Tatras The countless lakes of Warmia and Mazuria collectively known as the Land of a Thousand Lakes are a haven for water sports enthusiasts Poland s inhabitants who number almost million all but constitute a single ethnic group with minorities accounting for less than percent of the population The largest minorities are Belorussians and Ukrainians who inhabit the east of the country and Germans who are concentrated mainly around the city of Opole in Silesia The majority of Poles are Catholic but large regions of the country such as Cieszyn Silesia have a substantial Protestant population In the east there are also many Orthodox Christians Religious denomination does not necessarily coincide with ethnic identity although Belorussians tend to be Orthodox while Ukrainians belong to the Greek Catholic Uniate Church HISTORY Poland s borders have changed continually with the course of history The origins of the Polish nation go back to the th century when Slav tribes living in the area of Gniezno united under the Piast dynasty which ruled Poland until Mieszko I converted to Christianity in thus bringing his kingdom into Christian Europe and made Poznan the seat of Poland s first bishop The Piast dynasty ruled Poland with variable fortune and embroiled the nation in domestic quarrels for years After this dynasty died out the great Lithuanian prince Jagiello took the Polish throne and founded a new dynasty The treaty with

Lithuania signed in initiated the long process of consolidation between these nations culminating in with the signing of the Union of Lublin Nevertheless the so called Republic of Two Nations Rzeczpospolita Obojga Naroda lasted until In the Jagiellonian dynasty died out after which the Polish authorities introduced elective kings with the nobility having the right to vote The th century was dominated by wars with Sweden Russia and the Ottoman Empire and although the country survived it was considerably weakened and its time of dominance was over In it was partitioned by Russia Prussia and Austria and was wiped off the map for more than years Attempts to wrest independence by insurrection were unsuccessful and Poland did not regain its sovereignty until The arduous process of rebuilding and uniting the nation was still incomplete when at the outbreak of World War II a six year period of German and Soviet occupation began The price that Poland paid was very high millions were murdered including virtually its entire Jewish population The country suffered devastation and there were huge territorial losses which were only partly compensated by the Allies decision to move the border westwards After the war Poland was subjugated by the Soviet Union but the socialist economy proved ineffective The formation of Solidarity Solidarno in accelerated the pace of change which was completed when Poland regained its freedom after the June elections In Poland became a member of NATO and in it joined the European Union

Sai Satcharitra Chapter Importance of Human Birth Sai Baba Begging Food Bayajabai s Service Sai Baba s Dormitory His Affection for Khushalchand As hinted in the last Chapter Hemadpant now explains at length in his preliminary remarks on the importance of human birth and then proceeds to relate how Sai Baba begged His food how Bayajabai served Him how He slept in the Masjid with Tatya Kote Patil and Mhalsapati and how He loved Khushalchand of Rahata Importance of Human Birth In this wonderful universe God has created billions lacs according to Hindusastra calculation of creatures or beings including Gods demigods insects beasts and men inhabiting heaven hell earth ocean sky and other intermediate regions Of these those creatures or souls whose merits preponderate go to heaven and live there till they enjoy the fruits of their actions and when this is

done they are cast down while those souls whose sins or demerits preponderate go down to hell and suffer the consequences of their misdeeds for so long a time as they deserve When their merits and demerits balance each other they are born on earth as human beings and are given a chance to work out their salvation Ultimately when their merits and demerits both drop down are got rid of completely they get their deliverance and become free To put the matter in a nutshell souls get their births or transmigrations according to their deeds and intelligence development of their minds

Special Value of the Human Body

As we all know four things are common to all the creatures viz food sleep fear and sexual union In the case of man he is endowed with a special faculty viz knowledge with the help of which he can attain God vision which is impossible in any other birth It is for this reasons that Gods envy man s fortune and aspire to be born as men on earth so as to get their final deliverance Some say that there is nothing worse than the human body which is full of filth mucus phlegm and dirt and which is subject to decay disease and death This is no doubt true to a certain extent but inspite of these drawbacks and defects the special value of the human body is that man has got the capacity to acquire knowledge it is only due to the human knowledge that one can think of the perishable and transitory nature of the body itself and of the world and get a disgust for the sense enjoyments and can discriminate between the unreal and the real and thus attain God vision So if we reject or neglect the body because it is filthy we lose the chance of God vision and if we fondle it and run after sense enjoyments because it is precious we go to hell The proper course therefore for us to pursue is the following that the body should neither be neglected nor fondled but should be properly cared for just as a traveler on horse back takes care of his pony on the way till he reaches his destination and returns home Thus the body should ever be used or engaged to attain God vision or self realization which is the supreme end of life It is said that though God created various sorts of creatures he was not satisfied for none of them was able to know and appreciate His work So he had to create a special being Man and endow him with a special faculty viz Knowledge and when He saw that man was able to appreciate His Leela marvellous work and intelligence He was highly pleased and satisfied Vide Bhagawat So really it is good luck to get a human body better

luck to get birth in a Brahmin family and best one to get an opportunity of having recourse to Sai Baba's Feet and surrendering to Him Man's Endeavour Realizing how precious the human life is and knowing that Death is certain and may snatch us at any time we should be ever alert to achieve the object of our life we should not make the least delay but make every possible haste to gain our object just as a widower is most anxious to get himself married to a new bride or just as a king leaves no stone unturned to seek his lost son So with all earnestness and speed we should strive to attain our end i.e. self realization Casting aside sloth and laziness warding off drowsiness we should day and night meditate on the Self If we fail to do this we reduce ourselves to the level of beasts

How to Proceed The most effective and speedy way to gain our object is to approach a worthy Saint or Sage Sadguru who has himself attained God vision What cannot be achieved by hearing religious lectures and study of religious works is easily obtained in the company of such worthy souls Just as the sun alone gives light which all the stars put together cannot do so the Sad Guru alone imparts spiritual wisdom which all the sacred books and sermons cannot infuse His movements and simple talks give us silent advice The virtues of forgiveness calmness disinterestedness charity benevolence control of mind and body egolessness etc are observed by the disciples as they are being practiced in such pure and holy company This enlightens their minds and lifts them up spiritually Sai Baba was such a Sage or Sad Guru Though He acted as a Fakir mendicant He was always engrossed in the Self He always loved all beings in whom He saw God or Divinity By pleasures He was not elated He was not depressed by misfortunes A king and a pauper were the same to Him He whose glance would turn a beggar into a king used to beg His food from door to door in Shirdi and let us now see how He did it

Baba Begging Food Blessed are the people of Shirdi in front of whose houses Baba stood as a beggar and called out Oh Lassie give Me a piece of bread and spread out His hand to receive the same In one hand He carried a Tumrel tinpot and in the other a zoli or choupadari i.e. a rectangular piece of cloth He daily visited certain houses and went from door to door Liquid or semi liquid things such as soup vegetables milk or butter milk were received in the tinpot while cooked rice bread and such solid things were taken in the zoli Baba's

tongue knew no taste as He had acquired control over it So how could He care for the taste of the different things collected together whatever things He got in His zole and in the tinpot were mixed together and partaken by Baba to His heart s content Whether particular things were tasty or otherwise was never noticed by Baba as if His tongue was devoid of the sense of taste altogether Baba begged till noon but His begging was very irregular Some days He went a few rounds on other days up to twelve noon The food thus collected was thrown in a kundi i e earthen pot Dog cats and crows freely ate from it and Baba never drove them away The woman who swept the floor of the Masjid took some or pieces of bread to her house and nobody prevented her from doing so How could He who even in dreams never warded off cats and dogs by harsh words and signs refuse food to poor helpless people Blessed indeed is the life of such a noble person People in Shirdi took Him in the beginning for a mad Fakir He was known in the village by this name How could one who lived on alms by begging a few crumbs of bread be revered and respected But this Fakir was very liberal of heart and hand disinterested and charitable Tough He looked fickle and restless from outside He was firm and steady inside His way was inscrutable Still even in that small village there were a few kind and blessed people who recognized and regarded Him as a Great Soul One such instance is given below Bayajabai s Brilliant Service Tatya Kote s mother Bayajabai used to go to the woods every noon with a basket on her head containing bread and vegetables She roamed in the jungles koos about miles after koss trampling over bushes and shrubs in search of the mad Fakir and after hunting Him out fell at His feet The Fakir sat calm and motionless in meditation while she placed a leaf before Him spread the eatables bread vegetables etc thereon and fed Him forcibly Wonderful was her faith and service Every day she roamed at noon in the jungles and forced Baba to the partake of lunch Her service Upasana or Penance by whatever name we call it was never forgotten by Baba till his Maha Samadhi Remembering fully what service she rendered Baba benefited her son magnificently Both the son and the mother had great faith in the Fakir Who was their God Baba often said to them that Fakir Mendicacy was the real Lordship as it was everlasting and the so called Lordship riches was transient After some years Baba left off going into the woods began to live in

the village and take His food in the Masjid From that time Bayajabai s troubles of roaming in the jungles ended Dormitory of Trio Even blessed are the Saints in whose heart Lord Vasudeo dwells and fortunate indeed are the devotees who get the benefit of the company of such Saints Two such fortunate fellows Tatya Kote Patil and Bhagat Mhalsapati equally shared the company of Sai Baba Baba also loved them both equally These three persons slept in the Masjid with their heads towards the east west and north and with their feet touching one another at the centre Stretching their beds they lay on them chitchatting and gossiping about many things till late at midnight If any one of them showed any signs of sleep others would wake him up For instance if Tatya began to snore Baba at once got up and shook him from side to side and pressed his head If it was Mhalsapati He hugged him close stroked his legs and kneaded his back In this way for full years Tatya leaving his parents at home slept in the Masjid on account of his love for Baba How happy and never to be forgotten were those days How to measure that love and how to value the grace of Baba After the passing away of his father Tatya took charge of the household affairs and began to sleep at home Khushalehand of Rahata Baba loved Ganpat Kote Patil of Shirdi He equally loved Chandrabhanshet Marwadi of Rahata After the demise of the Shet Baba loved his nephew Khushalchand equally or even perhaps more and watched his welfare day and night Sometimes in a bullock cart at other times in a tanga with intimate friends Baba went to Rahata People of that village came out with band and music and received Baba at the Ves or gate of the village and prostrated before Him Then He was taken into the village with great pomp and ceremony Khushalchand took Baba to his house seated Him on a comfortable seat and gave Him a good lunch Then they talked freely and merrily for some time after which Baba returned to Shirdi giving delight and blessing to all Shirdi is midway between and equidistant from Rahata on one side south and Nimgaon on the other north Baba never went beyond these places during His life time He never saw any railway train nor travelled by it Still He knew exactly the timing of arrival and departure of all trains Devotees who acted according to Baba s instructions re their departure which were given by him at the time of taking His leave fared well while those who disregarded them suffered many a mishap and accident More about this

and other matters will be told in the next Chapter Bow to Shri Sai Peace to be all NOTE An incident given in the footnote at the end of this Chapter showing Baba s love for Khushalchand how He asked one afternoon Kakasaheb Dixit to go to Rahata and fetch Khushalchand to Him and at the same time appeared before Khushalchand in his noon nap dream asking him to come to Shirdi is not given here as it is described in the body of the book Sai Charita later on Chapter

and staying power to take it on. It is a strenuous mile trip that makes a loop around Mount Rainier and requires the hiker through lowland valleys and forests and up into alpine terrain. For the less ambitious, there are many trails available throughout the park. The Trail of Shadows is a quick minute loop offering a visit to a 19th century cabin replica and some schooling on Longmire's history, and the Green Lake Trail is a popular day hike for its centuries-old Douglas fir trees and the stunning Ranger Falls. For legendary views available nowhere else, Mount Rainier has a quantity of not-to-miss sites. To see what it looks like on top of the world, ride the Mt. Rainier Gondola up to the Summit House atop Crystal Mountain. The Summit House supplies delicious food and an amazing view of the Cascades, but it's the ride up that's the real attraction. During the summer season, the gondola glides over scenic mountain streams and a sea of wildflower meadows. In the northwestern corner of the park, the serene Carbon River forest is a peek into an actual inland temperate rainforest. One of the most beautiful sights in the park, however, are the famed wildflower meadows at Paradise that gave the area its name. There is so much to see and do at Mount Rainier, it's best to decide on one of the areas and focus on exploring it in depth. Indulge in finding out at Longmire, be pampered in Paradise camp in natural splendor, hike through Carbon and Mowich, and admire the alpine displays at dawn. This is one mountain that has something for everyone.

Sai Satcharitra Chapter The Passing Away In Baba s Presence of Sannyasi Vijayanand Balaram Mankar Noolkar Megha and The Tiger In this Chapter Hemadpant describes the passing away of certain persons and a tiger in Baba s presence Preliminary The last wish or thought that a man has at the hour of death determines his future course Shri Krishna has said in Gita VIII that he who remembers Me in his last moments comes verily to Me and he that meditates otherwise at that time goes to what he looks for We cannot be certain that we can entertain a particular good thought at our last moment for more often than not we are more likely to be frightened and terrified by many causes Hence constant practice is necessary for enabling us to fix our mind on any desired good thought at any or the last moment All Saints therefore recommended us to always remember God and chant His name always so that we may not be puzzled when the time for departure comes The devotees on their part surrender themselves completely to the Saints fully believing that the all

knowing Saints would guide and help them in their last moments A few such cases will be noted here Vijayanand A Madrasi Sannyasi named Vijayanand started on a pilgrimage to Manasa Sarovar En route hearing Baba s fame he halted at Shirdi There he met one Somadevaji Swami of Hardwar and enquired of him about the particulars of the Manasa Sarovar trip The Swami told him that the Sarovar was miles above the Gangotri and described to him the difficulties of the journey viz plenty of snow and the change of dialect every koss and the suspicious nature of the people of Bhutan who give a lot of trouble to the pilgrims on the way Hearing this the Sannyasi was dejected and cancelled the trip Then when he went to Baba and prostrated himself before Him Baba got enraged and said Drive out this useless Sannyasi his company is of no use The Sannyasi did not know Baba s nature He felt discomforted but sat there watching things that were going on It was the morning Darbar and the Masjid was overcrowded Baba was being worshipped in various ways Some were washing His Feet some taking the Tirth holy water from His toe and drinking it heartily and some touching their eyes with it some were applying sandal paste and some scents to His body And all were doing these things forgetting the distinction of caste and creed Though Baba got enraged with him he was filled with affection for Baba and he did not like to leave the place He stayed in Shirdi for two days when he got a letter from Madras stating that his mother was very ill He felt very dejected and wanted to be by his mother s side but he could not leave without Baba s permission So he saw Baba with the letter in hand and asked for His permission to return home The omniscient Baba knowing the future said to him If you so loved your mother why did you take Sannyasa Fondness or attachment ill becomes an ochre garb Go and sit quiet at your lodging wait with patience for a few days In the Wada there are many robbers bolt your doors be very vigilant the thieves will carry everything Wealth and prosperity are transient and the body is subject to decay and death Knowing this do your duty leaving all attachment to the things of this world and next He who does this and surrenders himself to the Feet of Hari Lord will get free from all troubles and attain bliss The Lord runs and helps him who remembers and meditates on Him with love and affection Your store of past merits is considerable so you have come here Now attend to what I say and realise the end of your

life Being desireless begin from tomorrow the study of Bhagwat Do three saptahas i e three reading during three weeks conscientiously The Lord will be pleased with you and destroy your sorrows your illusions will vanish and you will get peace Seeing that his end was approaching Baba prescribed that remedy and made him read Ramavijaya which pleases the God of death Next morning after bathing and other purifying rites he commenced to read Bhagwat in a secluded part in the Lendi garden He completed two readings and thereafter felt much exhausted He returned to the Wada and stayed in his lodging for two days and on the third day he breathed his last on Fakir Bade Baba s lap Baba asked the people to preserve the body for a day for a good reason The police afterwards came and on making proper enquiries gave permission for the disposal of the body It was buried in a proper place with due rites In this way Baba helped the Sannyasi and ensured him Sadgati salvation Balaram Mankar There was a house holder devotee of Baba by name Balaram Mankar When his wife passed away he got dejected and entrusting his household to his son left his home and came to Shirdi and lived with Baba Being pleased with his devotion Baba wanted to give a good turn to his life and He did this in this wise He gave him Rs and asked him to go and live in Macchindragad District Satara Mankar was first unwilling to go and stay away from Baba but Baba convinced him that he was giving the best course for him and asked him to practise meditation thrice a day on the Gad Believing in Baba s words Mankar came to the Gad He was much pleased with the lovely sight pure water healthy air and the surroundings of the place and began to practice assiduously the meditations as recommended by Baba After some days he got a revelation Generally Bhaktas get revelation in their Samadhi or trance states but in Mankar s case he got it when he came down to his ordinary consciousness from his trance Baba appeared to him in person Not only that Mankar saw Him but he also asked Him why he was sent there Baba replied In Shirdi many thoughts and ideas began to rise in your mind and I sent you here to rest your unsteady mind You thought that I was in Shirdi with a body composed of the five elements and three and a half cubits in length and not outside of it Now you see and determine for yourself whether the person you see here now is the same you saw at Shirdi It is for this reason that I sent you here Then after the

period was over Mankar left the Gada and proceeded to his native place Bandra He wanted to travel by rail from Poona to Dadar but when he went to the booking office to get a ticket he found it very much crowded He could not get his ticket soon when a villager with a langoti piece of cloth on his waist and kambali on his shoulder turned up and said Where are you going To Dadar replied Mankar Then he said Please take this Dadar ticket of mine as I have some urgent business here I have cancelled my Dadar trip Mankar was very glad to receive the ticket and was just taking out money from his pocket when the rustic disappeared in the crowd Mankar tried to find him out in the crowd but it was in vain He waited for him till the train left the station but found no trace of him This was the second revelation Mankar got in a strange form Then Mankar after visiting his home again returned to Shirdi and remained there at Baba's feet always following His biddings and advice In the end he was very fortunate to leave this world in the presence and with the blessings of Baba Tatyasaheb Noolkar Hemadpant gives no particulars regarding Tatyasaheb Noolkar except the bare mention of the fact that he saw his ghost in Shirdi A brief summary of his account that appeared in the Sai Leela magazine is given here Tatyasaheb was a Sub Judge at Pandharpur in when Nanasaheb Chandorkar was Mamlatdar there Both met often and exchanged talks Tatyasaheb did not believe in saints while Nanasaheb loved them Nanasaheb often told him the Leelas of Sai Baba and pressed him to go to Shirdi and see Baba He finally agreed to go to Shirdi on two conditions he must get a Brahmin cook and must get good Nagpur oranges for the presentation Both these conditions were providentially fulfilled A Brahmin came to Nanasaheb for service and he was sent to Tatyasaheb and a fruit parcel containing beautiful oranges was received by Tatyasaheb the consigner being not known As the conditions were fulfilled Tatyasaheb had to go to Shirdi At first Baba was much enraged with him But by and by Tatyasaheb got such experiences that he was convinced that Baba was God incarnate So he was enamoured of Baba and stayed there till his death As his end was approaching sacred literature was read out to him and at the last hour Baba's Pada tirth was brought and given to him for drinking Baba on hearing of his death said Oh Tatyasaheb went ahead of us he won't be reborn Megha The story of Megha has been already described in

Chapter When Megha died all the villagers followed the funeral procession Baba also accompanied them and showered flowers on Megha's body After the obsequies were performed tears flowed from Baba's eyes and like an ordinary mortal Baba showed Himself overcome with grief and sorrow Then covering the body with flowers and crying like a near relation Baba returned to the Masjid Many Saints have been seen giving Sadgati to men but Baba's greatness is unique Even a cruel animal like a tiger came to Baba's feet for being saved It is this story which will be narrated now

Tiger

Seven days before Baba passed away a wonderful incident occurred at Shirdi There came a country cart and stopped in front of the Masjid A tiger was on the cart fastened with iron chains with its fierce face turned to the rear It was suffering from some pain or agony Its keepers three Derveshis were taking it from place to place and making money by exhibiting it It was the means of their subsistence They tried all sorts of remedies to cure it from the malady it was suffering from but all was in vain Then they heard of Baba's fame and came to Him with the animal They got it down the chains in their hands and made it stand at the door It was naturally fierce besides disease ridden So it was restless The people began to look at it with fear and amazement The Derveshies went in told Baba everything about the animal and with His consent brought it before Him As it approached the steps it was taken aback on account of the lustre of Baba and hung its head down When both saw each other it got on the step and looked at Baba with affection Immediately it moved the tuft of its tail and dashed it thrice against the ground and then fell down senseless On seeing it dead the Derveshis were first much dejected and full of sorrow but on mature thought they came to their senses They considered that as the animal was diseased and nearing its end it was very meritorious on its part that it should meet its death at the feet and in the presence of Baba It was their debtor and when the debt was paid off it was free and met its end at Sai's Feet When any creatures bow down their heads at saints feet and meet death they are saved and unless they have got a good store of merit on their account How could they get such a happy end Bow to Shri Sai Peace be to all

Sai Satcharitra Chapter Sai Leelas Experience of Kaka Mahajani Dhumal Pleader Mrs Nimonkar Moolay Shastri A Doctor Now let us see in this Chapter how devotees were received and treated by Baba Saints Mission We have seen before that the purpose or object of Divine Incarnation is to protect the good and destroy the wicked But the mission of the Saints is quite different To them the good and the wicked are the same First they feel for the evil doers and set them on the right path They are like the Agasti to destroy the Bhava sagar the ocean of wordly existence or like the Sun to the darkness of ignorance The Lord God dwells in the Saints In fact they are not different from Him Our Sai is One of these Who incarnated for the welfare of the devotees Supreme in knowledge and surrounded with divine lustre He loved all beings equally He was unattached Foes and friends kings and paupers were the same to Him Hear His powers For the sake of devotees He spent His stock of merits and was ever alert to help them But the devotees could never approach Him unless He meant to receive them If their turn did not come Baba did not remember them and His Leelas could not reach their ears Then how could they think of seeing Him some men desired to see Sai Baba s but they did not get any opportunity of taking His darshan till His Mahasamadhi There are many such persons whose desire for Baba s darshan was not thus satisfied If these persons believing in Him listen to His Leelas their quest for milk darshan will be to a great extent satisfied by the butter milk Leelas If some persons went there by sheer luck and took Baba s darshan were they able to stay there longer No Nobody could go there of his own accord and nobody could stay there long even if he so wished They could stay there so long as Baba permitted them to stay and had to leave the place when asked to do so by Baba so everything depended of Baba s will Kala Mahajani Once Kaka Mahajani went to Shirdi from Bombay He wanted to stay there for one week and enjoy the Gokul Ashtami festival As soon as he took Baba s darshan Baba asked him When are you returning home He was rather surprised at this question but he had to give an answer He said that he would go home when Baba ordered him to do so Then Baba said Go to morrow Baba s word was law and had to be obeyed Kaka Mahajani therefore left Shirdi immediately When he went to his office in

Bombay he found that his employer was anxiously waiting for him His munim i e the manager suddenly fell ill hence Kaka s presence was absolutely necessary He had sent a letter to Kaka at Shirdi which was redirected to him at Bombay Bhausaheb Dhumal Now listen to an opposite story Once Bhausaheb Dhumal a pleader was going to Niphad for a case On the way he came to Shirdi took Baba s darshan and wanted to proceed to Niphad immediately But Baba did not permit him to do so He made him stay at Shirdi for a week or more In the meanwhile the magistrate at Niphad suffered intensely from pain in his abdomen and the case was adjourned Mr Dhumal was then allowed to go and attend to his case It went on for some months and was tried by four magistrates Ultimately Mr Dhumal won the case and his client was acquitted Mrs Nimonkar Mr Nanasaheb Nimonkar Watandar of Nomon and Honorary Magistrate was staying at Shirdi with his wife Mr and Mrs Nimonkar were spending most of their time in the Masjid with Baba and serving Him It so happened that their son fell ill at Belapur and the mother decided with Baba s consent to go to Belapur and see her son and other relatives and stay there for a few days but Mr Nanasaheb asked her to return the next day The lady was in a fix and did not know what to do but her God Sai came to her help While leaving Shirdi she went to Baba who was standing in front of Sathe s wada with Mr Nanasaheb and others and prostrated at His Feet and asked His permission to go Baba said to her Go go quickly be calm and unperturbed Stay comfortably at Belapur for four days See all your relatives and then return to Shirdi How opportune were Baba s words Mr Nanasaheb s proposal was overruled by Baba s decree Moolay Shastri of Nasik An orthodox Agnihotri Brahmin of Nasik by name moolay Shastri who had studied the six Shastras and was well versed in astrology and palmistry once came to Shirdi to see Mr Bapusaheb Booty the famous millionaire of Nagpur After seeing him he and others went to see Baba in the Masjid Baba bought various fruits and other things from vendors with His own money and distributed them to the persons present in the Masjid Baba used to press the mango on all sides so skilfully that when any person received it from Baba and sucked it he got all the pulp at once in his mouth and could throw away the stone and the skin forthwith Plantains were peeled off by Baba and the kernel was distributed to the devotees while the

skins were retained by Baba for Himself Moolay Shastri as a palmist wanted to examine Baba's hand or palm and requested Him to extend the same Baba ignored his request and gave four plantains to him Then they all returned to the Wada and Moolay Shastri bathed wore sacred clothes and started his routine duties viz Agnihotra etc Then Baba as usual started for Lendi and said Take some Geru i.e. a red miry substance to dye clothes in saffron colour we shall today don saffron coloured cloth None understood what Baba meant Then after some time when Baba returned and preparations for the noon Arati were being made Bapusaheb Jog asked Moolay Shastri whether he would accompany him for the Arti He replied that he would see Baba in the afternoon Very soon Baba sat on his seat was worshipped by the devotees and Arti commenced Then Baba said Get some Dakshina from the new Nasik Brahmin Booty himself went to get the Dakshina and when he gave Baba's message to Moolay Shastri he was sorely perplexed He thought in his mind thus I am a pure Agnihotri Brahmin why should I pay Dakshina Baba may be a great Saint I am not His dependent But as a great Saint like Sai Baba was asking for Dakshina through a millionaire like Booty he could not refuse So leaving his routine unfinished he forthwith started with Booty to the Masjid Thinking himself holy and sacred and the Masjid otherwise he remained at a distance and joining his hands threw flowers at Baba Then lo all of a sudden he saw no Baba on the seat but saw his late Guru Gholap Swami there He was wonder struck Could this be a dream No it was not as he was wide awake but though awake how could his late Guru Gholap be there He was speechless for some time He pinched himself and thought again but could not reconcile the fact of his late Guru Gholap being in the Masjid Ultimately leaving all doubt he went up fell at his Guru's feet and then getting up stood there with folded hands Other people sang Baba's Arati while Moolay Shastri chanted his Guru's name Then casting off all pride of caste and ideas about sacredness he fell flat at his Guru's feet and closed his eyes When he got up and opened his eyes he saw Baba asking for Dakshina Seeing Baba's blissful form and His inconceivable power Moolay Shastri forgot himself He was extremely pleased his eyes were full of tears of joy He again saluted Baba and gave the Dakshina He said that his doubt was removed and that he saw his own Guru On seeing his

wonderful Leela of Baba all the people including Moolay Shastri were much moved and they realized the meaning of Baba's words Bring Geru we shall don saffron coloured garment Such is the wonderful Leela of Baba A Doctor Once a Mamlatdar came to Shirdi with a doctor friend of his The Doctor said that his Deity was Rama and that he would not bow before a Mahomedan and so he was unwilling to go to Shirdi The Mamlatdar replied that nobody would press him to make a bow nor would ask him to do so So he should come and give the pleasure of his company Accordingly they came to Shirdi and went to the Masjid for Baba's darshan All were wonder struck to see the Doctor going ahead and saluting Baba They asked him how he forgot his resolve and bowed before a Mussalman Then the Doctor replied that he saw his beloved Deity Rama on the seat and he therefore prostrated himself before Him Then as he was saying this he saw Sai Baba there again Being dismayed he said Is this a dream How could He be a Mahomedan He is a great Yogasampanna full of Yoga Avatar Next day he made a vow and began to fast He absented himself from the Masjid resolving not to go there until Baba blessed him Three days passed and on the fourth day a close friend of his from Khandesh turned up and with him he went to the Masjid for Baba's darshan After the salutation Baba asked him whether anybody had gone to call him so that he had come Hearing this vital question the doctor was moved The same night he was blessed by Baba and he experienced the Bliss supreme in his sleep Then he left for his town where he experienced the same state of a fortnight Thus his devotion to Sai Baba increased manifold The moral of all the stories mentioned above specially that of Moolay Shastri is this that we should have firm faith in our Guru and nowhere else More Leelas of Sai Baba will be described in the next Chapter Bow to Shri Sai Peace be to all

Sai Satcharitra Chapter RAMA NAVAMI FESTIVAL AND MASJID REPAIRS Efficacy of the Touch of Guru's Hand Rama Navami Festival Its Origin Transformation etc Repairs to the Masjid Before describing Rama Navami Festival and Masjid Repairs the author makes some preliminary remarks about Sad Guru as follows.

Efficacy of the Touch of Guru's Hand Where Real or Sadguru is the helmsman he is sure to carry us safely and easily beyond the worldly ocean. The word Sadguru brings to mind Sai Baba. He appears to me as if standing before me and applying Udi Sacred ashes to my forehead and placing his hand of blessing on my head. Then joy fills my heart and love overflows through my eyes. Wonderful is the power of the touch of Guru's hand. The subtle body consisting of thoughts and desires which cannot be burnt by the world dissolving fire is destroyed by the mere touch of the Guru's hand and the sins of many past births are cleaned and washed away. Even the speech of those whose heads feel annoyed when they hear religious and Godly talks attains calmness. The seeing of Sai Baba's handsome form chokes our throat with joy, makes the eyes overflowing with tears and overwhelms the heart with emotions. It awakens in us I am He Brahman consciousness, manifests the joy of self realization and dissolving the distinction of Thou and I, then and there makes us one with the Supreme One Reality. When I begin to read scriptures at

every step I am reminded of my Sadguru and Sai Baba assumes the form of Rama or Krishna and makes me listen to his Life For instance when I sit to listen to Bhagwat Sai becomes Krishna from top to toe and I think he sings the Bhagwat or Uddhava Gita song of teachings by Lord Shri Krishna to His disciple Uddhava for the welfare of the devotees When I begin to chitchat I am at once put in mind of Sai s stories for enabling me to give suitable illustrations When I myself start to write anything I cannot compose a few words or sentences but when He of his own accord makes me write I go on writing and writing and there is no end to it When the disciple s egoism props up He presses it down with His hand and giving him His own power makes him gain His object and thus satisfies and blesses him If any one prostrates before Sai and surrenders heart and soul to Him then unsolicited all the chief objects of life viz Dharma righteousness Artha wealth Kama Desire and Moksha Deliverance are easily and unsolicitedly attained Four paths viz of Karma Jnana Yoga and Bhakti lead us separately to God Of these the path of Bhakti is thorny and full of pits and ditches and thus difficult to traverse but if you relying on your Sadguru avoid the pits and thorns and walk straight it will take you to the destination God So says definitely Sai Baba After philosophising about the Self Existent Brahman His Power Maya to create this world and the world created and stating that all these three are ultimately one and the same the author quotes Sai Baba s words guaranteeing the welfare of the Bhaktas There will never be any dearth or scarcity regarding food and clothes in any devotees homes It is my special characteristic that I always look to and provide for the welfare of those devotees who worship Me whole heartedly with their minds ever fixed on Me Lord Krishna has also said the same in the Gita Therefore strive not much for food and clothes If you want anything beg of the Lord leave worldly honours try to get Lord s grace and blessings and be honored in His Court Do not be deluded by worldly honor The form of the Deity should be firmly fixed in the mind Let all the senses and mind be ever devoted to the worship of the Lord let there be no attraction for any other thing fix the mind in remembering Me always so that it will not wander elsewhere towards body wealth and home Then it will be calm peaceful and carefree This is the sign of the mind being well engaged in good company If the mind is vagrant it cannot be called well

merged After quoting these words the author goes on to relate the story of Rama Navami festival in Shirdi As Rama Navami is the greatest festival celebrated at Shirdi another fuller account as published in Sai Leela Magazine of page is also referred to and a summary of the festival as related in both these accounts is attempted here Origin One Mr Gopalrao Gund was a Circle Inspector at Kopergaon He was a great devotee of Baba He had three wives but had no issue With Sai Baba s blessings a son was born to him In the joy that he felt regarding the event an idea of celebrating a fair or Urus occurred to him in the year and he placed it for consideration before other Shirdi devotees viz Tatya Patil Dada Kote Patil and Madhavrao Deshpande Shama They all approved of the idea and got Sai Baba s permission and blessings Then an application for getting the Collector s sanction for celebrating the urus was made but as the village Kulkarni reported against holding the fair the sanction was refused But as Sai Baba had blessed it they tried again and ultimately succeeded in getting the Collector s sanction The day for the Urus was fixed on the Rama Navami day after having consultation with Sai Baba It seems He had some end in view in this viz the Unification of the two fairs of festivals the Urus and the Rama Navami and the unification of the two communities the Hindus and the Mahomedans As future events showed this end or object was achieved Though the permission was obtained but other difficulties cropped up Shirdi was a village and there was scarcity of water There were two wells in the village the one in use dried up soon and the water from the second was brackish This brackish water was turned into sweet one by Sai Baba by throwing flowers into it The water of this well was insufficient so Tatya Patil had to arrange to get water from a well by fixing Moats leather sacks thereon at a considerable distance Then temporary shops had to be constructed and wrestling bouts arranged Gopalrao Gund had a friend by name Damu Anna Kasar of Ahmednagar He also was similarly unhappy in the matter of progeny though he married two wives Sai Baba too blessed him with sons and Mr Gund prevailed upon his friend to prepare and supply one simple flag for the procession of the fair he also succeeded in inducing Mr Nanasaheb Nimonkar to supply another embroidered flag Both these flags were taken in procession through the village and finally fixed at the two ends or corners of the Masjid which is called by Sai

Baba as Dwarkamai This is being done even now The Sandal Procession There was another procession which was started in this fair This idea of Sandal procession originated with one Mr Amir Shakkar Dalal a Mahomedan Bhakta from Korhla This procession is held in honour of great Muslim Saints Sandal i e Chandan paste and scrappings are put in the THALI flat dishes and these are carried with incense burning before them in procession to the accompaniment of band and music through the village and then after returning to the Masjid the contents of the dishes are thrown on the Nimbar nitche and walls of the Masjid with hands This work was managed by Mr Amir Shakkar for the first three years and then afterwards by his wife So on one day the two processions the Flags by the Hindus and that of Sandal by the Muslims went on side by side and are still going on without any hitch Arrangement This day was very dear and sacred to the devotees of Sai Baba Most of them turned out on the occasion and took a leading part in the management of the fair Tatya Kote Patil looked to all outward affairs while the internal management was entirely left to one Radha Krishna Mai a female devotee of Baba Her residence was full of guests on the occasion and she had to look to their needs and also to arrange for all the paraphernalia of the fair Another work which she willingly did was to wash out and clean and white wash the entire Masjid its walls and floor which were blackened and were full of soot on account of the ever burning Dhuni sacred fire of Sai Baba This work she did during the night when Sai Baba went to sleep every alternate day in the Chavadi She had to take out all the things including even the Dhuni and after thorough cleaning and whitewashing replace them as they were before Feeding the poor which was so dear to Sai Baba was also a great item in this fair For this purpose cooking on a grand scale and preparing various sweet dishes was done in Radha Krishna Mai s lodging and various rich and wealthy devotees took a leading part in this affair Transformation of Urus into Rama Navami Festival Things were going on in this way and the fair was gradually increasing in importance till A D when a change took place That year one devotee Mr Krishnarao Jageshwar Bhisma the author of the pamphlet Sai Sagunopasana came for the fair with Dadasaheb Khaparde of Amraoti and was staying on the previous day in the Dixit Wada While he was lying on the verandah and while Mr Laxmanrao alias

Kaka Mahajani was going down with Puja materials to the Masjid a new thought arose in his mind and he accosted the latter thus There is some providential arrangement in the fact that the Urus or fair is celebrated in Shirdi on the Rama Navami day this day is very dear to all the Hindus then why not begin the Rama Navami Festival the celebration of the birth of Shri Rama here on this day Kaka Mahajani liked the idea and it was arranged to get Baba s permission in this matter The main difficulty was how to secure a Haridas who would perform Kirtan and sing the glories of the Lord on the occasion But Bhishma solved the difficulty by saying that his Rama Akhyan composition on Rama s birth was ready and he would do the Kirtan himself while Kaka Mahajani should play on the harmonium It was also arranged to get the Sunthavada ginger powder mixed with sugar as Prasad prepared by Radha Krishna Mai So they immediately went to the Masjid to get Baba s permission Baba who knew all things and what was passing there asked Mahajani as to what was going on in the Wada Being rather perturbed Mahajani could not catch the purport of the question and remained silent Then Baba asked Bhishma what he had to say He explained the idea of celebrating Rama Navami festival and asked for Baba s permission and Baba gladly gave it All rejoiced and made preparations for the Jayanti festival Next day the Masjid was decorated with buntings etc a cradle was supplied by Radha Krishna Mai and placed in front of Baba s seat and the proceedings started Bhishma stood up for Kirtan and Mahajani played on the harmonium Sai Baba sent a man to call Mahajani He was hesitating to go doubting whether Baba would allow the festival to go on but when he went to Baba the latter asked him as to what was going on and why the cradle was placed there He answered that the Rama Navami festival had commenced and the cradle was put on for that purpose Then Baba took a garland from the Nimbar nitche and placed it round his neck and sent another garland for Bhishma Then commenced the Kirtan When it came to a close pound sounds of Victory to Rama went up and Gulal red powder was thrown up all round amidst band and music Everybody was overjoyed when suddenly roaring was heard The red powder thrown promiscuously all round went up somehow entered Baba s eyes Baba got wild and began to scold and abuse loudly People got frightened by this scene and took to their heels Those intimate devotees who

knew Baba well took these scoldings and outpourings of Baba as blessings in disguise They thought that when Rama was born it was proper for Baba to get wild and enraged to kill Ravana and his demons in the form of egoism and wicked thoughts etc Besides they knew that whenever a new thing was undertaken at Shirdi it was usual with Baba to get wild and angry and so they kept quiet Radha Krishna Mai was rather afraid and thought that Baba might break her cradle and she asked Mahajani to get the cradle back When he went to loosen and unfasten the cradle Baba went to him and asked him not to remove it Then after some time Baba became calm and that day s programme including Mahapuja and Arati was finished Later on Mr Mahajani asked Baba for permission to remove the cradle Baba refused the same saying that the festival was not yet finished Next day another Kirtan and Gopal Kala ceremony an earthen pot containing parched rice mixed with curds is hung only to be broken after the Kirtan and the contents distributed to all as was done by Lord Krishna amongst His cow herd friends were performed and then Baba allowed the cradle to be removed While the Rama Navami festival was thus going on the procession of the two flags by day and that of the Sandal by night went off with the usual pomp and show From this time onwards the Urus of Baba was transformed into the Rama Navami festival From next year the items in the programme of Rama Navami began to increase Radha Krishna Mai started a Nama Saptah singing the glory of God s name continuously day and night for seven days from st of Chaitra For this all devotees took part by turns and she also joined it sometimes early in the morning As Rama Navami Festival is celebrated in many places all over the country the difficulty of getting a Haridas was felt again But or days before the festival Mahajani met accidentally Balabuva Mali who was known as modern Tukaram and got him to do the Kirtan that year The next year another Balabuva Satarkar of Brihadsiddha Kavate District Satara could not act as a Haridas in his own town as plague was prevailing in his town and so he came to Shirdi With Baba s permission which was secured through Kakasaheb Dixit he did the Kirtan and was sufficiently recompensed for his labour The difficulty of getting a new Haridas every year was finally solved from by Sai Baba as He entrusted this function to Das Ganu Maharaj permanently and since that time he has been successfully and creditably

conducting that function uptill now Since this festival began to grow gradually year by year From the 10th to 15th of Chaitra Shirdi looked like a beehive of men Shops began to increase Celebrated wrestlers took part in wrestling bouts Feeding of the poor was done on a grander scale Hard work and sincere efforts of Radha Krishna Mai turned Shirdi into a Sansthan State Paraphernalia increased A beautiful horse a palanquin chariot and many silver things pots buckets pictures mirrors etc were presented Elephants were also sent for the procession Though all this paraphernalia increased enormously Sai Baba ignored all these things and maintained His simplicity as before It is to be noted that both the Hindus and Mahomedans have been working in unison in both the processions and during the entire festival there has been no hitch or quarrel between them at all so far First about people used to collect but that figure went up to 1000 in some years still there was no outbreak of any epidemic or any riots worth the name during so many past years Repairs to the Masjid Another important idea occurred to Gopal Gund Just as he started the Urs or fair he thought that he should put the Masjid in order So in order to carry out the repairs he collected stones and got them dressed But this work was not assigned to him This was reserved for Nanasaheb Chandorkar and the pavement work for Kakasaheb Dixit First Baba was unwilling to allow them to have these works done but with the intervention of Mahalsapati a local devotee of Baba His permission was secured When the pavement was completed in one night in the Masjid Baba took a small Gadi for His seat discarding the usual piece of sack cloth used till then In the Sabha Mandap court yard was also put in order with great labour and effort The open space in front of the Masjid was very small and inconvenient Kakasaheb Dixit wanted to extend it and put on it roofing At great expense he got iron posts and pillars and trusses and started the work At night all the devotees worked hard and fixed the posts but Baba when he returned from Chavadi next morning uprooted them all and threw them out Once it so happened that Baba got very excited caught a pole with one hand and began to shake and uproot it and with the other hand caught the neck of Tatya Patil He took by force Tatya s Pheta struck a match set it on fire and threw it in a pit At that time Baba s eyes flashed like burning embers None dared to look at Him All got terribly frightened Baba took out a rupee from his pocket

and threw it there as if it were an offering on an auspicious occasion Tatya also was much frightened None knew what was going to happen to Tatya and none dared to interfere Bhagoji Shinde the leper devotee of Baba made a little boldly advance but he was pushed out by Baba Madhavrao was also similarly treated he being pelted with brick pieces So all those who went to intercede were similarly dealt with But after some time Baba's anger cooled down He sent for a shopkeeper got from him an embroidered Pheta and Himself tied it on Tatya's head as if he was being given a special honour All the people were wonderstruck to see this strange behavior of Baba They were at a loss to know what enraged Baba so suddenly and what led Him to assault Tatya Patil and why His anger cooled down the next moment Baba was sometimes very calm and quiet and talked sweet things with love but soon after with or without any pretext got enraged Many such incidents may be related but I do not know which to choose and which to omit I therefore refer them as they occur to me In the next Chapter the question whether Baba was a Hindu or a Mahomedan will be taken up and His Yogic practices and powers and other matters will be dealt with Bow to Shri Sai Baba Peace be to all

born i e the Brahmins the Kshatriyas and the Vaishyas neglect their duties and when the Shudras try to usurp the rights of the higher classes when spiritual preceptors are not respected but humiliated when nobody cares for religious instructions when every body thinks himself very learned when people begin to partake of forbidden foods and intoxicating drinks when under the cloak of religion people indulge in malpractices when people belonging to different sects fight amongst themselves when Brahmins fail to do Sandhya adoration and the orthodox their religious practices when Yogis neglect their meditation when people begin to think that wealth progeny wife are their sole concern and thus turn away from the true path of salvation then do Saints appear and try to set matters right by their words and action They serve us as beacon lights and show us the right path and the right way for us to follow In this way many saints viz Nivritti Jnanadev Muktabai Namdev Gora Gonayi Ekanath Tukaram Narahari Narsi Bhai Sajan Kasai Sawata Ramdas and various others did appear at various times to show the right path to the people and so presently came Shri Sai Baba of Shirdi Shirdi A Holy Tirth The banks of the Godavari river in the Ahmednagar District are very fortunate for they gave birth and refuge to many a Saint prominent amongst them being Jnaneshwar Shirdi also falls in the Kopargaon Taluka of the Ahmednagar District After crossing the Godavari River at Kopargaon one gets the way to Shirdi When you go three Koss miles you come to Nimgaon from whence Shirdi is visible Shirdi is as famous and well known as other holy places like Gangapur Narsinhwadi Audumbar on the banks of Krishna River As the devotee Damaji flourished in and blessed Mangalvedha near Pandharpur as Samarth Ramdas at Sajjangad as Shri Narasimha Saraswati at Saraswatiwadi so Sainath flourished at Shirdi and blessed it Personality of Sai Baba It is on account of Sai Baba that Shirdi grew into importance Let us see what sort of a personage Sai Baba was He conquered this Samsar worldly existence which is very difficult and hard to cross Peace or mental calm was His ornament and He was the repository of wisdom He was the home of Vaishnava devotees most liberal like Karna amongst liberals the quint essence of all essences He had no love for perishable things and was always engrossed in self realization which was His sole concern He felt no pleasure in the things of this world or of the world beyond His Antarang heart was

as clear as a mirror and His speech always rained nectar The rich or poor people were the same to Him He did not know or care for honour or dishonour He was the Lord of all beings He spoke freely and mixed with all people saw the actings and dances of Nautchgirls and heard Gajjal songs Still He swerved not an inch from Samadhi mental equilibrium The name of Allah was always on His lips While the world awoke He slept and while the world slept He was vigilant His abdomen Inside was as calm as the deep sea His Ashram could not be determined nor His actions could be definitely determined and though He sat lived in one place He knew all the transactions of the world His Darbar was imposing He told daily hundreds of stories still He swerved not an inch from His vow of silence He always leaned against the wall in the Masjid or walked morning noon and evening towards Lendi Nala and Chavadi still He at all times abided in the Self Though a Siddha He acted like a Sadhaka He was meek humble and egoless and pleased all Such was Sai Baba and as Sai Baba s Feet treaded the soil of Shirdi it attained extraordinary importance As jnaneshwar elevated Alandi Ekanath did to Paithan so Sai Baba raised Shirdi Blessed are the grass leaves and stones of Shirdi for they could easily kiss the Holy Feet of Sai Baba and take their dust on their head Shirdi became to us devotees another Pandharpur Jagannath Dwarka Banaras Kashi and Rameshwar Badrikedar Nasik Tryambakeshwar Ujjain and Maha Kaleshwar or Mahabaleshwar Gokarn Contact of Sai Baba in Shirdi was like our Veda and Tantra it quieted our Samsara world consciousness and rendered self realization easy The darshana of shri Sai was our Yoga Sadhana and talk with Him removed our sins Shampooing His Legs was our bath in Triveni Prayag and drinking the holy water of His Feet destroyed our desires To us His commands were Vedas and accepting eating His Udi sacred ashes and Prasad was all purifying He was our Shri Krishna and Shri Rama who gave us solace and He was our Para Brahma Absolute Reality He was Himself beyond the Pair of dwandwas opposite never dejected nor elated He was always engrossed in His Self as Existence Knowledge and Bliss Shirdi was His centre but His field of action extended far wide to Punjab Calcutta North India Gujarat Dacca Now in Bangladesh and Konkan Thus the fame of Sai Baba spread far and wide and people from all parts came to take His darshana and be blessed By mere

darshan minds of people whether pure or impure would become at once quiet They got here the same sort of unparalleled joy that devotees get at Pandharpur by seeing Vithal Rakhumai This is not an exaggeration Consider what a devotee says in this respect Dictum of Goulibuva An old devotee by name Goulibuva aged about years was a Varkari of Pandhari He stayed months at Pandharpur and four months Ashadha to Kartik July November on the banks of the Ganges He had an ass with him for carrying his luggage and a disciple as his companion Every year he made his Vari or trip to Pandharpur and came to Shirdi to see Sai Baba Whom he loved most He used to stare at Baba and say This is Pandharinath Vithal incarnate the merciful Lord of the poor and helpless This Goulibuva was an old devotee of Vithoba and had made many a trip to Pandhari and he testified that Sai Baba was real Pandharinath Vithal Himself Appeared Sai Baba was very fond of remembering and singing God s name He always uttered Allah Malik God is Lord and in His presence made others sing God s name continuously day and night for days This is called Namasaptaha Once He asked Das Ganu Maharaj to do the Namasaptaha He replied that he would do it provided he was assured that Vithal would appear at the end of the th day Then Baba placing His hand on his breast assured him that certainly Vithal would appear but that the devotee must be earnest and devout The Dankapuri Takore of Takurnath the Pandhari of Vithal the Dwarka of Ranchhod Krishna is here Shirdi One need not go far out to see Dwarka Will Vithal come here from some outside place He is here Only when the devotee is bursting with love and devotion Vithal will manifest Himself here Shirdi After the Saptaha was over Vithal did manifest Himself in the following manner Kakasaheb Dixit was as usual sitting in meditation after the bath and he saw Vithal in a vision When he went at noon for Baba s darshana Baba asked him point blank Did Vithal Patil come Did you see Him He is a very truant fellow catch Him firmly otherwise he will escape if you be a little inattentive This happened in the morning and at noon there was another Vithal darshana One hawker from outside came there for selling or pictures of Vithoba This picture exactly tallied with the figure that appeared in Kakasaheb s vision On seeing this and remembering Baba s words Kakasaheb Dixit was much surprised and delighted He bought one picture of Vithoba and placed it in his shrine for worship Bhagwantrao

Kshirsagar's Story How fond was Baba for Vithal worship was illustrated in Bhagwantrao Kshirsagar's story The father of Bhagwantrao was a devotee of Vithoba and used to make Varis annual trips to Pandharpur He also had an image of Vithoba at home which he worshipped After his death the son stopped everything the Vari the worship and shraddha ceremony etc When Bhagwantrao came to Shirdi Baba on remembering his father at once said His father was my friend so I dragged him the son here He never offered naivaidya offering of food and so he starved Vithal and Me So I brought him here I shall remonstrate him now and set him to worship Das Ganu's Bath in Prayag The Hindus think that a bath in the holy Tirth of Prayag where the Ganga and Yamuna meet is very meritorious and thousands of pilgrims go there at periodical times to have the sacred bath there Once Das Ganu thought that he should go to Prayag for a bath and came to Baba to get His permission for doing so Baba replied to him It is not necessary to go so long Our Prayag is here believe me Then wonder of wonders When Das Ganu placed his head on Baba's Feet out came or flowed streams of Ganga Yamuna water from both the toes of Baba Seeing this miracle Das Ganu was overwhelmed with feelings of love and adoration and was full of tears Inwardly he felt inspired and his speech burst forth into a song in praise of Baba and His Leelas Immaculate Conception of Sai Baba and His First Advent in Shirdi Nobody knew the parents birth or birthplace of Sai Baba Many inquiries were made many questions were put to Baba and others regarding these items but no satisfactory answer or information has yet been obtained Practically we know nothing about these matters Namdev and Kabir were not born like ordinary mortals They were found as infants in mother of pearls Namdev being found on the bank Bhimrathi River by Gonayee and Kabir on the bank Bhagirathi River by Tamal Similar was the case with Sai Baba He first manifested Himself as a young lad of sixteen under a Neem tree in Shirdi for the sake of Bhaktas Even then He seemed to be full with the knowledge of Brahman He had no desire for worldly objects even in dream He kicked out Maya and Mukti deliverance was serving at His feet One old woman of Shirdi the mother of Nana Chopdar described Him thus This young lad fair smart and very handsome was first seen under the Neem tree seated in an Asan The people of the village were wonder struck to see such a

young lad practising hard penance not minding heat and cold By day he associated with none by night he was afraid of nobody People were wondering and asking whence this young chap had turned up His form and features were so beautiful that a mere look endeared Him to all He went to nobody's door always sat near the Neem tree Outwardly he looked very young but by His action he was really a Great Soul He was the embodiment of dispassion and was an enigma to all One day it so happened that God Khandoba possessed the body of some devotee and people began to ask Him Deva God you please enquire what blessed father's son is this lad and whence did He come God Khandoba asked them to bring a pickaxe and dig in a particular place When it was dug bricks were found underneath a flat stone When the stone was removed a corridor led to a cellar where cow mouth shaped structures wooden boards necklaces were seen Khandoba said This lad practiced penance here for years Then the people began to question the lad about this He put them off the scent by telling them that it was His Guru's place His holy Watan and requested them to guard it well The people then closed the corridor as before As Ashwattha and Audumbar trees are held sacred Baba regarded this Neem tree equally sacred and loved it most Mhalasapati and other Shirdi devotees regard this site as the resting place Samadhi Sthana of Baba's Guru and prostrate before it Three Wadas The site with the Neem tree and surrounding space was bought by Mr Hari Vinayak Sathe and on this site a big building styled Sathe's Wada was erected This Wada was the sole resting place for pilgrims who flocked there A Par platform was built round the neem tree and lofts with steps were constructed Under the steps there is a niche facing south and devotees sit on the Par platform facing north It is believed that he who burns incense there on Thursday and Friday evenings will by God's grace be happy This Wada was old and dilapidated and wanted repairs The Sansthan has made the necessary repairs additions and alterations now Then after some years another Wada Dixit's Wada was constructed Kakasaheb Dixit Solicitor of Bombay had gone to England He had injured his leg by an accident there The injury could not be got rid of by any means Nanasaheb Chandorkar advised him to try Sai Baba So he saw Sai Baba in A D and requested Him to cure rather the lameness of his mind than that of his leg He was so much pleased with the

darshana of Sai Baba that he decided to reside in Shirdi So he built a Wada for himself and other devotees The foundation of this building was laid on On this day two other important events took place Mr Dadasaheb Khaparde was given permission to return home and the night Arti in Chavadi was commenced The Wada was complete and was inhabited on the Rama Navami day in A D with due rites and formalities Then another Wada or palatial mansion was put up by the famous millionaire Mr Booty of Nagpur Lots of money was spent on this building but the entire amount was well utilized as Sai Baba s body is resting in this Wada which is now called the Samadhi Mandir The site of this Mandir had formerly a garden which was watered and looked after by Baba Three Wadas thus sprang up where there was none formerly Of these Sathe s Wada was most useful to all in the early days The story of the garden attended to by Sai Baba with the help of Vaman Tatya the temporary absence of Sai Baba from Shirdi and His coming again to Shirdi with the marriage party of Chand Patil the company of Devidas Jankidas and Gangagir Baba s wrestling match with Mohdin Tamboli residence in Masjid love of Mr Dengale and other devotees and other incidents will be described in the next Chapter Bow to Shri Sai Peace be to all

Although Adelaide values its past, yet it is very much a modern city. The balmy climate and excellent local food and wine have given rise to an abundance of street side restaurants and cafés. With its acclaimed arts based Adelaide Festival, the city also prides itself on being the artistic capital of Australia. Distinguished points of city are listed below.

Victoria Square Address: Flinders, Angas sts. Victoria Square lies at the geographic heart of the city. In its centre stands a fountain designed by sculptor John Dowie. In its theme is the three rivers from which Adelaide draws its water, the Torrens, the Murray and the Onkaparinga. Government buildings were erected around much of the square during colonial days and many of these buildings still stand as reminders of a bygone age. On the north side of Victoria Square stands the General Post Office, an impressive building with an ornate main hall and a clock tower. Opened in 1836, it was hailed by English novelist Anthony Trollope as the grandest edifice in the town. On the corner of Wakefield Street to the east of Victoria Square stands St Francis Xavier Catholic Cathedral. The original cathedral dedicated in 1846 was a simpler building and plans for expansion were hampered by the lack of rich Catholics in the state. The cathedral was only completed in 1869 when the spire was finally added. To the south of the square are Adelaide's legal centre and the Magistrates Court. The Supreme Court, built in the 1880s, has a Palladian facade. Adelaide

Sai Satcharitra Chapter Story of the Picture Stealing the Rags and Reading of Jnaneshwari As stated in the last chapter we continue here the story of the picture Nine years after the occurrence of the incident depicted in the last chapter Ali Mahomed saw Hemadpant and related to him the following story One day while wandering in the streets of Bombay he bought the picture from a street hawker then he framed and set it on a wall in his house at Bandra suburb of Bombay As he loved Baba he daily took darshana of it Three months before he gave the picture to Hemadpant he was suffering from an abscess or swelling on his leg for which an operation was performed and he was convalescing in the house of his brother in law Mr Noor Mahomed Peerbhoy in Bombay For three months his house in Bandra was closed and nobody was living there Only the pictures of the famous Baba Abdul Rahiman Moulanasaheb Mahomed Hussain Baba Sai Baba Tajudin and other saints living were there The wheel of time did not even spare these He was lying sick and suffering in Bombay Why should the pictures suffer there in Bandra It seems that they have also their ins and outs births and deaths All the pictures met their fate but how Sai Baba s picture escaped it nobody had been able to explain to me up till now It shows the all pervasiveness omnipresence of Sai and His inscrutable power He got a small picture of Saint Baba Abdul Rahiman from Mahomed Hussain Thariyatopan many years ago He gave it to his brother in law Noor Mahomed Peerbhoy and it was lying on his table for eight years Once the latter saw it took it to a photographer and got it enlarged to life size and distributed copies of the same amongst his relations and friends including Ali Mahomed who fixed it up in his Bandra house Noor Mahomed was a disciple of Saint Abdul Rahiman and when he went to present the picture to his Guru in an open darbar held by him the Guru got wild and ran to beat him and drove him out He felt very sorry and dejected He thought that he lost so much of his money and incurred his Guru s displeasure and anger As his Guru did not like image worship he took the enlarged picture with him to the Appollo Bunder and after hiring a boat went in it and drowned it in the sea He requested the friends and relations to return their copies and after getting them in all back had them thrown by a fisherman in the Bandra sea At this time Ali Mahomed was in his brother in law s house He was told by him that his suffering would come to an

end if he would soon drown the pictures of the saints in the sea Hearing this Ali Mahomed sent his Mehta Manager to his Bandra house and got all the pictures of the saints in his house thrown into the sea When Ali Mahomed returned home after two months he was surprised to find Baba s picture on the wall as before He did not understand how his Mehta took away all the pictures except this He immediately took it out and kept it in his cupboard fearing that if his brother in law saw it he would do away with it While he was thinking how it should be disposed of and who would keep it and guard it well Sai Baba Himself as it were suggested to him that he should see and consult Moulana Ismu Mujavar and abide by his opinion He saw the Moulana and told him everything After mature consideration they both decided that the picture should be presented to Annasaheb Hemadpant and that he would protect it well Then they both went to Hemadpant and presented the picture in the nick of time This story shows how Baba knew all the past present and future and how skillfully He pulled the wires and fulfilled desired of His devotees The following story shows that Baba liked very much those persons who took real interest in matters spiritual and that He removed all their difficulties and made them happy Stealing the Rags and Reading of Jnaneshwari Mr B V Deo who was Mamlatdar of Dahanu Thana District wished for a long time to read Jnaneshwari the well known Marathi commentary on the Bhagawad Gita by Jnaneshwar along with other scriptures He could read daily one chapter of the Bhagawad Gita and some portion of other books but when he took Jnaneshwari in hand some difficulties cropped up and he was precluded from reading it He took three months leave went to Shirdi and thence to his home at Pound for rest He could read there other books but when he opened Jnaneshwari some evil or stray thoughts came crowding in his mind and stopped him in the effort Try however he might he was not able to read even a few lines of the book with ease So he resolved in his mind that when Baba would create love for the book and would order him to read it he would begin and not till then Then in the month of February he went with his family to Shirdi There Jog asked him whether he daily read Jnaneshwari Deo said that he was desirous of reading it but he was not successful and that only when Baba would order him to read it he would commence Jog then advised him to take a copy of the book and present it to Baba and to start the

reading after it was consecrated and returned by Him Deo then replied that he did not want to resort to this device as Baba knows his heart Would He not know his desire and satisfy it by giving him a clear order to read Deo then saw Baba and offered one rupee as Dakshina Baba asked for Rs which he gave At night he saw one Balakram and enquired how he secured Baba s devotion and grace Balakram told him that he would communicate everything next day after arati When Deo went for darshana next day Baba asked for Rs which he gave willingly As the Masjid was crowded Deo went aside and sat in a corner Baba asked him to come close and sit with a calm mind which Deo did Then after the noon arati was over and after the men dispersed Deo saw again Balakram and asked him his previous history what Baba told him and how he was taught meditation Balakram was going to reply when Baba sent one Chandru a leper devotee to call Deo to Him When Deo went to Baba the latter asked him when and with whom and what he was talking He said that he talked with Balakram and heard from him His fame Then Baba asked again Rs as Dakshina which Deo gladly gave Then Baba took him inside and sitting near the post charged him saying You stole away My rags without My knowledge Deo denied all knowledge of the rags but Baba asked him to make a search He searched but found none Then Baba got angry and said There is nobody here you are the only thief so grey haired and old you came here for stealing After this Baba lost His temper got terribly wild gave all sorts of abuses and scoldings Deo remained silent and watching and thought that he might get a beating also After about an hour or so Baba asked him to go to the Wada He returned to the Wada and told Jog and Balakram all that had happened Then in the after noon Baba sent for all and Deo also and said that His words might have pained the old man Deo but as he committed the theft He could not but speak out Then Baba asked again for Rs Deo collected the amount paid it and prostrated himself before Him Then Baba said to him What are you doing Nothing replied Deo Then Baba Go on daily reading the Pothi Jnaneshwari go and sit in the Wada read something regularly every day and while reading explain the portion read to all with love and devotion I am sitting here ready to give you the whole gold embroidered Shella valuable cloth then why go to others to steal rags and why should you get into the habit of stealing Deo was much

pleased to hear the words of Baba for He asked him to start reading Pothi Jnaneshwari He thought that he got what he wanted and that he could read the book with ease thenceforth He again prostrated himself before Baba and said that he surrendered himself to Him and that he should be treated as a child and be helped in his reading He realized then what Baba meant by stealing the rags What he asked Balakram constituted the rags and Baba did not like his behaviour in this respect As He was ready to answer any question He did not like him to ask others and make unnecessary enquiries and therefore He harassed and scolded him Deo thought that He really did not harass and scold him but taught that He was ready to fulfill his desires and there was no use asking others in vain Deo took these scoldings as flowers and blessings and went home satisfied and contented The matter did not end here Baba did not stop with only issuing an order to read Within a year He went to Deo and enquired about his progress On 2nd April on Thursday morn Baba gave him a dream vision He sat on the upper floor and asked him whether he understood the Pothi No answered Deo Baba Then when are you going to understand Deo burst into tears and said Unless You shower Your grace the reading is mere worry and the understanding is still more difficult I say this definitely Baba While reading you make haste read it before Me in My presence Deo What shall I read Baba Read Adhyatma spiritualism Deo went to bring the book when he opened his eyes and was awakened We leave the readers to imagine what ineffable joy and bliss Deo felt after this vision Bow to Shri Sai Peace be to all

History of Gir National Park
The Conservation History of Gir National Park deals with the conservation of Asiatic lions whose population had dropped tremendously in the early 20th century. Gir National Park is a beautiful park dotted with deciduous forests interspersed with semi evergreen and evergreen flora, acacia scrub, jungle, grasslands and rocky hills along with an abundance of fauna. Sprawling over an area of 151 sq km, the park is one of the most charming National Parks in India. The conservation history of Gir National Park takes us back to the early 1900s. At that time the count of lions had dropped down to just through slaughter for trophy hunting. When the British viceroys brought this matter to the attention of the Nawab of Junagadh, he ensured the protection of the park. Lord Curzon especially requested the Nawab to conserve the lions. Thus the forest area of Gir and its lions were declared as protected by the Nawab. A ban was also imposed on the shooting of lions. The conservation history of Gir National Park also includes other factors that make conservation of the park essential. Gir is the largest compact tract of dry deciduous forest in the semi arid western part of India. It has the maximum number of carnivores and also has the largest population of marsh crocodiles in the country. The park provides shelter to all these forests and animals. **Sightseeing in Gir National Park**
Apart from Wildlife attractions and Safaris in Gir National Park, you can also enjoy the tribal village visit and historic town of Junagadh. A couple of tribes still reside inside the park co existing with the wild animals. A visit to these tribal villages is an interesting experience that introduces the visitors to the unique lifestyle and ways of living of the tribal people. **Uparkot Fort**: Famous for its virtual inaccessibility. **Chorwad beach**: A delightful resort on the sunny coast of Gujarat. **Ahmadpur Mandvi**:

Sai Satcharitra Chapter Sai as Sagun Brahman Dr Pandit s Worship Haji Sidik Falke Control over the Elements Let us now in this Chapter describe the manifested Sagun Brahman Sai How He was worshipped and how He controlled the elements Sai as Sagun Brahman There are two aspects of God or Brahman the Unmanifested Nirgun and the Manifested Sagun The Nirgun is formless while the Sagun is with form though both denote the same Brahman Some prefer to worship the former some the latter As stated in the Gita chapter XII the worship of the latter is easy and preferable As man has got a form body senses etc it is natural and easy for him to worship the God with form Our love and devotion do not develop unless we worship Sagun Brahman for a certain period of time

and as we advance it leads us to the worship meditation of Nirgun Brahman So let us start with Sagun worship Image altar fire light sun water Brahman are the seven objects of worship but Sadguru is better than all these Let us on this occasion bring to our mind the form of Sai Who was non attachment Incarnate and Who was a resting place for His whole hearted devotees Our faith in His words is the seat of Asan and our Sankalpa determination to start and finish the Puja is the abandonment of all our desires Some say that Sai was a Bhagwad bhakta devotee of the Lord others say He was a Maha Bhagwat a great devotee but to us He is God Incarnate He was extremely forgiving never irritable straight soft tolerant and content beyond comparison Though He looked embodied as having the form He was really dis embodied emotionless unattached and internally free The Ganges on its way to the sea cools and refreshes the creatures affected with heat gives life to the crops and trees and quenches the thirst of many Similarly Saints Souls like Sai while they live their own life give solace and comfort to all Lord Krishna has said that the Saint is My soul My living image I am He or He is My pure form Being This in describable Shakti or Power of God known as Pure Existence Knowledge and Bliss incarnated in the form of Sai in Shirdi The Shruti Taitiriya Upanishad describes Brahman as Bliss This we read or hear daily in the books but the devout people experienced this Brahman or Bliss in Shirdi Baba the support of all required no prop or support Asan from anybody He always used a piece of sack cloth for His seat which was covered with a small beautiful bed by His bhaktas and has a bolster placed by them as a rest to His back Baba respected the feelings of His devotees and allowed them to worship Him as they liked Some waved Chamara or fans before Him some played on musical instruments some washed His hands and Feet some others applied scent and chandan some gave betel nut with leaves and other things and some others offered naivedya Though He looked like living in Shirdi He was present everywhere This all pervasiveness of His way daily experienced by His devotees Our humble prostration to this all pervasive Sadguru Dr Pandit s Worship One Dr Pandit a friend of Tatyasaheb Noolkar once came to Shirdi for Baba s darshana After saluting Baba he stayed in the Masjid for some time Baba asked him to go to Dadabhat Kelkar He went to Dadabhat by whom he was well

received Then Dababhat left his house for Puja and Dr Pandit accompanied him Dadabhat worshipped Baba Nobody until then dared to apply sandal paste to Baba s forehead Only Mhalsapati used to apply it to His throat But this simple hearted devout Dr Pandit took Dabadhat s dish containing Puja materials and taking sandal paste out of it drew a Tripundra i e three horizontal lines on Baba s forehead To the surprise of all Baba kept silent without uttering a single word Then Dababhat that evening asked Baba How is it that though You object to the sandal paste being applied by others to Your forehead but You allowed Dr Pandit to do so now Baba replied that Dr Pandit believed Him to be the same as his Guru Raghunath Maharaja of Dhopeswar known as Kaka Puranik and he applied the paste to His forehead as he was doing to his Guru Hence He could not object On enquiry Dr Pandit told Dadabhat that he took Baba as his Guru Kaka Puranik and hence he marked the Tripundra on Baba s forehead as he did on his Guru s head Though Baba allowed the devotees to worship Him as they pleased still sometimes He acted in a strange way Sometimes He threw away the Puja dish and was wrath Incarnate then who could approach Him Sometimes He scolded the devotees at times He looked softer than wax a statue of peace and forgiveness Though He seemed to shake with anger and His red eyes rolled round and round still He was internally a stream of affection and motherly love Immediately He called out His devotees and said that He ever angry with His devotees that if mothers kicked their children and if the sea turned back the rivers He would neglect the devotees welfare that He the slave of His devotees always stood by them and responded to them whenever they called upon Him and that He always longed for their love Haji Sidik Falke There was no knowing when Baba would accept a devotee That depended on His sweet will Sidik Falke s story is to the point One Mahomedan gentleman by name Sidik Falke of Kalyan after making a pilgrimage to Mecca and Madina came to Shirdi He lived in a Chavadi facing north and sat in the open court yard of the Masjid For nine months Baba ignored him and did not allow him to step into the Masjid Falke felt much disconsolate and did not know what to do Somebody advised him not to be disappointed but to try to approach Baba through Shama Madhavarao Deshpande a close and intimate devotee of Baba He told him that as they approach

the God Shiva through his servant and devotee Nandi so Baba should be approached through Shama Falke liked the idea and implored Shama to intercede for him Shama agreed and on a convenient occasion spoke to Baba about him thus Baba why don t You allow the old Haji to step into the Masjid while so many persons freely come and go after taking Your darshan why not bless him once Baba replied Shama you are too young to understand things If the Fakir Allah does not allow what can I do Without His grace who will climb into the masjid Well go to him and ask him whether he will come to the narrow footpath near the Barvi well Shama went and returned with an affirmative answer Again Baba said to Shama Ask him whether he is willing to pay me the sum of Rs in four instalments Shama went and returned with the answer that he was willing to pay even lacs Again Baba said to Shama We are going to butcher a goat in the Masjid so ask him whether he would like to have mutton haunch or testicles of the goat Shama returned with the answer that the Haji would be happy to receive a small crumb from Baba s kolamba mudpot Hearing this Baba got excited and with His hands threw away the earthen jars and kolamba and straightway advanced to the Haji and lifting His Kafni up with His hands said Why do you brag and fancy yourself great and pose yourself as an old Haji Do you read Koran like this You are proud of your pilgrimage to Macca but you do not know Me Being thus scolded the Haji was confounded Baba then went back to the Masjid purchased a few baskets of mangoes and sent them to the Haji Then again Baba went to the Haji and taking out Rs from His pocket gave them to the Haji From that time Baba loved the Haji invited him for meals and the Haji thereafter came into the Masjid whenever he liked Baba gave him at times some rupees and thus the Haji was enlisted in Baba s Darbar Baba s Control over the Elements We shall close this Chapter after describing two incidents showing Baba s control over the elements Once at evening time there was a terrible storm at Shirdi The sky was overcast with thick black clouds The winds began to blow forcibly the clouds roared and the lighting began to flash and the rains began to descend in torrents In a short time the whole place was flooded with water All the creatures birds beasts and men got terribly frightened and they all flocked to the Masjid for shelter There are many local deities in Shirdi but none of them came to their help So they all prayed to

Baba their God Who was fond of their devotion to intercede and quell the storm Baba was much moved He came out and standing at the edge of the Masjid addressed the storm in a loud and thunderous voice Stop stop your fury and the calm In a few minutes the rains subsided the winds ceased to blow and the storm came to a stop Then the moon rose in the sky and the people then went back home well pleased On another occasion at noon the fire in the Dhuni began to burn brightly its flames were seen to be reaching the rafters above The people who were sitting in the Masjid did not know what to do They dared not to ask Baba to pour water or do anything to quench the flames But Baba soon came to realize what was happening He took up His Satka short stick and dashed it against a pillar in front saying Get down Be calm At each stroke of the Satka the flames began to lower and slow down and in a few minutes the Dhuni became calm and normal This is our Sai an Incarnation of God He will bless any man who will prostrate and surrender himself to Him He who will read the stories of this Chapter daily with faith and devotion will soon be free from all calamities not only this but always attached and devoted to Sai he will get very soon God vision all his desires will be fulfilled and being ultimately desireless he will attain the Supreme Amen Bow to Shri Sai Peace be to all

Sai Satcharitra Chapter And Preparation Samadhi Mandir Breaking of the Brick Hours Samadhi Jog
s Sannyas Baba s Nectar like Words Chapters and continue the story of Baba s Passing away and
therefore they are taken together Previous Preparation It is the general practice amongst the Hindus
that when a man is about to die some good religious scripture is read out to him with the object that
his mind should be withdrawn from worldly things and fixed in matters spiritual so that his future
progress should be natural and easy Everybody knows that when king Parikshiti was cursed by the
son of a Brahmin Rishi and was about to die after a week the great sage Shuka expounded to him
the famous Bahagwat Puran in that week This practice is followed even now and Gita Bhagawat
and other sacred books are read out to dying persons Baba being an incarnation of God needed no
such help but just to set an example to the people He followed this practice When He knew that He
was to pass away soon He ordered one Mr Vaze to read Ramavijaya to Him Mr Vaze read the book
once in the week Then Baba asked him to read the same again day and night and he finished the
second reading in three days Thus eleven days passed Then again he read for three days and was
exhausted So Baba let him go and kept Himself quiet He abided on His Self and was waiting for the
last moment Two or three days previous Baba had stopped His morning peregrinations and begging
rounds and sat in the Masjid He was conscious to the last and was advising the devotees not to lose
heart He let nobody know the exact time of His departure Kakasaheb Dixit and Shriman Booty were
dining daily with Him in the Masjid That day th October after arati He asked them to go to their
residence for dining Still a few viz Laxmibai Shinde Bhagoji Shinde Bayaji Laxman Bala Shimpi and
Nanasaheb Nimonkar remained there Shama was sitting down on the steps After giving Rs to
Laxmibai Shinde Baba said that He did not feel well there in the Masjid and that He should be taken
to the Dagadi stone Wada of Booty where He would be alright Saying these last words He leaned
on Bayaji s body and breathed His last Bhagoji noticed that His breathing had stopped and he
immediately told this to Nanasaheb Nimonkar who was sitting below Nanasaheb brought some

water and poured it in Baba's mouth. It came out. Then he cried out loudly, "Oh Deva, Baba seemed just to open His eyes and say 'Ah' in a low tone. But it soon became evident that Baba had left His body for good. The news of Baba's passing away spread like a wild fire in the village of Shirdi and all people, men, women, and children, ran to the Masjid and began to mourn this loss in various ways. Some cried out loudly, some wallowed on in the streets, and some fell down senseless. Tears ran down from the eyes of all, and every one was smitten with sorrow. Then the question arose: How to dispose of Baba's body? Some Mahomedans said that the body should be interred in an open space and a tomb built over it. Even Khushalchand and Amir Shakkar shared this opinion. But Ramachandra Patil, the village officer, said to the villagers with a firm and determined voice, "Your thought is not acceptable to us. Baba's body should be nowhere placed except in the Wada. Thus people were divided on this point, and discussion regarding this point went on for hours. On Wednesday morning, Baba appeared to Laxman Mama Joshi in his dream and, drawing him by His hand, said, "Get up soon. Bapusaheb thinks that I am dead and so he won't come; you do the worship." and the next morning arati. Laxman Mama was the village astrologer and was the maternal uncle of Shama. He was an orthodox Brahmin and daily first worshipped Baba in the morning and then all the village deities. He had full faith in Baba. After the vision, he came with all the pooja materials and, not minding the protests of the moulvis, did the Pooja and the Kakad arati with all due formalities and went away. Then at noon Bapusaheb Jog came with all others and went through the noon arati ceremony as usual. Paying due respect to Baba's words, the people decided to place His body in the Wada and started digging the central portion there. In the evening of Tuesday, the Sub-Inspector came from Rahata and others from other places turned up, and they all agreed to the proposal. Next morning Amirbhai came from Bombay and the Mamlatdar from Kopergaon. The people seemed divided in their opinion. Some insisted on interring His body in the open field. The Mamlatdar therefore took a general plebiscite and found that the proposal to use the Wada secured double the number of votes. He, however, wanted to refer the matter to the Collector, and Kakasaheb Dixit got himself ready to go to Ahmednagar. In the meanwhile, by Baba's inspiration, there was a change in

the opinion of the other people and all the people unanimously voted for the proposal On Wednesday evening Baba's body was taken in procession and brought to the Wada and was interred there with due formalities in the garbha i.e. the central portion reserved for Murlidhar In fact Baba became the Murlidhar and the Wada became a temple and a holy shrine where so many devotees went and are going now to find rest and peace All the obsequies of Baba were duly performed by Balasaheb Bhate and Upasani a great devotee of Baba Breaking of the Brick Some days before Baba's departure there occurred an ominous sign foreboding the event There was in the Masjid an old brick on which Baba rested His hand and sat At night time He leaned against it and had His asan This went on for many years One day during Baba's absence a boy who was sweeping the floor took it up in his hand and unfortunately it slipped from thence fell down broken into two pieces When Baba came to know about this He bemoaned its loss crying It is not the brick but My fate that has been broken into pieces It was My life long companion with it I always meditated on the Self it was as dear to Me as My life it has left Me to day Some may raise here a question Why should Baba express this sorrow for such an inanimate thing as a brick To this Hemadpant replies that saints incarnate in this world with the express mission of saving the poor helpless people and when they embody themselves and mix and act with the people they act like them i.e. outwardly laugh play and cry like all other people but inwardly they are wide awake to their duties and mission Hours Samadhi Thirty two years before this i.e. in A.D. Baba made an attempt to cross the border line On a Margashirsha Pournima Full moon day Baba suffered from a severe attack of asthma To get rid of it Baba decided to take His prana high up and go into samadhi He said to Bhagat Mhalasapti Protect My body for three days If I return it will be alright if I do not bury My body in that open land pointing to it and fix two flags there as a mark Saying this Baba fell down at about P.M. His breathing stopped as well as His pulse It seemed as if His prana left the body All the people including the villagers came there and wanted to hold an inquest and bury the body in the place pointed by Baba But Mhalasapati prevented this With Baba's body on his lap he sat full three days guarding it After three days passed Baba showed signs of life at A.M. His breathing

commenced the abdomen began to move His eyes opened and stretching His limbs Baba returned to consciousness life again From this and other accounts let the readers consider whether Sai Baba was the three and a half cubits body that He occupied for some years and that He left thereafter or He was the Self inside The body composed of the five elements is perishable and transient but the Self within is the thing Absolute Reality which is immortal and intransient The pure Being Consciousness or Brahma the Ruler and Controller of the senses and mind is the thing Sai This pervades all things in the universe and there is no space without it For fulfilling His mission He assumed the body and after it was fulfilled He threw away the body the finite aspect and assumed His infinite aspect Sai ever lives as also the previous Incarnation of God Datta Shri Narsimha Saraswati of Ganagapur His Passing away is only an outward aspect but really He pervades all animate and inanimate things and is their Inner Controller and Ruler This can be and is even now experienced by many who surrender themselves completely to Him and worship Him with whole hearted devotion Though it is not possible for us to see Baba s form now still if we go to Shirdi we shall find His beautiful life like portrait adorning the masjid This has been drawn by Shamrao Jaykar a famous artist and well known devotee of Baba To an imaginative and devout spectator this portrait can give even to day the satisfaction of taking Baba s darshana Though Baba has no body now He lives there and everywhere and will effect the welfare of the devotees even now as He was doing before when He was embodied Saints like Baba never die though they look like men they are in reality God Himself Bapusaheb Jog s Sannyas Hemadpant closes this chapter with the account of Jog s sannyas Sakharam Hari alias Bapusaheb Jog was the uncle of the famous Varkari Vishnubuva Jog of Poona After his retirement from Govt Service He was a Supervisor in the P W Department in A D he came and lived in Shirdi with his wife He had no issue Both husband and wife loved Baba and spent all their time in worshipping and serving Baba After Megha s death Bapusaheb daily did the arati ceremony in the Masjid and Chavadi till Baba s maha samadhi He was also entrusted with the work of reading and explaining Jnaneshwari and Ekanathi Bhagawat in Sathe s Wada to the audience After serving for many years Jog asked Baba I have served you so

long my mind is not yet calm and composed how is it that my contact with Saints has not improved me When will You bless me Hearing the Bhakta s prayer Baba replied In due time your bad actions their fruit or result will be destroyed your merits and demerits will be reduced to ashes and I shall consider you blessed when you will renounce all attachments conquer lust and palate and getting rid of all impediments serve God whole heartedly and resort to the begging bowl accept sannyas After some time Baba s words came true His wife predeceased him and as he had no other attachment he became free and accepted sannyas before his death and realized the goal of his life Baba s Nectar like words The kind and merciful Sai Baba said many a time the following sweet words in the Masjid He who loves Me most always sees Me The whole world is desolate to him without Me he tells no stories but Mine He ceaselessly meditates upon Me and always chants My name I feel indebted to him who surrenders himself completely to Me and ever remembers Me I shall repay his debt by giving him salvation self realization I am dependent on him who thinks and hungers after Me and who does not eat anything without first offering it to Me He who thus comes to Me becomes one with Me just as a river gets to the sea and becomes merged one with it So leaving out pride and egoism and with no trace of them you should surrender yourself to Me Who am seated in your heart Who is this ME Sai Baba expounded many a time Who this ME or I is He said You need not go far or anywhere in search of Me Barring your name and form there exists in you as well as in all beings a sense of Being or Consciousness of Existence That is Myself Knowing this you see Me inside yourself as well as in all beings If you practise this you will realize all pervasiveness and thus attain oneness with Me Hemadpant therefore makes a bow to the readers and requests them humbly and lovingly that they should love and respect all Gods saints and devotees Has not Baba often said He who carps and cavils at others pierces Me in the heart and injures Me but he that suffers and endures pleases Me most Baba thus pervades all beings and creatures and besets them on all sides He likes nothing but love to all beings Such nectar pure auspicious ambrosia always flowed from Baba s lips He therefore concludes Those who lovingly sing Baba s fame and those who hear the same with devotion both become one with Sai Bow to Shri Sai Peace be to all

A person can decide to take a spontaneous trip down the scenic push along Colombia River gorge at any time of the year. The experience reminds you of spring regardless of the weather. It is an eighty mile canyon joining the Colombia River Cascade Mountain Range and Pacific Ocean. There is a border between Oregon and WA that is protected by the authorities. If you live inside the WA area then make a stage of visiting the area. It is one of the most lovely places in the entire state. There are a number of ways that someone can get to this destination but it is much easier to stick to the stick toing route. Take the I and head towards Portland take the exit on and join the I. Take the exit and divert to Freeway east. When you get to Freeway you are able to see the picturesque scene as you push along following some time the Freeway splits into two lanes. If you are the one driving you need to keep your eyes on the road because it is slim and winding. The passengers are able to enjoy the entire journey without any restrictions. As you look across the river you should be able to see Oregon. There is so much beauty in the rock formations foliage and waterfalls. These attributes rival Columbia when it happens to beauty more down the path is Bonneville Dam. This area is known for generating hydropower and organizing annual Steelhead trout and salmon runs. There are fish ladders that you can use for viewing purposes. A person can take tours on the dam on their own or in groups. You will not be charged for visiting the viewing areas. It is possible to view the dam from both Oregon or WA. As you push more down the Freeway you will see the Brg of the Gods. The original Brg of the Gods was naturally created by a landslip that triggered a dam on the river. This Brg has because been replaced with steel one because it washed away with time. There is a lot of folklore about this attribute. The current Brg is used to join the states you have to pay a toll of one dollar to use it. The Freeway extends long following the Stevenson and Skamania Lodge. If you opt to continue with the push then you will see more scenic attributes as you push along. When you are driving back home it is much easier to use the four lane freeway. As you use the freeway you get to see the craggy mountains along WA s side. This route has more mileage to cowl but it takes an equal

sum of time to return to the dam A person is also able to view the Multnomah Falls as well If you have time then you can take the trail leading to the top of the falls and take photos from there This is the kind of push that someone can take over the weekend because there are a lot of stops along the way

Exploring Edinburgh Castle Rock in Edinburgh has been occupied since around BC in the Bronze Age which is no surprise given its strategic views over the Firth of Forth The Castle itself houses the city s oldest building St Margaret s Chapel dating from the th century A few years later Margaret s

son King David I founded Holyrood Abbey a mile to the east. The town that grew along the route between these buildings, the Royal Mile, became a popular residence of kings although not until the reign of James IV did Edinburgh gain the status of Scotland's capital. James built The Palace of Holyroodhouse as a royal residence in and made the city an administrative centre. Overcrowding made the Old Town a dirty and difficult place to live and threw rich and poor together. The construction of a Georgian New Town to the north in the late 18th century gave the wealthy an escape route but even today Edinburgh has a reputation for social extremes. It has major law courts, is second only to London as a financial centre in the British Isles and houses the new Scottish parliament. Bankers and lawyers form the city's establishment and the most ambitious architectural developments of recent years have been for financial sector companies. Yet outlying housing estates built in the years following World War II still have echoes of the Old Town poverty. Edinburgh is best known today for being a major tourist centre. There are wonderful museums and galleries to visit and the city enjoys a widely renowned nightlife. At the height of the International Festival in August it is estimated that the population actually doubles from 50,000 to 100,000.

Before being crowned, Shah Jahan was popular by the name Prince Khurram. Mumtaz Mahal was Shah Jahan's third wife who was earlier known by the name Arjumand Bano Begum. Mumtaz Mahal lost her life giving birth to Shah Jahan's 14th child. To build Taj Mahal, about 20,000 elephants were employed that transferred the construction material from one place to another. Taj Mahal is adorned with an assortment of precious and semi-precious stones. Depending upon what time of the day it is and whether or not it is a moonlit night, Taj Mahal appears to be of different colours. While roaming in Taj Mahal complex, you can see different verses of the Quran written everywhere. For the construction of Taj Mahal, the materials were brought from different cities and countries: Sri Lanka, Afghanistan, China, Tibet, Punjab, Rajasthan, Afghanistan, Sri Lanka, and Arabia. Legend has it that Shah Jahan wanted to construct another Taj Mahal using black marble but he could not do so owing to increasing wars with his sons.

Sai Satcharitra Chapter Sai Baba s Sanction and Promise Assignment of Work to Devotees Baba s Stories as Beacon Light His Motherly Love Rohilla s Story His sweet and Nectar like Words Sai Baba s Sanction and Promise As described in the previous chapter Sai Baba gave His complete assent to the writing of the Sat Charita and said I fully agree with you regarding the writing of Sat Charita You do your duty don t be afraid in the least steady your mind and have faith in My words If My Leelas are written the Avidya nescience will vanish and if they are attentively and devoutly listened to the consciousness of the worldly existence will abate and strong waves of devotion and love will rise up and if one dives deep into My Leelas he would get precious jewels of knowledge Hearing this author was much pleased and he at once became fearless and confident and thought that work was bound to be a success Then turning to Shama Madhavrao Deshpande Sai Baba said If a man utters My name with love I shall fulfill all his wishes increase his devotion And if he sings earnestly My life and My deeds him I shall beset in front and back and on all sides Those devotees who are attached to Me heart and soul will naturally feel happiness when they hear these stories Believe Me that if anybody sings My Leelas I will give him infinite joy and everlasting contentment It is My special characteristic to free any person who surrenders completely to Me and who does worship Me faithfully and who remembers Me and meditates on Me constantly How can they be conscious of worldly objects and sensations who utter My name who worship Me who think of My stories and My life and who thus always remember Me I shall draw out My devotees from the jaws of Death If My stories are listened to all the diseases will be got rid of So hear My stories with respect and think and meditate on them assimilate them This is the way of happiness and contentment The pride and egoism of My devotees will vanish the mind of the hearers will be set at rest and if it has wholehearted and complete faith it will be one with Supreme Consciousness The simple remembrance of My name as Sai Sai will do away with sins of speech and hearing Different Works Assigned to Devotees The Lord entrusts different works to different devotees Some are given the

work of building temples and maths or ghats flight of steps on rivers some are made to sing the glories of God some are sent on pilgrimages but to me was allotted the work of writing the Sat Charita Being a jack of all trades but master of none I was quite unqualified for this job Then why should I undertake such a difficult job Who can describe the true life of Sai Baba Sai Baba's grace alone can enable one to accomplish this difficult work So when I took up the pen in my hand Sai Baba took away my egoism and wrote Himself His stories The credit of relating these stories therefore goes to Him and not to me Though Brahmin by birth I lacked the two eyes i.e. the sight or vision of Shruti and Smriti and therefore was not at all capable of writing the Sat Charita but the grace of the Lord makes a dumb man talk enables a lame man to cross a mountain He alone knows the knack of getting things done as He likes Neither the flute nor the harmonium knows how the sounds are produced This is the concern of the Player The oozing of Chandrakant jewel and the surging of the sea are not due to the jewel and the sea but to the rise of the moon Baba's Stories as Beacon Light Light houses are constructed at various places in the sea to enable the boatmen to avoid rocks and dangers and make them sail safely Sai Baba's stories serve a similar purpose in the ocean of worldly existence They surpass nectar in sweetness and make our worldly path smooth and easy to traverse Blessed are the stories of the saints When they enter our hearts through the ears the body consciousness or egoism and the sense of duality vanish and when they are stored in the heart doubts fly out to all sides pride of the body will fall and wisdom will be stored in abundance The description of Baba's pure fame and the hearing of the same with love will destroy the sins of the devotee and therefore this is the simple Sadhana for attaining salvation The Sadhana for Krita Age was Shamadama tranquillity of mind and body for Treta Age sacrifice for Dwapara worship and for Kali present Age it is singing of the name and glory of the Lord This last Sadhana is open to all the people of the four varnas Brahmins etc The other Sadhanas viz Yoga Yagya sacrifice Dhyana meditation and Dharana concentration are very difficult to practice but singing and hearing the stories and the glory of the Lord Sai Baba is very easy We have only to turn our attention towards them The listening and singing of the stories will remove the attachment to the senses and their

objects and will make the devotees dispassionate and will ultimately lead them to self realization With this end in view Sai Baba made me or helped me to write His stories Sat Charitamrita The devotees may now easily read and hear these stories of Sai Baba and while doing so meditate on Him His form and thus attain devotion to Guru and God Sai Baba get detachment and self realization In the preparation and writing of this work Sat Charitamrita it is Sai Baba s grace which has accomplished everything making use of Me as a mere instrument Motherly Love of Sai Baba Everybody knows how a cow loves her infant calf Her udder is always full and when the calf wants milk and dashes at the udder out comes the milk in an unceasing flow Similarly a human mother knows the wants of her child and feeds it at her breast in time In case of dressing and adorning the child the mother takes particular care to see that this is well done The child knows or cares nothing about this but the mother s joy knows no bounds when she sees her child beautifully dressed and adorned The love of mother is peculiar extraordinary and disinterested and has no parallel Sadgurus feel this motherly love towards their disciples Sai Baba had this same love towards me and I give an instance of it below In A D I retired from Government Service The pension that was settled in my case was not sufficient to maintain my family decently On Guru Pournima th of Ashadha day of that year I went to Shirdi with other devotees There Mr Anna Chinchankar of his own accord prayed to Baba for me as follows Please look kindly on him the pension he gets is quite insufficient his family is growing Give him some other appointment remove his anxiety and make him happy Baba replied He will get some other job but now he should serve Me and be happy His dishes will be ever full and never empty He should turn all his attention towards Me and avoid the company of atheists irreligious and wicked people He should be meek and humble towards all and worship Me heart and soul If he does this he will get eternal happiness The question Who is this HE Whose worship is advocated is already answered in a note on Who is Sai Baba in the prologue at the beginning of this work Rohilla s Story The story of the Rohilla illustrates Sai Baba s all embracing love One Rohilla tall and well built strong as a bull came to Shirdi wearing a long Kafni robe and was enamoured of Sai who stayed there Day and night he used to recite in a loud and harsh tone Kalma verses from Holy

Koran and shout ALLAH HO AKBAR God is Great Most people of Shirdi were working in their fields by day and when they returned to their homes at night they were welcomed with the Rohilla's harsh cries and shouts They could get no sleep and felt much trouble and inconvenience They suffered in silence this nuisance for some days and when they could stand it no longer they approached Baba and requested Him to check the Rohilla and stop the nuisance Baba did not attend to their complaint On the contrary Baba took the villagers to task and asked them to mind their own business and not the Rohilla He said to them that the Rohilla had got a very bad wife a Zantippi who tried to come in and trouble the Rohilla and Himself but hearing the Rohilla's prayers she dare not enter and they were at peace and happy In fact the Rohilla had no wife and by his wife Baba meant DURBUDDHI i.e. bad thoughts As Baba liked prayers and cries to God better than anything else He took the side of the Rohilla and asked the villagers to wait and suffer the nuisance which would abate in due course

Baba's Sweet and Nectar like Words One day at noon after the Arti devotees were returning to their lodgings when Baba gave the following beautiful advice Be wherever you like do whatever you choose remember this well that all what you do is known to Me I am the Inner Ruler of all and seated in their hearts I envelope all the creatures the movable and immovable world I am the Controller the wirepuller of the show of this Universe I am the mother origin of all beings the Harmony of three Gunas the propeller of all senses the Creator Preserver and Destroyer Nothing will harm him who turns his attention towards Me but Maya will lash or whip him who forgets Me All the insects ants the visible movable and immovable world is My Body or Form Hearing these beautiful and precious words I at once decided in my mind to serve no man henceforward but my Guru only but the reply of Baba to Anna Chinchani's query which was really mine that I would get some job began to revolve in my mind and I began to think whether it would come to happen As future events showed Baba's words came true and I got a Government job but that was of short duration Then I became free and solely devoted my self to the service of my Guru Sai Baba Before concluding this Chapter I request the readers to leave out the various hindrances viz indolence sleep wandering of mind attachments to senses etc and turn their whole and undivided attention to

these stories of Sai Baba Let their love be natural let them know the secret of devotion let them not exhaust themselves by other Sadhanas let them stick to this one simple remedy i.e listening to Sai Baba's stories This will destroy their ignorance and will secure for them salvation A miser may stay at various places but he always thinks of his buried treasure So let Sai Baba be enthroned in the hearts of all In the next chapter I shall speak of Sai Baba's advent in Shirdi Bow to Shri Sai Peace be to all

Sai Satcharitra Chapter: Salutations. The Story of Grinding Wheat and Its Philosophical Significance. According to the ancient and revered custom, Hemadpant begins the work Sai Satcharitra with various salutations. First, he makes obeisance to the God Ganesha to remove all obstacles and make

the work a success and says that Shri Sai is the God Ganesha Then to the Goddess Saraswati to inspire him to write out the work and says that Shri Sai is one with this Goddess and that He is Himself singing His own life Then to the Gods Brahma Vishnu and Shankar the Creating Preserving and Destroying Deities respectively and says that Sainath is one with them and He as the great Teacher will carry us across the River of Worldly Existence Then to his tutelary Deity Narayan Adinath who manifested himself in Konkan the land reclaimed by Parashurama Rama in the Hindi version from the sea and to the Adi Original Purusha of the family Then to the Bharadwaja Muni into whose gotra clan he was born and also to various Rishis Yagyavalakya Bhrigu Parashara Narad Vedavyasa Sanak Sanandan Sanatkumar Shuka Shounak Vishwamitra Vasistha Valmiki Vamadeva Jaimini Vaishampayan Nava Yogindra etc and also modern Saints such as Nivrutti Jnanadev Sopan Muktabai Janardan Ekanath Namdev Tukaram Kanha and Narahari etc Then to his grandfather Sadashiv father Raghunath his mother who left him in his infancy to his paternal aunt who brought him up and to his loving elder brother Then to the readers and prays them to give their whole and undivided attention to his work And lastly to his Guru Shri Sainath an Incarnation of Shri Dattatreya Who is his sole Refuge and Who will make him realize that Brahman is the Reality and the world an illusion and incidentally to all the Beings in whom the Lord God dwells After describing in brief the various modes of devotion according to Parashara Vyasa and Shandilya etc the author goes on to relate the following story It was sometime after A D that I went one fine morning to the Masjid in Shirdi for getting a darshan of Sai Baba I was wonder struck to see the following phenomenon After washing His mouth and face Sai Baba began to make preparations for grinding wheat He spread a sack on the floor and thereon set a hand mill He took some quantity of wheat in a winnowing fan and then drawing up the sleeves of His Kafni robe and taking hold of the peg of the hand mill started grinding the wheat by putting a few handfuls of wheat in the upper opening of the mill and rotated it I thought what business Baba had with the grinding of wheat when He possessed nothing and stored nothing and as He lived on alms Some people who had come there thought likewise but none had the courage to ask baba what He was doing Immediately this news of Baba s grinding wheat spread

into the village and at once men and women ran to the Masjid and flocked there to see Baba's act. Four bold women from the crowd forced their way up and pushing Baba aside took forcibly the peg or handle into their hands and singing Baba's Leelas started grinding. At first Baba was enraged but on seeing the women's love and devotion He was much pleased and began to smile. While they were grinding they began to think that Baba had no house no property no children none to look after and He lived on alms. He did not require any wheat flour for making bread or roti what will He do with this big quantity of flour. Perhaps as Baba is very kind He will distribute the flour amongst us. Thinking in this way while singing they finished the grinding and after putting the hand mill aside they divided the flour into four portions and began to remove them one per head. Baba Who was calm and quiet up till now got wild and started abusing them saying Ladies are you gone mad. Whose father's property are you looting away. Have I borrowed any wheat from you so that you can safely take the flour. Now please do this. Take the flour and throw it on the village border limits. On hearing this the women felt abashed and whispering amongst them went away to the outskirts of the village and spread the flour as directed by Baba. I asked the Shirdi people What was this that Baba did. They replied that as the Cholera Epidemic was spreading in the village and this was Baba's remedy against the same it was not wheat that was ground but the Cholera itself was ground to pieces and pushed out of the village. From this time onward the Cholera Epidemic subsided and the people of the village were happy. I was much pleased to know all this but at the same time my curiosity was also aroused. I began to ask myself What earthly connection was there between wheat flour and Cholera. What was the casual relation between the two. And how to reconcile them. The incident seems to be inexplicable. I should write something on this and sing to my heart's content. Baba's sweet Leelas. Thinking in this way about this Leela my heart was filled with joy and I was thus inspired to write Baba's Life The Satcharita. And as we know with Baba's grace and blessing this work was successfully accomplished.

Philosophical Significance of Grinding Apart from the meaning that the people of Shirdi put on this incident of grinding wheat there is we think a philosophical significance too. Sai Baba lived in Shirdi for about sixty years and during this long

period He did the business of grinding almost every day not however the wheat alone but the sins the mental and physical afflictions and the miseries of His innumerable devotees The two stones of His mill consisted of Karma and Bhakti the former being the lower and the latter the upper one The handle with which Baba worked the mill consisted of Jnana It was the firm conviction of Baba that Knowledge or Self realization is not possible unless there is the prior act of grinding of all our impulses desires sins and of the three gunas viz Sattva Raja and Tama and the Ahamkara which is so subtle and therefore so difficult to be got rid of This reminds us of a similar story of Kabir who seeing a woman grinding corn said to his Guru Nipathiranjana I am weeping because I feel the agony of being crushed in this wheel of worldly existence like the corn in the hand mill Nipathiranjana replied Do not be afraid hold fast to the handle of knowledge of this mill as I do and do not wander far away from the same but turn inward to the Center and you are sure to be saved Bow to Shri Sai Peace be to all

Britain and Ireland The islands of Great Britain and Ireland lie to the northwest of continental Europe and have remained relatively isolated throughout their history. Great Britain consists of three countries: England, Scotland, and Wales, each with a distinctive way of life and traditions. These three together with Northern Ireland form the United Kingdom. In the south of Ireland, the Republic of Ireland is a separate country. London, one of Europe's liveliest cities, offers the greatest range of cultural attractions. The islands have a rich variety of landscapes, from rolling green hills to windswept moors and craggy mountains in the Scottish Highlands. The Highlands is an area prized for its beauty and diversity of wildlife. This region of mountains and glens is home to many animal species rarely found living wild elsewhere in the British Isles. Dublin, Ireland's capital, has a lively atmosphere. Many of its finest public buildings, such as the Custom House, date from the 17th century. Killarney is a typical friendly Irish town in County Kerry. The surrounding area is renowned for its spectacular scenery, with three huge lakes, waterfalls, and some of the country's highest mountains. Edinburgh is the administrative and cultural capital of Scotland. Its castle, which dates back to the 12th century, gives spectacular views of the entire city. York is a city of historical treasures, with many relics from the Roman and Viking ages. Its magnificent minster has the largest collection of medieval

stained glass in Britain and the city walls are well preserved London was founded by the Romans in the 1st century AD The oldest part of the capital is the City where Sir Christopher Wren's masterpiece St Paul's Cathedral stands Bath is named after the Roman baths that stand at the heart of the old town next to the splendid medieval abbey The city is full of elegant Georgian terraces built in local honey colored limestone

Sai Satcharitra Chapter Wonderful Stories of Two Goa Gentleman Mrs Aurangabadkar This Chapter relates the wonderful stories of two gentlemen from Goa and Mrs Aurangabadkar of Sholapur Two Gentlemen Once two gentlemen came from Goa for taking darshan of Sai Baba and prostrated themselves before him Though both came together Baba asked only one them to give Him Rs as Dakshina which was paid willingly The other man voluntarily offered Rs This sum was rejected by Baba to the astonishment of all Shama who was present asked Baba What is this Both came together one s Dakshina you accept the other though voluntarily paid you refuse Why this distinction Baba replied Shama you know nothing I take nothing from anybody The Masjidmayi The presiding Deity of the Masjid calls for the debt the donor pays it and becomes free Have I any home property or family to look after I require nothing I am ever free Debt enmity and murder have to be atoned for there is not escape Baba then continued in His characteristic way as follows As first he

was poor and took a vow to his God that he would pay his first month's salary if he got an appointment. He got one on Rs p m. Then he steadily got promotions from Rs he got Rs and ultimately Rs per month. But in his prosperity he forgot clean the vow he took. The force of his karma has driven him here and I asked that amount Rs from him as Dakshina. Another story. While wandering by the sea side I came to a huge mansion and sat on its verandah. The owner gave me a good reception and fed me sumptuously. He showed me a neat and clean place near a cupboard for sleeping. I slept there. While I was sound asleep the man removed a literite slab and broke the wall entered in and scissored off all the money from my pocket. When I woke up I found that Rs were stolen. I was greatly distressed and sat weeping and moaning. The money was in currency notes and I thought that the Brahmin had stolen it. I lost all interest in food and drink and sat for a fortnight on the verandah bemoaning my loss. After the fortnight was over a passing fakir saw me crying and made enquiries regarding the cause of my sorrow. I told him everything. He said: If you act according to my bidding you will recover your money. Go to a fakir. I shall give his whereabouts. Surrender yourself to him. He will get back your money. In the meanwhile give up your favourite food till you recover your money. I followed the fakir's advice and got my money. Then I left the Wada and went to the sea shore. There was a steamer but I could not get into it as it was crowded. There a good natured peon interceded for me and I got in luckily. That brought me to another shore where I caught a train and came to the Masjidmayi. The story finished and Baba asked Shama to take the guests and arrange for their feeding. Then Shama took them home and fed them. At dinner Shama said to the guests that Baba's story was rather mysterious as He had never gone to the sea side never had any money Rs never travelled never lost any money and never recovered it and enquired whether they understood it and caught its significance. The guests were deeply moved and were shedding tears. In a choking voice they said that Baba was omniscient infinite the One Para Brahma without a second. The story He gave out is exactly our story. What He spoke has already taken place in our case. How He knew this is a wonder of wonders. We shall give all the details after the meals. Then after the meals while they were chewing betel leaves the guests began to tell their stories. One of

them said A hill station on the ghats is my native place I went to Goa to earn my living by securing a job I took a vow to God Datta that if I got any service I would offer Him my first month s salary By His grace I got an appointment of Rs and then I got promotions as described by Baba I did forget all about my vow Baba has just reminded me of it in this way and recovered Rs from me It is not Dakshina as one may think it to be but a repayment of an old debt and fulfillment of long forgotten vow Moral Baba never in fact actually begged any money nor allowed His Bhaktas to beg He regarded money as a danger or bar to spiritual progress and did not allow His Bhaktas to fall into its clutches Bhagat Mhalsapati is an instance on tis point He was very poor and could hardly make both ends meet Baba never allowed him to make any money nor gave him anything from the Dakshina amount Once a kind and liberal merchant named Hansaraj gave a large amount of money to Mhalsapati in Baba s presence but Baba did not allow him to accept it Then the second guest began his tale My Brahmin cook was serving me faithfully for years Unfortunately he fell into bad ways his mind changed and he robbed me of my treasure By removing a laterite slab from my wall where my cup board is fixed he came in while we were all asleep and carried away all my accumulated wealth Rs in currency notes I know not how Baba mentioned the exact amount I sat crying day and night My enquiries came to nothing I spent a fortnight in great anxiety As I sat on the verandah sad and dejected a passing fakir noted my condition and enquired of its cause and I told him all about it He told me that an Avalia by name Sai lives in Shirdi Kopergaon Taluka Make vow to Him and give up any food that you like best and say to Him mentally that I have given up eating that food till I take your darshan Then I took the vow and gave up eating rice and s aid Baba I will eat it after recovering my property and after taking your darshan Fifteen days passed after this The Brahmin of his own accord came to me returned my money and apologized saying I went mad and acted thus I now place my head on your feet please forgive me Thus everything ended well The fakir that met me and helped me was not seen again An intensive desire to see Sai Baba whom the fakir pointed out to me arose in my mind I thought that the fakir who came all the way to my house was no other than Sai Baba Would He who saw me and helped me to get my lost money ever covet to get Rs On the

contrary without expecting anything from us He always tries His best to lead us on the path of spiritual progress I was overjoyed when I recovered my stolen property and being infatuated I forgot all about my vow Then when I was at Colaba one night I saw Sai Baba in my dream This reminded me of my promised visit to Shirdi I went to Goa and from there wanted to start for Shirdi by taking a steamer to Bombay en route But when I came to the harbour I found that the steamer was crowded and there was no place The captain did not allow me but on the intercession of a peon who was stranger to me I was allowed to get into the steamer which brought me to Bombay From there I got in the train and came here Surely I think that Baba is all pervading and all knowing What are we and where is our home How great our good fortune that Baba got back our money and drew us here to Himself You Shirdi folk must be infinitely superior and more fortunate than we for Baba has played laughed talked and lived with you for so many years I think that your store of good merits must be infinite for it attracted Baba into Shirdi Sai is our Datta He ordered the vow He gave me a seat in the steamer and brought me here and thus gave proof of His omniscience and omnipotence Mrs Aurangabadkar A lady from Sholapur wife of Sakharam Aurangabadkar had no issue during the long period of years She had made a number of vows of Gods and Goddesses for an issue but was not successful She then became almost hopeless To make a last attempt in this matter she came to Shirdi with her step son Vishwanath and stayed there for two months serving Baba Whenever she went to the Masjid she found it full and Baba surrounded by devotees She wanted to see Baba alone fall at His feet and open her heart and pray for an issue but she got no suitable opportunity Ultimately she requested Shama to intercede with Baba for her when He was alone Shama said to her that Baba s Darbar was open still he would try for her and that the Lord might bless her He asked her to sit ready with a cocoa nut and joss sticks on the open courtyard at the time of Baba s meals and that when he beckoned to her she should come up One day after dinner Shama was rubbing Baba s wet hands with a towel when the latter pinched Shama s cheek Shama feigning anger said Deva is it proper for you to pinch me like this We don t want such a mischievous God who pinches us thus Are we Your dependents is this the fruit of our intimacy Baba replied Oh

Shama during the generations that you were with me I never pinched you till now and now you resent my touching you Shama We want a God that will give us ever kisses and sweets to eat we do not want any respect from You or heaven balloon etc Let our faith unto Your Feet be ever wide awake Baba Yes I have indeed come for that I have been feeding and nursing you and have got love and affection for you Then Baba went up and took his seat Shama beckoned to the lady She came up bowed and presented the cocoa nut and joss sticks Baba shook the cocoa nut which was dry The Kernal within rolled and made a noise Baba said Shama this is rolling see what it says Shama The woman prays that a child might be similarly rolling and quickening in the womb So give her the cocoa nut with Your blessings Baba Will the coconut give her any issue How people are foolish and fancy such things Shama I know the power of Your word and blessing Your word will give her a string or series of children You are wrangling and not giving real blessing The parley went on for a while Baba repeatedly ordering to break the coconut and Shama pleading for the gift of the unbroken fruit to the lady Finally Baba yielded and said She will have an issue When asked Shama In months was the reply The cocoa nut was therefore broken into two part one was eaten by the two the other was given to the lady The Shama turned up to the lady and said Dear madam you are a witness to my words If within months you do not get any issue I will break a cocoa nut against this Deva s head and drive him out of this Masjid If I fail in this I will not call myself Madhav You will soon realize what I say She delivered a son in one year s time and the son was brought to Baba in his fifth month Both husband and wife prostrated themselves before Baba and the grateful father Mr Aurangabadkar paid a sum of Rs which was spent in constructing a shed for Baba s house Shyamakarna Bow to Shri Sai Peace be to all

Sai Satcharitra Chapter Rescues from Serpent bites Balasaheb Mirikar Bapusaheb Booty Amir Shakkar Hemadpant Baba s Opinion Regarding Killing of Serpents Preliminary How to meditate on Baba No one has been able to fathom the nature or the form of the Almighty Even the Vedas and the thousand tongued Shesha are not able to describe it fully but the devotees cannot but know and look at the form of the Lord for they know that His Feet are the only means of their happiness They know no other method of attaining the supreme goal of life except meditating on the Holy Feet Hemadpant suggests an easy way of devotion and meditation as follows As the dark fortnight of every month wears out gradually the moonlight also wanes in the same degree and on the newmoon day we do not see the moon at all nor do we get her light Therefore when the bright fortnight begins people are very anxious to see the moon On the first day the moon is not seen and on the second day also she is not clearly visible Then the people are asked to see the moon through an opening between the two branches of a tree and when they begin to see through this aperture eagerly and after concentratedly the distant small crescent of the moon comes to their great delight within their ken Following this clue let us try to see Baba s Light Look at Baba s posture how fine it is He is sitting with His legs folded the right leg held across the left knee The fingers of His left hand are spread on the right foot On the right toe are spread His two fingers the index and middle ones By this posture Baba means to say as it were if you want to see My Light be egoless and most humble and meditate on My toe through the opening between the two branches index and middle fingers and then you will be able to see My Light This is the easiest means of attaining devotion Now let us turn for a moment to Baba s life Shirdi had become a place of pilgrimage on account of Baba s stay People from all quarters began to flock there and both the rich and the poor began to be benefited in more ways than one and in some form or other Who can describe Baba s boundless love and His wonderful natural knowledge and His all pervasiveness Blessed is he who could experience one or all of these Sometimes Baba observed long silence which was in a way His dissertation on Brahman at other times He was Consciousness Bliss Incarnate surrounded by His devotees Sometimes He spoke in parables and at other times indulged in wit and humour At times

He was quite unambiguous clear and at times He seemed enraged Sometimes He gave His teachings in a nut shell at other times He argued at length Many a time He was very plain In this way He gave varied instructions to many according to their requirements His life was therefore inscrutable beyond the ken of our mind beyond our intellect and speech Our longing to see His face to talk with Him and hear His Leelas was never satisfied still we were overflowing with joy We can count the showers of rain encircle tie the wind in a leather bag but who can gauge or measure His Leelas Now we deal here with one aspect of them viz how He anticipated or forestalled the calamities of His devotees and warded them off in time Balasaheb Mirikar Balasaheb Mirikar son of Sirdar Kakasaheb Mirikar was Mamlatdar of Kopergaon He was going on tour to Chitali On the way he came to Shirdi to see Sai Baba When he went to the Masjid and prostrated himself before Baba usual conversation regarding health and other matters commenced when Baba sounded a note of warning as follows Do you know our Dwarakamayi As Balasaheb did not understand he kept quiet Baba continued This is our Dwarakamayi where you are sitting She wards off all dangers and anxieties of the children who sit on her lap This Masjidmayi its presiding Deity is very merciful she is the mother of the simple devotees whom she will save in calamities Once a person sits on her lap all his troubles are over He who rests in her shade gets Bliss Then Baba gave him Udi and placed His protecting hand on his head When Balasaheb was about to depart He again said Do you know the Lamba Bava long gentleman Viz serpent And then closing the left arm like fist He brought it near the right elbow and moving His left arm like the hood of a serpent He said He is so terrible but what can he do to the children of Dwarakamayi When the Dwarakamayi its presiding deity protects what can the serpent do All who were present there were curious to know the meaning of all this and its reference to Mirikar but none had the courage to ask Baba about this Then Balasaheb saluted Baba and left the Masjid with Shama Baba called Shama back and asked him to accompany Balasaheb and enjoy the Chitali trip Shama came to Balasaheb and told him that he would go with him according to Baba s wish Balasaheb replied that he need not come as it would be inconvenient Sharma returned to Baba and told Him what Balasaheb said to him Baba said Alright do not go We

should mean well and do well Whatever is destined to happen will happen In the meanwhile Balasaheb thought over again and calling Shama asked him to accompany him Then Shama going again to Baba and taking His leave started with Balasaheb in the tanga They reached Chitali at P M and encamped in the Maruti temple The office people had not come so they sat quiet in the temple talking and chitchating Balasaheb was sitting on a mat reading a newspaper His Uparani upper dhotar was spread across his waist and on a part of it a snake was sitting unobserved It began to move with a rustling sound which was heard by the peon He brought a lantern saw the snake and raised an alarm serpent serpent Balasaheb was frightened and began to quiver Shama was also amazed Then he and others moved noiselessly and took sticks and clubs in their hands The snake got down slowly from the waist and it moved away from Balasaheb it was immediately done to death Thus this calamity which was prophesied by Baba was averted and Balasaheb s love for Baba was deeply confirmed

Bapusaheb Booty A great astrologer named Nanasaheb Dengale told one day Bapusaheb Booty who was then in Shirdi To day is an inauspicious day for you there is a danger to your life This made Bapusaheb restless When they as usual came to Masjid Baba said to Bapusaheb What does this Nana say He foretells death for you Well you need not be afraid Tell him boldly Let us see how death kills Then later in the evening Bapusaheb went to his privy for easing himself where he saw a snake His servant saw it and lifted a stone to strike at it Bapusaheb asked him to get a big stick but before the servant returned with the stick the snake was seen moving away and soon disappeared Bapusaheb remembered with joy Baba s words of fearlessness

Amir Shankar Amir Shankar was a native of the village Korale in Kopergaon Taluka he belonged to the butcher caste He worked as a commission agent in Bandra and was well known there He once suffered from Rheumatism which gave him much pain He was then reminded of God and so he left his business and went to Shirdi and prayed to Baba to relieve him from his malady Baba then stationed him in the Chavadi which was then a damp unhealthy place unfit for such a patient Any other place in the village or Korale itself would have been better for Amir but Baba s word was the deciding factor and the chief medicine Baba did not allow him to come to the Masjid but fixed him in the Chavadi where

he got very great advantage Baba passed via Chavadi every morning and evening and every alternate day Baba went to the Chavadi in a procession and slept there So Amir got Baba s contact very often easily Amir stayed there for full nine months and then somehow or other he got a disgust for the place So one night he stealthily left the place and came to Kopergaon and stayed in a Dharmashala There he saw an old dying Fakir who asked him for water Amir brought it and gave it to him As soon as he drank it he passed away Then Amir was in a fix He thought that if he went and informed the authorities he would be held responsible for the death as he was the first and sole informant and knew something about it He repented for his action viz leaving Shirdi without Baba s leave and prayed to Baba He then determined to return to Shirdi and that same night he ran back remembering and muttering Baba s name on the way and reached Shirdi before day break and became free from anxiety Then he lived in the Chavadi in perfect accordance with Baba s wishes and orders and got himself cured One night it so happened that Baba cried at midnight Oh Abdul some devilish creature is dashing against the side of My bed Abdul came with a latern examined Baba s bed but found nothing Baba asked him to examine carefully all the place and began to strike ground with His satka Seeing this Leela of Baba Amir thought that Baba might have suspected some serpent had come there Amir could know by close and long contact the meaning of Baba s words and actions Baba then saw near Amir s cushion something moving He asked Abdul to bring in the light and when he brought it he saw the coil of a serpent there moving its head up and down Thereupon the serpent was immediately beaten to death Thus Baba gave timely warning and saved Amir Hemadpant Scorpion and Serpent At Baba s recommendation Kakasaheb Dixit was daily reading the two works of Shri Eknath Maharaj viz Bhagwat and Bhawartha Ramayana and Hemadpant had the good fortune to be one of the audience when the reading of the works was going on Once when a portion from the Ramayana relating to Hanuman s testing Rama s greatness according to his mother s instructions was being read all the listeners were spell bound Hemadpant was one of them A big scorpion none knew where it came from jumped and sat on the right shoulder of Hemadpant on his Uparani upper dhotar First it was not noticed but as the Lord protects those

who are intent on hearing His stories he casually cast a glance over his right shoulder and noticed it. It was dead silence not a bit moved here or there. It seemed as if it also enjoyed the reading. Then by the Lord's grace Hemadpant without disturbing the audience took the two ends of his dhotar, folded them and brought them together enclosing the scorpion within. Then he went out and threw it in the garden. On another occasion some persons were sitting in the upper floor of Kakasaheb's Wada just before nightfall when a serpent crept through a hole in the window frame and sat coiled up. A light was brought. Though it was first dazzled yet it sat still and only moved its head up and down. Then many persons rushed there with sticks and cudgels but as it sat in an awkward place no blow could be dealt. But hearing the noises of men the serpent went out hastily through the same hole. Then all the persons there felt relieved. Baba's Opinion. One devotee named Muktaram then said that it was good that the poor creature escaped. Hemadpant challenged him saying that serpents should better be killed. There was a hot discussion between them the former contending that serpents and such creatures should not be killed the latter that they should be. As night came on the discussion came to an end without any decision being arrived at. Next day the question was referred to Baba who gave His settled opinion as follows. God lives in all beings and creatures whether they be serpents or scorpions. He is the Great Wirepuller of the world and all beings serpents scorpions etc obey His command. Unless He will it nobody can do any harm to others. The world is all dependent on Him and no one is independent. So we should take pity and love all creatures leave off adventurous fights and killings and be patient. The Lord God is the Protector of all. Bow to Shri Sai. Peace be to all.

<http://www.southgoa.net/baga-beach.aspx> Baga Beach is among the most popular beaches in India. The Baga Beach in Goa is 15 km west of Mapusa and really speaking is an extension of Calangute. Baga Goa in India is smaller than the Calangute and Colva beaches on both sides of the same Baga Goa. It is the perfect place for those seeking a little peace and quiet after the activity of the other two beaches. Baga is a fishing beach with brown sand and that sees a lot of international tourists sunbathing in its golden sun. Unlike a forest of palm trees swaying gently in the wind, the river runs along one side of Baga Beach. Goa offering a good alternative for children and those who are not very safe to swim in the sea. At one end of the beach is a group of black rocks against which the sea crashes in dramatic explosion of spray. Baga Goa has grown faster than any other region of Goa. The main road through the Baga village is full of bars, cafes, and craft shops. There is a relatively recent flea market on Saturday from Baga Goa. It is a great success and the possibility of much that lasts well into the night lit up with lights and oil lamps. All kinds of parts, crafts, jewelry, and snacks stalls can be found at Baga. And a temporary stage built for the visiting local musician. Sai Satcharitra Chapter Story of Veerbhadrappa and Chenbassappa Snake and frog The last chapter described Baba s reminiscences about two goats This describes more such reminiscences and relates the story of Veerbhadrappa and Chenbassappa Preliminary Blessed is the face of Sai If we cast a glance at Him for a moment He destroys the sorrow of many past births and confers great bliss on us and if He looks at us with grace our bondage of Karma is immediately snapped away and we are led to happiness The river Ganges washes away the dirt and sins of all people who go to her for a bath but she intently longs for the saints to come to her and bless her with their feet and remove all the dirt sins accumulated in her She knows for certain that this accumulation can only be

removed by the holy feet of the saints Sai is the crest jewel of the saints and now hear from Him the following purifying story The Snake and the Frog Sai Baba said One morning after taking My breakfast I strolled along till I came to a small river bank As I was tired I rested there washed My hands and feet and had a bath and felt refreshed There was a foot path and a cart track sheltered by shady trees The breeze was also blowing gently As I was preparing to smoke chillim pipe I heard the croaking of a frog I was striking the flint and lighting the fire when a traveller turned up sat by My side bowed to Me and politely invited Me to his house for meals and rest He lit up the pipe and handed it over to Me The croaking was heard again and he wanted to know what it was I told him that a frog was in trouble and was tasting the bitter fruit of its own karma We have to reap now the fruit of what we sow do in our past life and there is no use in crying about it Then he smoked and handed over the pipe to Me and said that he would go there in person and see for himself I told him that a frog was caught by a big snake and was crying Both were very wicked in their past life and were now reaping the fruit of their actions in these bodies He went out and found that a huge black serpent was holding a big frog in its mouth He turned to Me and said that in about or minutes the frog would be eaten up by the snake I said No this can t be I am its father protector and I am here now How shall I allow the snake to eat it up am I here for nothing Just see how I release it After smoking again we walked on to the place He was afraid and asked Me not to proceed further as the snake might attack us Not minding him I went ahead and addressed the creatures thus Oh Veerbhadrappa has not your enemy Bassappa yet repented though he has been born as a frog and you too though born as a serpent still maintain bitter enmity against him Fie upon you be ashamed give up your hatred now and rest in peace Hearing these words the snake left the frog quickly and dived into the river and disappeared The frog also jumped away and hid itself in the bushes The traveller was much surprised he said that he could not understand how the snake dropped the frog and disappeared at the words uttered who was Veerbhadrappa and who was Basssappa and what was the cause of their enmity I returned with him to the foot of the tree and after sharing a few puffs of smoke with him I explained the whole mystery to him as follows There was ancient holy place

sanctified by a temple of Mahadev about or miles from My place The temple was old and dilapidated The residents of the place collected funds for its repairs After a large amount was collected arrangement for worship was made and plans with estimates for repairs were prepared A rich local man was appointed the Treasurer and the whole work was entrusted to him He was to keep regular accounts and be honest in all his dealings He was a first class miser and spent very little for the repairs which consequently made very little progress He spent all the funds swallowed some amount himself and spent nothing from his pocket He had a sweet tongue and was very clever in offering plausible explanations regarding the poor and tardy progress of the work The people again went to him and said that unless he lent his helping hand and tried his best the work would not be complete They requested him to work out the scheme and again collected subscriptions and sent the amount to him He received it but sat as quiet as before without making any progress After some days God Mahadev appeared in his wife s dream and said to her You get up build the dome of the temple I will give you a hundred fold of what you spend She told this vision to her husband He was afraid that it would involve him in some expenses and therefore laughed it out saying that it was a mere dream a thing not to be relied and acted upon or else why did not God appear to him and tell him Was he far off from her This looks like a bad dream having for its object the creation of ill feeling between husband and wife She had to remain quiet God does not like big subscriptions and donations collected against the wishes of the donors but He likes ever trifling amounts given with love devotion and appreciation Some days after God again appeared in her dream and said Do not bother yourself about your husband and the collections with him Don t press him to spend any amount for the temple What I want is feeling and devotion So give if you like anything of your own She consulted her husband about this vision and decided to give God her ornaments given by her father The miser felt disconcerted and decided to cheat even God in this item He undervalued the ornaments at Rs and bought them himself and in lieu of the amount gave a field to God as endowment or security The wife agreed to this The field or land was not his own it belonged to one poor woman named Dubaki who mortgaged it to him for Rs She was not able to redeem it for long

So the cunning miser cheated all his wife Dubaki and even God The land was sterile uncultivated and worth nothing and yielded nothing even in best seasons Thus ended this transaction and the land was given in the possession of the poor priest who was pleased with the endowment Sometime later on strange things happened There was a terrific storm and heavy down pour of rain lightning struck the house of the miser when he and his wife both died Dubaki also breathed her last In the next life the rich miser was born at Mathura in a Brahmin family and was named Veerbhadrappa His devout wife was born as the daughter of the priest of the temple and was named Gouri The woman Dubaki the mortgagor was born as a male in the family of the Gurav attendant of the the temple and was named Chenbassappa The priest was a friend of Mine He often came to Me chatted and smoked with Me His daughter Gouri was also devoted to Me She was growing fast and her father was seeking a good husband for her I told him not to worry about this as the bridegroom himself would come seeking her Then there came a poor boy named Veerbhadrappa of their caste wandering and begging his bread to the priest s house With My consent Gouri was given in marriage to him He was also at first devoted to Me as I recommended his marriage with Gouri Even in this new life he was hankering after money and asked Me to help him to get it as he was leading a married man s life Strange things happened There was a sudden rise in prices By Gouri s good luck there was a great demand for land and the endowment land was sold for one lakh of rupees times the worth of her ornaments Half the amount was paid in cash and the remaining was to be paid in instalments of Rs each All agreed to this transaction but began to quarrel over the money They came to Me for consultation I told them that the property belonged to God and was vested in the priest and Gouri was his sole heiress and proprietress and no amount should be spent without her consent and that her husband had no right whatsoever to the amount Hearing my opinion Veerbhadrappa was wroth with Me and said that I wanted to establish Gouri s claim and embezzle her property Hearing his words I remembered God and kept quiet Veerbhadrappa scolded his wife Gouri and she came to Me at noon and requested Me not to mind the words of others and not to discard her as she was My daughter As she thus sought My protection I gave her a pledge that I

would cross seven seas to help her Then that night Gouri had a vision Mahadev appeared in her dream and said The whole money is yours do not give anything to anybody spend some amount for temple purposes in consultation with Chenbassappa and if you want to use it for some other purpose consult Baba in the Masjid Myself Gouri told Me the vision and I gave her the proper advice in the matter I told her to take the principal or capital amount to herself give half the amount of interest to Chenbassappa and that Veerbhadrappa had nothing to do in the matter While I was thus talking both Veerbhadrappa and Chenbassappa came there quarreling I tried My best to appease them and told them God s vision to Gouri Veerbhadrappa got wild and angry and threatened to kill Chenbassappa cutting him to pieces The latter was timid he caught my feet and sought my refuge I pledged Myself to save him from the wrath of his foe Then after some time Veerbhadrappa died and was born as a snake and Chenbassappa died and was born as a frog Hearing the croaking of Chenbassappa and remembering my pledge I came here saved him and kept My word God runs to His devotees for help in times of danger He saved Chenbassappa the frog by sending Me here All this is God s Leela or sport The Moral The moral of the story is that one has to reap what one sows and there is no escape unless one suffers and squares up one s old debts and dealings with others and that greed for money drags the greedy man to the lowest level and ultimately brings destruction on him and others Bow to Shri Sai Peace be to all

Chinatown Historic Buildings of Melbourne When Chinese immigrants began arriving in Melbourne to seek gold during the s many European residents were decidedly hostile Only recent arrivals in the

area themselves they were still insecure about how strongly their own society had been established. This led to racial tension and violence. The very first Chinese immigrants landed in Australia as early as 1841, but it was during the late 1800s that larger contingents arrived. These newcomers replaced the pool of cheap labour which had dried up with the winding down of convict settlements in the new colonies. This wave of immigration was harmonious until the vast influx of Chinese visitors who came not for labour but to seek their fortune in the Victorian gold fields in the 1850s. The large numbers of immigrants and a decline in gold finds made the Chinese targets of vicious and organized riots. This attitude was sanctioned by government policy. The Chinese were charged a poll tax in most states of each a huge sum, particularly as many were peasants. Even harsher was a restriction on the number of passengers that boat owners could carry. This acted as a disincentive for them to bring Chinese immigrants to Australia. What resulted were Chinese marathons as new arrivals dodged the tax by landing in free South Australia and walking to the gold fields covering distances of up to 100 km miles. As an immigrant society in Melbourne the Chinese were highly organized and self-sufficient. A city base was established during the 1850s utilizing the cheap rental district of the city centre. As with other Chinatowns around the world, traders could live and work in the same premises and act as a support network for other Chinese immigrants. The community largely avoided prejudice by starting up traditional Asian businesses which included market gardening, laundering, green grocers, and furniture making, but work had to be stamped 'Made by Chinese labor'. Today Chinatown is known for its restaurants and Chinese produce shops, with the community's calendar culminating in its New Year celebrations in February. Ironically, in view of the early prejudices, this community is now one of Australia's oldest and most successful.

Sai Satcharitra Chapter Ruttonji Wadia of Nanded Saint Moulisaheb Dakshina Mimansa In the last Chapter we described how Baba's word and grace cured many incurable diseases Now we shall describe how Baba blessed Mr Ruttonji Wadia with an issue The life of this Saint is naturally sweet in and out His various doings eating walking and His natural sayings are also sweet His life is Bliss incarnate Sai gave it out as a means of His devotee's remembrance to Him He gave them various stories of duty and action which ultimately led them to true religion His object may be that people should live happily in this world but they should be ever cautious and gain the object of their life viz self realization We get human body as a result of merits in past births and it is worth while that with its aid we should attain devotion and liberation in this life So we should never be lazy but always be on the alert to gain our end and aim of life If you daily hear the Leelas stories of Sai you will always see Him Day and night you will remember Him in your mind When you assimilate Sai in this way your mind will lose its fickleness and if you go on in this manner it will finally be merged in pure Consciousness Ruttonji of Nanded Now let us come to the main story of this Chapter In Nanded in the Nizam state there lived a Parsi mill contractor and trader by name Ruttonji Shapurji Wadia He had amassed a large amount of money and had acquired fields and lands He had got cattle horses and conveyances and was very prosperous To all outward appearances he looked very happy and contented but inwardly and really he was not so Providential dispensation is such that no one in this world is completely happy and rich Ruttonji was no exception to this He was liberal and charitable gave food and clothing to the poor and helped all in various ways The people took him to be a good and happy man but Ruttonji thought himself miserable as he had no issue male or female for a long time As Kirtan singing glories of the Lord without love or devotion music of singing without rhythmical accompaniments Brahmin without the sacred thread proficiency in all arts without commonsense pilgrimage without repentance and ornamentation without a necklace are ugly and useless so is the house of a man or house holder without a male issue Ruttonji always brooded on this matter and said in his mind Would God be ever pleased to grant me a son He thus looked morose had no relish for his food Day and night he was enveloped with anxiety whether he would

ever be blessed with a son He had a great regard for Dasganu Mahajat He saw him and opened his heart before him Dasganu advised him to go to Shirdi take Baba s darshan fall at His Feet and seek His blessing and pray for issue Ruttonji liked the idea and decided to go to Shirdi After some days he went to Shirdi took Baba s darshana and fell at His Feet Then opening a basket he took out a beautiful garland of flowers and placed it around Baba s neck and offered Him a basket of fruits With great respect he then sat near Baba and prayed to Him saying Many persons who find themselves in difficult situations come to You and You relieve them immediately Hearing this I have sought anxiously Your Feet please therefore do not disappoint me Sai Baba then asked him for Daksbina of Rs five which Ruttonji intended to give but added that He has already received Rs from him and that he should pay the balance only Hearing this Ruttonji was rather puzzled he could not make out what Baba meant That was the first time he thought that he went to Shirdi and how was it that Baba said that He had formerly got Rs from him He cold not solve the riddle But he sat at Baba s Feet and gave the balance of the Dakshina asked for explained to Baba fully as to why he came and sought His help and prayed that Baba should bless him with a son Baba was moved and told him not to be worried and that that time his bad days had ended He then gave him Udi placed His hand on his head and blessed him saying that Allah God would satisfy his heart s desire Then after taking Baba s leave Ruttonji returned to Nanded and told Dasganu everything that took place at Shirdi He said that everything went on well there that he got Baba s darshan and blessing with Prasad but there was one thing which he could not understand Baba said to him that he had got Rs before Please explain as to what Baba meant by this remark He said to Dasganu I never went to Shirdi before and how cold I give Him the sum to which Baba referred To Dasganu also it was a puzzle and he pondered much over it for a long time Some time afterwards it struck him that Ruttonji had received some days ago a Mahomedan Saint by name Moulisaheb in his house and had spent some money for his reception This Moulisaheb was coolie saint wellknown to the people of Nanded When Ruttonji decided to go the Shirdi this Molisaheb accidentally came to Ruttonji s house Ruttonji knew him and loved him So he gave a small party in his honour Dasganu got from Ruttonji the yadi or memo of

expenses of this reception and everybody was wonderstruck to see that the expenses amounted to exactly Rs nothing more nothing less They all came to know that Baba was omniscient that thought He lived in Shirdi He knew what happened outside far away from Shirdi In fact He knew the past present and future and could identify Himself heart and soul with anybody In this particular instance how could He know the reception given to Moulisaheb and the amount spent therefore unless He could identify Himself with him and be One with him Ruttonji was satisfied with this explanation and his faith in Baba was confirmed and increased In due time afterwards he was blessed with a son and his joy knew no bounds It is said that he had in all a dozen issues out of which only four survived In a foot note towards the end of this Chapter it is stated that Baba told Rao Bahadur Hari Vinayak Sathe after the death of his first wife to remarry and that he would get a son R B Sathe married second time The first two issues by this wife were daughters and he therefore felt very despondent But the third issue was a son Baba s word did turn out true and he was satisfied Dakshina Mimansa Now we shall close this Chapter with a few remarks about Dakshina It is a well known fact that Baba always asked for Dakshina from people who went to see Him Somebody may ask a question If Baba was a Fakir and perfectly non attached why should he ask for Dakshina and care for money We shall consider this question broadly now First for a long time Baba did not accept anything He stored burnt matches and filled His pocket with them He never asked anything from anybody whether he be a devotee or otherwise If anybody placed before Him a pice or two He purchased oil or tobacco He was fond of tobacco for He always smoked a bidi or Chilim an earthen pipe Then some persons thought that they could not see the Saints empty handed and they therefore placed some copper coins before Baba If a pice was placed before Him He used to pocket it if it was a two pice coin it was returned immediately Then after Baba s fame had spread far and wide people began to flock in numbers and Baba began to ask Dakshina from them It is said in the Shruti veda that Puja of the Gods is not complete unless a golden coin was offered If a coin was necessary in the Puja of the Gods why should it be not so in the Puja of the Saints also Ultimately the Shastras laid it down that when one goes to see God King Saint or Guru he should not go empty

handed He should offer something preferably coin or money In this connection we may notice the precepts recommended by the Upanishads The Brihadaranyak Upanishad says that the Lord Prajapati advised the Gods men and demons by one letter Da The Gods understood by this letter that they should practice Dama i e self control the men thought or understood that they should practice Dana i e charity the demons understood that they should practice Daya i e compassion To men Charity or giving was recommended The teacher in the Taittiriya Upanishad exhorts his pupils to practise charity and other virtues Regarding charity he says Give with faith give with magnanimity i e liberally give with modesty with awe and with sympathy In order to teach the devotees the lesson of charity and to remove their attachment to money and thus to purify their minds Baba extracted Dakshina from them but there was this peculiarity as Baba said that He had to give back hundred times more of what He received There are many instances in which this has happened To quote an instance Mr Ganpatrao Bodas the famous actor says in his Marathi autobiography that on Baba s pressing him often and often for Dakshina he emptied his money bag before Him The result of this was as Mr Bodas says that in later life he never lacked money as it came to him abundantly There were also secondary meanings of Dakshina in many cases in which Baba did not want any pecuniary amount To quote two instances Baba asked Rs as Dakshina from Pro G G Narke who replied that he did not have even a pie Then Baba said I know you have no money but you are reading Yoga Vashistha Give Me Dakshina from that Giving Dakshina in this case meant Deriving lessons from the book and lodging them in the heart where Baba resides In the second case Baba asked a certain lady Mrs R A Tarkhad to give Rs as Dakshina The lady felt pained as she had nothing to give Then her husband explained to her that Baba wanted six inner enemies lust anger avarice etc to be surrendered to Him Baba agreed with this explanation It is to be noted that though Baba collected a lot of money by Dakshina He would distribute the whole amount the same day and the next morning He would become a poor Fakir as usual When Baba took His Mahasamadhi after receiving thousands and thousands of Rupees as Dakshina for about ten years He had only a few Rupees in His possession In short Baba s main object in taking Dakshina from His devotees was to

teach them the lessons of Renunciation and Purification Post script Mr B V Deo of Thana retired Mamlatdar and a great devotee of Baba has written an article on this subject Dakshina in Shri Sai Leela magazine Vol VII P in which he says amongst other things as follows Baba did not ask Dakshina from all If some gave Dakshina without being asked He sometimes accepted it and at other times He refused it He asked it from certain devotees only He never demanded it from those devotees who thought in their minds that Baba should ask them for it and then they should pay it If anybody offered it against His wish He never touched it and if he kept it there He asked him to take it away He asked for small or big amounts from devotees according to their wish devotion and convenience He asked it even from women and children He never asked all the rich for it nor from all the poor Baba never got angry with those from whom He asked Dakshina and who did not give it If any Dakshina was sent through some friend who forgot to hand over the same to Baba He reminded him somehow of it and made him pay it On some occasions Baba used to return some sum from the amount tendered as Dakshina and ask the donor to guard it or keep it in his shrine for worship This procedure benefited the donor or devotee immensely If anybody offered more than he originally intended to give He returned the extra amount Sometimes He asked more Dakshina from some than what they originally intended to give and if they had no money asked them to get or borrow from others From some He demanded Dakshina three or four times a day Out of the amount collected as Dakshina Baba spent very little for His own sake viz for buying Chilim clay pipe and fuel for His Dhuni sacred fire and all the rest He distributed as charity in varying proportions to various persons All the paraphernalia of the Shirdi Sansthan was brought by various rich devotees at the instance and suggestion of Radha Krishna Mai Baba always used to get wild and scolded those who brought costly and rich articles He said to Mr Nanasaheb Chandorkar that all His property consisted of one koupin codpiece one stray piece of cloth one Kafni and a tumrel tinpot and that all the people troubled Him by bringing all these unnecessary useless and costly articles Woman and wealth are the two main obstacles in the way of our Pramatha spiritual life and Baba and provided in Shirdi two institutions viz Dakshina and Radha Krishna Mai Whenever they came to Him He demanded

Dakshina from them and asked them to go to the SCHOOL Radha Krishna Mai s house If they stood these two tests well i e if they showed that they were free from attachment for woman and wealth their progress in spirituality was rapid and assured by Baba s grace and blessings Mr Deo has also quoted passages from the Gita and Upanishads and shown that charity given in a holy place and to a holy personage conduces to the donors welfare to a great degree What is more holy than Shirdi and its Presiding Deity Sai Baba Bow to Shri Sai Peace be to all

Sai Satcharitra Chapter And Chapter font How Hemadpant was Accepted and Blessed Stories of Mr Sathe and Mrs Deshmukh Encouraging Good Thoughts to Fruition Variety in Upadesh Teachings Readings Slander and Remuneration for Labour In the last two Chapters Hemadpant described how a rich gentleman aspiring for quick Brahma Jnana was treated by Baba and now in these two Chapters he describes how Hemadpant himself was accepted and blessed by Baba how Baba encouraged good thoughts and fructified them and gives His teachings regarding Self improvement

slander and remuneration for labour Preliminary It is a well known fact that the Sadguru looks first to the qualifications of his disciples and then gives them suitable instructions without unsettling their minds in the least and leads them on towards the goal of self realization In this respect some say that what the Sadguru teaches or instructs should not be divulged to others They think that their instructions become useless if they are published This view is not correct The Sadguru is like a monsoon cloud He pours down profusely i e scatters widely his nectar like teachings These we should enjoy and assimilate to our heart s content and then serve others with them without any reserve This rule should apply not only to what he teaches in our waking state but to the visions he gives us in our dreams To quote an instance Budhakowshik Rishi composed his celebrated Ram raksha stotra which he had seen in his dream Like a loving mother forcing bitter but wholesome medicines down the throats of her children for the sake of their health Sai Baba imparted spiritual instructions to His devotees His method was not veiled or secret but quite open The devotees who followed His instructions got their object Sad gurus like Sai Baba open our eyes of the intellect and show us the divine beauties of the Self and fulfill our tender longings of devotion When this is done our desire for sense objects vanishes twin fruits of Viveka discrimination and Vairagya dispassion or non attachment come to our hands and knowledge sprouts up even in the sleep All this we get when we come in contact with Saints Sad guru serve them and secure their love The Lord who fulfills the desires of His devotees comes to our aid removes our troubles and sufferings and makes us happy This progress or development is entirely due to the help of the Sadguru who is regarded as the Lord Himself Therefore we should always be after the Sad guru hear His stories fall at His Feet and serve Him Now we come to our main story Mr Sathe There was a gentleman named Mr Sathe who had attained some publicity many year ago during Crowford Regime which was put down by Lord Reay the then Governor of Bombay He suffered servere losses in trade Other adverse circumstances gave him much trouble and made him sad and dejected Being restless he thought of leaving home and going out to a distant place Man does not generally think of God but when difficulties and calamities overtake him he turns to Him and prays for relief If his evil actions have come to an end

God arranges his meeting with a Saint who gives him proper directions regarding his welfare Mr Sathe had similar experience His friends advised him to go to Shirdi where so many people were flocking to get Sai Baba s darshan for getting peace of mind and the satisfaction of their wants He liked the idea and at once came to Shirdi in Seeing Baba s Form which was like Eternal Brahma Self luminous Spotless and Pure his mind lost its restlessness and became calm and composed He thought that it was the accumulation of merits in his former births that brought him to the Holy Feet of Baba He was a man of strong will He at once started to make a parayana study of Guru charitra When the reading was finished in the saptaha seven days Baba gave him a vision that night It was to this effect Baba with Guru charitra in His hand was explaining its contents to Mr Sathe who was sitting in front and listening carefully When he woke up he remembered the dream and felt very happy He thought that it was extremely kind of Baba Who awakens souls like his that are snoring in ignorance and makes them taste the nectar of Guru charitra Next day he informed Kakasaheb Dixit of this vision and requested him to consult Sai Baba regarding its meaning or significance whether one saptah week s reading was sufficient or whether he should begin again Kakasaheb Dixit when got a suitable opportunity asked Baba Deva Oh God what did you suggest to Mr Sathe by this vision Whether he should stop or continue the saptaha He is a simple devotee his desire should be fulfilled and the vision explained to him and he should be blessed Then Baba replied He should make one more saptah of the book if the work be studied carefully the devotee will become pure and will be benefited the Lord will be pleased and will rescue him from the bondage of the mundane existence At this time Hemadpant was present there He was shampooing Baba s Legs When he heard Baba s words he thought in his mind as follows What Mr Sathe read for a week only and got a reward and I am reading it for forty years with no result His seven days stay here becomes fruitful while my seven years stay to me goes for nothing Like a Chatak bird I am ever waiting for the Merciful Cloud Baba to pour its nectar on me and bless me with His instructions No sooner did this thought cross his mind Baba knew it then and there It was the experience of the Bhaktas that Baba read and understood all their thoughts and that He suppressed the evil thoughts and encouraged the good ones Reading

Hemadpant's mind Baba at once asked him to get up go to Shama Madhavrao Deshpande get from him Rs as Dakshina sit and chitchat with him for a while and then return Mercy dawned in Baba's mind and so he issued this order And who could disobey Baba's order Hemadpant immediately left the Masjid and came to Shama's house He had just bathed and was wearing a dhotar He came out and asked Hemadpant How is it that you are here now It seems that you have come from the Masjid Why do you look restless and dejected Why are you alone Please sit and rest while I shall just do my worship and return in the meanwhile you please take pan vida leaves and betel nuts etc let us then have a pleasant chat After saying this he went inside and Hemadpant sat alone in the front varandah He saw in the window a wellknown Marathi book named Nath Bhagwat This is a commentary by the Saint Ekanath on the eleventh Skandha chapter of the bigger Sanskrit work the Bhagwat At the suggestion or recommendation of Sai Baba Messrs Bapusaheb Jog and Kakasaheb Dixit read daily in Shirdi BhagwadGeeta with its Marathi commentary named Bhawartha Deepika or Jnaneshwari A dialogue between Krishna and His friend devotee Arjuna and Nath Bhagwat A dialogue between Krishna and His servant devotee Uddhava and also Ekanath's other big work viz Bhawartha Ramayana When devotees came to Baba and asked Him certain questions He sometimes answered them in part and asked them to go and listen to the readings of the above mentioned works which are the main treatises of Bhagwat Dharma When the devotees went and listened they got full and satisfactory replies to their questions Hemadpant also used to read daily some portions of the book Nath Bhagwat That day he did not complete the daily portion of his reading but had left it unfinished in order to accompany certain devotees who were going to the Masjid When he took up the book from Shama's window and casually opened it he found to his surprise that the unfinished portion turned up He thought that Baba sent him very kindly to Shama's house for enabling him to complete his daily reading So he went through the unfinished portion and completed it As soon as this was over Shama after doing his worship came out and the following conversation took place between them Hemadpant I have come with a message from Baba He has asked me to return with Rs as Dakshina from you also to sit with you for a while and have a pleasant

chitchat and then return to the Masjid with you Shama with surprise I have no money to give Take my Namaskaras bows in lieu of rupees as Dakshina to Baba Hemadpant Alright your Namaskaras are accepted Now let us have some chitchat tell me some stories and Leelas of Baba which will destroy our sins Shama Then sit here for a while Wonderful is the sport Leela of this God Baba You know it already I am a village rustic while you are an enlightened citizen You have seen some more Leelas since your coming here How should I describe them before you Well take these leaves betel nut and chunam and eat the pan vida while I go in dress myself and come out In a few minutes Shama come out and sat talking with Hemadpant He said The Leela of this God Baba is inscrutable there is no end to His Leelas Who can see them He plays or sports with His Leelas still He is outside of unaffected by them What do we rustics know Why does not Baba Himself tell stories Why does He send learned men like you to fools like me His ways are inconceivable I can only say that they are not human With this preface Shama added I now remember a story which I shall relate to you I know it personally As a devotee is resolute and determined so is Baba s immediate response Sometimes Baba puts the devotees to sereve test and then gives them Upadesh instructions As soon as Hemadpant heard the word Upadesh a flash of lightning crossed through his mind He at once remembered the story of Mr Sathe s Guru charitra reading and thought that Baba might have sent him to Shama in order to give peace to his restless mind However he curbed this feeling and began to listen to Shama s stories They all showed how kind and affectionate Baba was to His devotees Hemadpant began to feel a sort of joy while hearing them Then Shama began to tell the following story Mrs Radhabai Deshmukh There was an old woman by name Radhabai She was the mother of one Khashaba Deshmukh Hearing Baba s fame she came to Shirdi with the people of Sangamner She took Baba s darshan and was much satisfied She loved Baba intimately and resolved in her mind that She should accept Baba as her Guru and take some Upadesh from Him She knew nothing else She determined to fast herself unto death so long as Baba did not accept her and give her any Upadesh or Mantra She stayed in her lodging and left off taking any food or water for three days I was frightened by this ordeal of the old woman and interceded with Baba on her

behalf I said Deva what is this You have started You drag so many persons here You know that old lady She is very obstinate and depends on You entirely She has resolved to fast unto death if You don't accept and instruct her If any thing worse happens people will blame You and say that Baba did not instruct her and consequently she met her death So take some mercy on her bless her and instruct her On seeing her determination Baba sent for her changed the turn of her mind by addressing her as follows Oh mother why are you subjecting yourself to unnecessary tortures and hastening your death You are really My Mother and I am your child Take pity on Me and hear Me through I tell you My own story which if you listen carefully will do you good I had a Guru He was a great Saint and most merciful I served him long very long still he would not blow any Mantra into My ears I had a keen desire never to leave him but to stay with and serve him and at all costs receive some instructions from him But he had his own way He first got my head shaved and asked Me two pice as Dakshina I gave the same at once If you say that as My Guru was perfect why should he ask for money and how should he be called desireless I replied plainly that he never cared for coins What had he to do with them His two pice were Firm Faith and Patience or perseverance I gave these two pice or things to him and he was pleased I resorted to My Guru for years He brought Me up There was no dearth of food and clothing He was full of love nay he was love incarnate How can I describe it He loved Me most Rare is a Guru like him When I looked at him he seemed as if he was in deep meditation and then we both were filled with Bliss Night and day I gazed at him with no thought of hunger and thirst Without him I felt restless I had no other object to meditate nor any other thing than My Guru to attend He was My sole refuge My mind was always fixed on him This is one pice Dakshina Saburi Patience or perseverance is the other pice I waited patiently and very long on My Guru and served him This Saburi will ferry you across the sea of this mundane existence Saburi is manliness in man it removes all sins and afflictions gets rid of calamities in various ways and casts aside all fear and ultimately gives you success Saburi is the mine of virtues consort of good thought Nishtha Faith and Saburi Patience are like twin sisters loving each other very intimately My Guru never expected any other thing from Me He never neglected Me but protected

Me at all times I lived with him and was sometimes away from him still I never felt the want or absence of his love He always protected Me by his glance just as the tortoise feeds her young ones whether they are near her or away from her on the other side of the river bank by her loving looks Oh mother My Guru never taught Me any Mantra then how shall I blow any Mantra in your ears Just remember that Guru s tortoise like loving glance gives us happiness Do not try to get Mantra or Upadesh from anybody Make Me the sole object of your thoughts and actions and you will no doubt attain Paramartha the spiritual goal of life Look at Me whole heartedly and I in turn look at you similarly Sitting in this Masjid I speak the truth nothing but the truth No Sadhanas nor proficiency in the six Shastras are necessary Have faith and confidence in your Guru Believe fully that Guru is the sole Actor or Doer Blessed is he who knows the greatness of his Guru and thinks him to be Hari Hara and Brahma Trimurti Incarnate Instructed in this way the old lady was convinced she bowed to Baba and gave up her fast Hearing this story carefully and attentively and marking its significance and appropriateness Hemadpant was most agreeably surprised Seeing this wonderful Leela of Baba he was moved from top to toe he was overflowing with joy his throat was choked and he was not able to utter a single word Shama on seeing him in this condition asked him What is the matter with you why are you silent How many innumerable Leelas of Baba shall I describe Just at that time the bell in the Masjid began to ring proclaiming that the noon worship and Arati ceremony had begun Therefore Shama and Hemadpant hurried to the Masjid Bapusaheb Jog had just started the worship Women were up in the Masjid and men were standing below in the open courtyard and they were all loudly singing the Arati in chorus to the accompaniment of drums Shama went up pulling Hemadpant with him He sat to the right and Hemadpant in front of Baba On seeing them Baba asked Hemadpant to give the Dakshina brought from Shama He replied that Shama gave Namaskaras in lieu of Rupees and that he was there in person Baba said Alright now let Me know whether you both had a chitchat and if so tell Me all that you talked about Not minding the sounds of the bell the drum and the chorus songs Hemadpant was eager to tell what they had talked and started to narrate it Baba was also anxious to hear and so He left the bolster and leaned forward

Hemadpant said all that they talked about was very pleasant and that specially the story of the old lady was most wonderful and that on hearing it he thought that His Leela was inexplicable and under the guise of that story He really blessed him Baba then said Wonderful is the story How were you blessed I would like to know everything in detail from you so tell Me all about it Then Hemadpant related in full the story which he had heard a little while before and which had made a lasting impression on his mind Hearing this Baba was much pleased and asked him Did the story strike you and did you catch its significance He replied Yes Baba the restlessness of my mind has vanished and I have got true peace and rest and come to know the true path Then Baba spoke as follows My method is quite unique Remember well this one story and it will be very useful To get the knowledge realization of the Self Dhyana meditation is necessary If you practice it continuously the Vrittis thoughts will be pacified Being quite desireless you should meditate on the Lord Who is in all the creatures and when the mind is concentrated the goal will be achieved Meditate always on My formless nature which is knowledge incarnate consciousness and bliss If you cannot do this meditate on My Form from top to toe as you see here night and day As you go on doing this your Vrittis will concentrate on one point and the distinction between the Dhyata meditator Dhyana act of meditation Dhyeya this meditated upon will be lost and the meditator will be one with the Consciousness and be merged in the Brahman The mother tortoise is on one bank of the river and her young ones are on the other side She gives neither milk nor warmth to them Her mere glance gives them nutrition The young ones do nothing but remember meditate upon their mother The tortoise glance is to the young ones a down pour of nectar the only source of sustenance and happiness Similar is the relation between the Guru and disciples When Baba uttered these last words the chorus of the Arati songs stopped and all cried out loudly in one voice Victory be to our Sadguru Sai Maharaj Who is Existence Knowledge and Bliss Dear readers let us imagine that we are at this time standing amongst the crowd in the Masjid and let us join them in this Jayajayakar After the Arati ceremony was over Prasad was distributed Bapusaheb Jog advanced as usual and after saluting Baba gave into His hand a handful of sugar candy Baba pushed all this quantity into

the hands of Hemadpant and said to him If you take this story to heart and remember it well your state will be sweet as the sugar candy all your desires will be fulfilled and you will be happy Hemadpant bowed before Baba and implored Do favour me like this bless and protect me always Baba replied Hear this story meditate on it and assimilate its spirit Then you will always remember and meditate on the Lord Who will manifest Himself to you Dear readers Hemadpant got Prasad of sugar candy then and we now get the Prasad of sugar candy or nectar of this story Let us drink it to our heart's content meditate on it and assimilate it and be strong and happy by Baba's grace Amen Towards the end of the 10th Chapter Hemadpant had dealt with some other matters which are given below Baba's Advice Regarding our Behaviour The following words of Baba are general and invaluable If they are kept in mind and acted upon they will always do you good Unless there is some relationship or connection nobody goes anywhere If any men or creatures come to you do not discourteously drive them away but receive them well and treat them with due respect Shri Hari God will be certainly pleased if you give water to the thirsty bread to the hungry clothes to the naked and your verandah to strangers for sitting and resting If anybody wants any money from you and you are not inclined to give do not give but do not bark at him like a dog Let anybody speak hundreds of things against you do not resent by giving any bitter reply If you always tolerate such things you will certainly be happy Let the world go topsy turvy you remain where you are Standing or staying in your own place look on calmly at the show of all things passing before you Demolish the wall of difference that separates you from Me and then the road for our meeting will be clear and open The sense of differentiation as I and thou is the barrier that keeps away the disciple from his Master and unless that is destroyed the state of union or atonement is not possible Allah Malik i.e. God is the sole Proprietor nobody else is our Protector His method of work is extraordinary invaluable and inscrutable His will will be done and He will show us the way and satisfy our heart's desires It is on account of Rinaubandh's former relationship that we have come together let us love and serve each other and be happy He who attains the supreme goal of life is immortal and happy all others merely exist i.e. live so long as they breathe Encouraging Good Thoughts of Fruition It is interesting to note

how Sai Baba encouraged good thoughts You have to surrender yourself completely to Him with love and devotion and then you will see how He helps you off and on in so many things Some Saint has said that when you get a good thought immediately after awakening from sleep and if you develop the same afterwards during the day your intellect will be unfolded and your mind will attain calmness Hemadpant wanted to try this On one Wednesday night before going to bed he thought To morrow is Thursday an auspicious day and the place viz Shirdi is so holy so let me pass the whole day in remembering and chanting the Rama nama and then he slept Next morning when he got up he remembered without any effort the name of Rama and was much pleased He then after finishing his morning duties went to see Baba with flowers When he left Dixit s Wada and was just passing Booty s Wada present Samadhi mandir he heard a beautiful song that was being sung nicely by one Aurangabadkar in the Masjid before Baba The song was Guru kripanjan payo mere bhai etc by Ekanath in which he says that he got collyrium in the form of Guru s grace which opened his vision and made him see Rama in and out in sleep dream and waking state and everywhere There were so many songs and why was this song particularly chosen by Aurangabadkar a devotee of Baba Is this not a curious coincidence arranged by Baba to feed the determination of Hemadpant to sing unceasingly Rama nama during the day All Saints agree on and lay stress upon the efficacy of uttering Rama s God s name in fulfilling the ambitions of the Bhaktas and in protecting and saving them from all calamities Variety in Upadesh Slanderer Condemned Sai Baba required no special place nor any special time for giving instructions Whenever any occasion demanded He gave them freely Once it so happened that a Bhakta of Baba reviled another behind his back before other people On leaving aside merits he dwelt on the faults of his brother and spoke so sarcastically that the hearers were disgusted Generally we see that people have a tendency to scandalize others unnecessarily and this brings on hatred and ill will Saints see scandal in another light They say that there are various ways of cleansing or removing dirt viz by means of earth water and soap etc but a scandal monger has got a way of his own He removes the dirt faults of others by his tongue so in a way of obliges the person whom he reviles and for this he is to be thanked Sai Baba had his own

method of correcting the scandal monger He knew by his omniscience what the slanderer had done and when He met him at noon near the Lendi Baba pointed out to him a pig that was eating filth near the fence and said to him Behold how with what relish it is gorging dung Your conduct is similar You go on reviling your own brethren to your heart s content After performing many deeds of merit you are born a man and if you act like this will Shirdi help you in any way Needless to say that the Bhakta took the lesson to his heart and went away In this way Baba went on giving instructions whenever necessary If these are borne in our minds and acted upon the spiritual goal realization is not far off There is a proverb which says If there be my Hari Lord He will feed me on my cot This proverb is only true in respect of food and clothing but if anyone trusting in this sits quiet and does nothing in spiritual matters he will be ruined One has to exert himself to his utmost for attaining self realization The more he endeavours the better for him Baba said that He was omnipresent occupying land air country world light and heaven and that He was not limited To remove the misunderstanding of those who thought that Baba was only His body three cubits and a half in length He incarnated Himself in this form and if any devotee meditated on Him day and night with complete self surrender he experienced complete union without any difference with Him like sweetness and sugar waves and sea eye and its luster He who wants to get rid of the cycle of births and deaths should lead a righteous life with his mind calm and composed He should always engage himself in good actions should do his duties and surrender himself heart and soul to Him He need not then be afraid of anything He who trusts Him entirely hears and expounds His Leelas and does not think of anything else is sure to attain Self realization Baba asked many to remember His name and to surrender to Him but to those who wanted to know who they were Who am I enquiry He advised Shravanam study and Mananam meditation To some He advised remembering God s name to others hearing His Leelas to some worship of His Feet to others reading and studying Adhyatma Ramayan Jnaneshwari and other sacred scriptures Some He made sit near His Feet some He sent to Khandoba s temple and some He advised the repetition of the thousands names of Vishnu and some the study of Chhandogya Upanishad and Geeta There were no limit nor restriction to His

instructions To some He gave them in person To others by visions in dreams To one addicted to drink He appeared in his dream sat on his chest pressed it and left him after he gave a promise not to touch liquor anymore To some He explained some Mantras like Gurur Brahma in dreams To some devotee who was practising Hath Yoga He sent word that he should leave off Hath Yoga practices sit quiet and wait Saburi It is impossible to describe all His ways and methods In ordinary wordly dealings He set examples by His actions one of which is given below Remuneration for Labour One day at noon Baba came near Radha Krishna Mai s house and said Bring Me a ladder Some men brought it and set it against a house as directed by Baba He climbed up on the roof of Vaman Gondkar s house passed the roof of Radha Krishna Mai s house and then got down from the other corner What object Baba had none could know Radha Krishna Mai was at that time shivering with Malaria It may be to drive off that fever that He may have gone there Immediately after getting down Baba paid Rupees two to the persons who brought the ladder Somebody asked Baba why he paid so much for this He replied that nobody should take the labour of others in vain The worker should be paid his dues promptly and liberally Bow to Shri Sai Peace be to all

Sai Satcharitra Chapter Object of Writing the Work Incapacity and Boldness in the Undertaking Hot
Discussion Conferring Significant and Prophetic Title of Hemadpant Necessity of a Guru In the last
Chapter the author mentioned in the original Marathi book that he would state the reason that led
him to undertake the work and the persons qualified to read the same and such other points Now in
this chapter he starts to tell the same Object of Writing the Work In the first chapter I described Sai
Baba s miracle of checking and destroying the epidemic of Cholera by grinding wheat and throwing
the flour on the outskirts of the village I heard other miracles of Sai Baba to my great delight and this
delight burst forth into this poetic work I also thought that the description of these grand miracles of
Sai Baba would be interesting and instructive to His devotees and would remove their sins and so I
began to write the sacred life and teachings of Sai Baba The life of the saint is neither logical nor
dialectical It shows us the true and great path Incapacity and Boldness in Undertaking the Work
Hemadpant thought that he was not a fit person to undertake the work He said I do not know the life
of my intimate friend nor do I know my own mind then how can I write the life of a saint or describe
the nature of Incarnations which even the Vedas were unable to do One must be a saint himself
before he could know other saints then how can I describe their glory To write the life of a saint is
the most difficult though one may as well measure the depth of the water of the seven seas or
enclose the sky with cloth trappings I knew that this was the most venturous undertaking which
might expose me to ridicule I therefore invoked Sai Baba s grace The premier poet saint of
Maharashtra Shri Jnaneshwar Maharaj has stated that the Lord loves those who write the lives of
saints and the saints also have a peculiar method of their own of getting the service which the
devotees long for successfully accomplished The saints inspire the work the devotee becomes only
an indirect cause or instrument to achieve the end For instance in Shaka year the poet Mahipati
aspired to write the lives of saints Saints inspired him and got the work done so also in Shaka year

Das Ganu's service was accepted. The former wrote works Bhakta Vijaya, Santa Vijaya, Bhakta Leelamrit and Santa Kathamrit while the latter wrote two Bhakta Leelamrit and Santa Kathamrit in which the lives of modern Saints were described. In chapters of Bhakta Leelamrit and in chapter of Santa Kathamrit the sweet life and teachings of Sai Baba are very well depicted. These have been separately published in Sai Leela Magazine Nos. and Vol. the readers are advised to read these chapters. So also Sai Baba's wonderful Leelas are described in a small decent book named Shri Sainath Bhajana Mala by Mrs. Savitribai Raghunath Tendulkar of Bandra. Das Ganu Maharaj also has composed various sweet poems on Sai Baba. A devotee named Amidas Bhavani Mehta has also published some stories of Sri Baba in Gujarathi. Some Nos. of Sainath Prabha, a magazine published by Dakshina Bhiksha Sanstha of Shirdi are also published. Then the question of objection comes in that while so many works regarding Sai Baba are extant, why should this Satcharita be written? And where is its necessity? The answer is plain and simple. The life of Sai Baba is as wide and deep as the infinite ocean and all can dive deep into the same and take out precious gems of knowledge and Bhakti and distribute them to the aspiring public. The stories, parables and teachings of Sai Baba are very wonderful. They will give peace and happiness to the people who are afflicted with sorrows and heavily loaded with miseries of this worldly existence and also bestow knowledge and wisdom both in the worldly and in spiritual domains. If these teachings of Sai Baba which are as interesting and instructive as the Vedic lore are listened to and meditated upon, the devotees will get what they long for, viz. union with Brahman, mastery in eight fold Yoga, Bliss of meditation etc. So I thought that I should call these stories together that would be my best Upasana. This collection would be most delightful to those simple souls whose eyes were not blessed with Sai Baba's darshana. So I set about collecting Sai Baba's teachings and expressions, the outcome of His boundless and natural self-realization. It was Sai Baba who inspired me in this matter. In fact I surrendered my ego at His feet and thought that my path was clear and that He would make me quite happy here and in the next world. I could not myself ask Sai Baba to give me permission for this work, so I requested Mr. Madhavrao Deshpande, alias Shama Baba's most intimate devotee, to

Speak to Him for me. He pleaded for my cause and said to Sai Baba, "This Annasaheb wishes to write your biography. Don't say that you are a poor begging Fakir and there is no necessity to write it, but if you agree and help him, he will write, or rather, your feet grace will accomplish the work. Without your consent and blessing, nothing can be done successfully." When Sai Baba heard this request, He was moved and blessed me by giving me His Udi sacred ashes and placing His boon bestowing hand on my head, said, "Let him make a collection of stories and experiences, keep notes and memos. I will help him. He is only an outward instrument. I should write myself my autobiography and satisfy the wishes of my devotees. He should get rid of his ego, place or surrender it at My feet. He who acts like this in life, I help the most. What of My life stories, I serve him in his house in all possible ways. When his ego is completely annihilated and there is left no trace of it, I myself shall enter into him and shall myself write My own life. Hearing my stories and teachings will create faith in devotees' hearts and they will easily get self-realization and Bliss. Let there be no insistence on establishing one's own view, no attempt to refute other's opinions, no discussions of pros and cons of any subject. The word discussion put me in mind of my promise to explain the story of my getting the title of Hemadpant and now I begin to relate the same. I was on close friendly terms with Kakasaheb Dixit and Nanasaheb Chandorkar. They pressed me to go to Shirdi and have Baba's darshana and I promised them to do so. But something in the interval turned up which prevented me from going to Shirdi. The son of a friend of mine at Lonavala fell ill. My friend tried all possible means, physical and spiritual, but the fever would not abate. At length he got his Guru to sit by the bedside of his son, but this too was of no avail. Hearing this, I thought, what was the utility of the Guru if he could not save my friend's son? If the Guru can't do anything for us, why should I go to Shirdi at all? Thinking in this way, I postponed my Shirdi trip, but the inevitable must happen and it happened in my case as follows. Mr. Nanasaheb Chandorkar, who was a Prant Officer, was going on tour to Bassein. From Thana, he came to Dadar and was waiting for a train bound for Bassein. In the meanwhile, a Bandra Local turned up. He sat in it and came to Bandra and sent for me and took me to task for putting off my Shirdi trip. Nana's argument for my Shirdi trip was convincing and delightful and so I decided to start

for Shirdi the same night I packed up my luggage and started for Shirdi I planned to go to Dadar and there to catch the train for Manmad and so I booked myself for Dadar and sat in the train While the train was to start a Mahomedan came hastily to my compartment and seeing all my paraphernalia asked me where I was bound I told him my plan He then suggested that I should go straight to Boribunder and not get down at Dadar for the Manmad Mail did not get down at Dadar at all If this little miracle or Leela had not happened I would not have reached Shirdi next day as settled and many doubts would have assailed me But that was not to be As fortune favoured me I reached Shirdi the next day before or A M Mr Bhausahab Kaka Dixit was waiting for me there This was in A D when there was only one place viz Sathe s Wada for lodging pilgrim devotees After alighting from the Tonga I was anxious to have darshana when the great devotee Tatyasaheb Noolkar returned from the Masjid and said that Sai Baba was at the corner of the Wada and that I should first get the preliminary darshana and then after bath see Him at leisure Hearing this I ran and prostrated before Baba and then my joy knew no bounds I found more than what Nana Chandorkar had told me All my senses were satisfied and I forgot thirst and hunger The moment I touched Sai Baba s feet I began a new lease of life I felt myself much obliged to those who spurred and helped me to get the darshana and I considered them as my real relatives and I cannot repay their debt I only remember them and prostrate mentally before them The peculiarity of Sai Baba s darshana as I found it is that by His darshana our thoughts are changed the force of previous actions is abated and gradually non attachment of dispassion towards worldly objects grows up It is by the merit of actions in many past births that such darshana is got and if only you see Sai Baba really all the world becomes or assumes the form of Sai Baba

Hot Discussion

On the first day of my arrival in Shirdi there was a discussion between me and Balasaheb Bhate regarding the necessity of a Guru I contended Why should we lose our freedom and submit to others When we have to do our duty why a Guru is necessary One must try his best and save himself What can the Guru do to a man who does nothing but sleeps indolently Thus I pleaded freewill while Mr Bhate took up the other side viz Destiny and said Whatever is bound to happen must happen even great men have failed man

proposes one way but God disposes the other contrary way Brush aside your cleverness pride or egoism won't help you This discussion with all its pros and cons went on for an hour or so and as usual no decision was arrived at We had to stop the discussion ultimately as we were exhausted The net result of this was that I lost my peace of mind and found that unless there is strong body consciousness and egoism there would be no discussion in other words it is egoism which breeds discussion Then when we went to the Masjid with others Baba asked Kakasaheb Dixit the following What was going on in the Sathe's Wada What was the discussion about and staring at me Baba further added What did this Hemadpant say Hearing these words I was much surprised The Masjid was at a considerable distance from Sathe's Wada where I was staying and where the discussion was going on How could Baba know our discussion unless He be omniscient and Inner Ruler of us all Significant and Prophetic Title I began to think why Sai Baba should call me by the name Hemadpant This word is a corrupt form of Hemadripant This Hemadripant was a wellknown Minister of the kings Mahadev and Ramadev of Devgiri of the Yadav dynasty He was very learned good natured and the author of good works such as Chaturvarga Chintamani dealing with spiritual subjects and Rajprashasti He invented and started new methods of accounts and was the originator of the Modi Marathi Shorthand script But I was quite the opposite an ignoramus and have dull mediocre intellect So I could not understand why the name or title was conferred upon me but thinking seriously upon it I thought that the title was a dart to destroy my ego so that I should always remain meek and humble It was also a compliment paid to me for the cleverness in the discussion Looking to the future history we think that Baba's word calling Mr Dabholkar by the name Hemadpant was significant and prophetic as we find that he looked after the management of Sai Sansthan very intelligently kept nicely all the accounts and was also the author of such a good work Sai Satcharita which deals with such important and spiritual subjects as Jnana Bhakti and dispassion self surrender and self realization About the Necessity of a Guru Hemadpant has left no note no memo about what Baba said regarding this subject but Kakasaheb Dixit has published his notes regarding this matter Next day after Hemadpant's meeting with Sai Baba Kakasaheb went to

Baba and asked whether he should leave Shirdi Baba Said Yes Then someone asked Baba where to go Baba said High up Then the man said How is the way Baba said There are many ways leading there there is one way also from here Shirdi The way is difficult There are tigers and wolves in the jungles on the way I Kakasaheb asked But Baba what if we take a guide with us Baba answered Then there is no difficulty The guide will take you straight to your destination avoiding wolves tigers and ditches etc on the way If there be no guide there is the danger of your being lost in the jungles or falling into ditches Mr Dabholkar was present on this occasion and he thought that this was the answer Baba gave to the question whether Guru was a necessity Vide Sai Leela Vol I No Page and he thereupon took the hint that no discussion of the problem whether man is free or bound is of any use in spiritual matters but that on the contrary real Paramartha is possible only as the result of the teachings of the Guru as is illustrated in this chapter of the original work in the instances of great Avatars like Rama and Krishna who had to submit themselves to their Gurus Vasishtha and Sandipani respectively for getting self realization and that the only virtues necessary for such progress are faith and patience Vide Sai Satcharita Ch II Bow to Shri Sai Peace be to all
